### LATE AGAIN

Once again we are compelled to ask our readers' forbearance on account of being late. On account of moving, our newspaper press has been out of commission all this week until Saturday afternoon. With all the extra work incident to moving, and with eight pages of the Alliance Herald, four of the Lingle, Wyo., Herald and three of the Dalton, Neb. Herald to print, it has been a physical impossibility for us to print on time this week.

We think our readers generally will accept this explanation as a reasonable excuse for being tardy this time, except the Times editor, who has a record for using every circumstance possible to injure competitors. However we will try to be forgiving and should he ever be so unfortunate as to have a press out of commission on press day, we will gladly extend him the use of ours. In so doing we would not be showing any unusual generosity, as such courtesies are common among the newspaper fraternity. When The Herald learned of the fire that destroyed the plant of the Marsland Tribune last winter, we telegraphed an offer of the use of type and press until they could secure a new outfit, but one of the Crawford papers had learned of the fire first and beat us to it with a similar offer.

### THE CITY ELECTION

On account of moving the Herald office and plant, it has been almost impossible for us to get the paper out. We are compelled to fill our columns this once with stereotype plate matter and leave out an unusually large amount of news which we wish very much to publish. Some of these items, such as weddings, obituaries, etc., will be printed next week, which we think will be better than to omit them entirely. We wish also to make some explanations in regard to the city campaign which closed with the election on Tuesday of this week, but defer that until our next issue.

We give this week the result only of the election which was as follows: F. W. Harris, mayor; J. D. Emerick, clerk; Geo. J. Burke, treasurer; F. E. Hamblin, engineer; Gregory Zurn, police judge; J. H. Vaughn, councilman First ward; John R. Snyder, councilman Second ward.

### DEATH OF FIREMAN MAHONEY

At Belmont last Saturday night occurred one of those terrible accidents that brings to the mind of every one the terrible danger a railroad man is in. Fireman Frank Mahoney had come down from Crawford on a helper. While waiting at Belmont Mahoney had gone across to the depot to get a jug of water. When going back to his engine he was struck by another helper that was backing up. A doctor was sent down from Crawford on No. 42 and he with Engineer Robbins brought him to the Alliance Hospital. His death occurred about 7:30 Sunday a. m. None of his relatives had time to reach here, but Father McNamara was with him till the last. The father, two sisters and a brother arrived Monday noon. A short funeral service was held at the Darling undertaking parlors Monday evening. The party left for Ulysses on No. 42 where he will be laid beside his mother. The services in Ulysses will be conducted by Father Murphy.

Frank James Mahoney was born in Lincoln, Neb., Nov. 29, 1885. Shortly after his birth the family moved to Ulysses. Here the mother died when Frank was only eight years old. A sister, Miss Mary Mahoney, was a mother to him. She said that Frank was always such a good boy and never caused them any worry or trouble. He leaves a father, Mr. B. Mahoney, now of Denver, Miss Mary Mahoney of Bellwood, Neb., a married sister, Mrs. N. Wiegardt of 339 Washington St., Denver, and three brothers, William, John and George of Ulysses, Nebr.

tended to all men and young men. Mr. Bailey will speak at the M. E. church Sunday evening.

### NEARLY \$4,000 WORTH PIANOS FOR ST. AGNES ACADEMY

Mr. W. M. Robinson of Omaha, manager of the Bennett Piano Company, is a frequent visitor to this part of the state on business and on account of his real estate interests in Box Butte county. As many of the Herald readers know, he began farming last year on his ranch northwest of Alliance, and made a success of it, too. He watches the progress of agricultural development in northwestern Nebraska with keen interest. He is in the city this week and has assisted Mrs. J. T. Wiker, manager of the Alliance store, in consummating what is probably the largest sale of pianos ever made in western Nebraska. St. Agnes Academy gave the order for about ten Kurtzman pianos, grands and uprights, in mahogany and French walnut, the price amounting to more than \$3,800. A special order for an Empire Grand for the reception room was given to be sent to the Kurtzman factory. The order includes, also, an organ for the chapel.

Mr. Robinson has had considerable experience in equipping educational institutions with musical instruments and gives it as his opinion that the musical department of St. Agnes Academy will be one of the best equipped in the west. He expressed himself as being delighted with the number and arrangement of music rooms in the Academy. With the equipment that has now been provided for and with a corps of competent teachers, which patrons can depend upon that they will have, St. Agnes will have a musical department that would be a credit to any educational institution in the state.

### RAILWAY NOTES AND PERSONALS

Motor car No. 52 with several of the officials went to Ashby Tuesday where there is a gang of about two hundred men laying steel.

Two work trains were started last Monday morning. Conductor Dick Kenner with the steam shovel went west. Conductor E. V. Cramer went east to distribute steel and ties.

Conductor Dan Hetrick who has been braking on the west end local was given a car and crew Monday.

Conductor Joe Andrews laid off several days the first of the week. Conductor R. J. Burke has been off several days. He reported for work Thursday morning.

Conductor Arthur Pickett went to Ravenna Saturday where Mrs. Pickett has been visiting for some time. They returned to Alliance Monday.

On Monday General Supt. Young and Special Agent Hoag went to Denver to attend the refrigerator car summer schedule school.

Early Sunday morning things were blocked at the round house by engine 1689 running into the turn table. It was necessary to send to Crawford for W. W. Johnson and the wrecker to pick the engine up.

Conductor W. W. Johnson and crew have been in Crawford four days clearing up the wreck there.

The main line was blocked, one end of the shed knocked down, and the road under the viaduct filled with cars as a result of a smash-up at Crawford about 10:30 last Thursday evening. Fifteen cars of train No. 46 were pulled into the siding and the brakes all clubbed up. After standing, the air leaked off and the cars ran back and struck the engines of No. 42 which had just pulled in and was taking coal and water. Fortunately no one was hurt. The way car on 46's string of cars was piled on top of 42's engine and was completely demolished. There was a fire in the way car and but for the heroic work of the train crew there would have been a serious blaze.

and yet sleepless Hiram Serantz, of Clay City, Ill., coughed and coughed. He was in the mountains on the advice of five doctors, who said he had consumption, but found no help in the climate, and started home. Hearing of Dr. King's New Discovery, he began to use it. "I believe it saved my life," he writes, "for it made a new man of me, so that I can now do good work again." For all lung diseases, coughs, colds, la grippe, asthma, croup, whooping cough, hay fever, hemorrhages, hoarseness or quinsy, it's the best known remedy. Price 50c and \$1.00. Trial bottle free. "LOOK OUT FOR THE CARS"

DO YOU know of anyone who is old enough to read, who has not seen that sign at a railroad crossing? If everyone has seen it at some time or other, then why doesn't the railroad let the sign rot away? Why does the railroad company continue to keep those signs at every crossing? Me-be you think, Mr. Merchant, "Most everybody knows my store, I don't have to advertise." Your store and your goods need more advertising than the railroads need do to warn people to "Look Out for the Cars." Nothing is ever completed in the advertising world. The Department Stores are a very good example—they are continually advertising—and they are continually doing a good business. If it pays to run a few ads found about Christmas time, it certainly will pay you to run advertisements about all the time. It's just business, that's all, to ADVERTISE in THIS PAPER
