WHITE LIES.

YES, I MAILED IT ON MY WAY TO THE OFFICE.

THE ONES WE HAVE TO TELL.

SURE THING!

You can pretty nearly ALWAYS tell by a man's work just what his ATTITUDE is toward female suffrage and the other doodads now troubling the men of feeling as well as the married men.

NO LETTERS ANSWERED.

ANSWERS.

No, May, we know of no absolutely sure way to obtain genuine antiques. Why not try a cold-storage warehouse?

Jerry: It's a safe bet that any surgeon who agrees to permit his patients to take home their own trimmings is at least an obliging, well-disposed man even if he may be a bum carver.

Harem Skout: Yes, two have appeared on 5th Ave. N.Y. but such was the awful effect upon the old gentlemen in the club windows the police now have orders to keep them in Harlem. Yes, they're coming O.K.

No, I do not know whether New York women can make up their minds as quickly as they can their faces.

Bobinsky: The only perfectly sure, reliable and safe, get-rich-quick scheme that I can absolutely certify to is to buy a taxi-cab and operate it in New York City. People there are eating in cheap restaurants in order to have the price of a taxi-cab.

Absecon: I can not back up your protest against John Pierpont buying such expensive pictures. Remember, John P. can get more money where that came from. Lemons are not fitting wedding gifts.

NO, I CAN'T INSURE YOU IF YOU WORK IN SUCH A POWDER MILL!

BUT THIS IS INSECT POWDER!

SOME REPARTEE.

When old Plenty Wash-In-The-Winter, an Unsuqog chief, was informed by a Boston woman that her ancestors came over on the Mayflower, he reparteeed with frapped sang froid.

Illinois Corn Grower Wins National Trophy

R. A. James, of Charlestown, Ill., has the proud distinction of having grown the best ear of corn in all the 3,125,712,600 bushels of last year's bumper crop. At the National Corn Show held last winter at Columbus, Ohio, this gentleman was awarded the W. K. Kellogg National Corn Trophy, donated in 1909 by W. K. Kellogg Toasted Corn Flake Co., of Battle Creek, Mich.

Thousands of ears of corn from all

The W. K. Kellogg National Corn Trophy

parts of the country and of all varieties were entered in the competition. The selection of the grand champion Sweepstakes and the award of the Kellogg trophy were made on general points of superiority.

The ear of corn grown by Mr.

R. A. James, Winner of W. K. Kellogg National Corn Trophy for 1910

James is of Reid's Yellow Dent variety. It is ten inches long, 7 1/2 inches in circumference, and has 20 rows of kernels, 6 to the inch in the row, average five-eighths of an inch in depth and five-sixteenths of an inch in width. It is indeed a very correct type of yellow dent corn.

Mr. James has given careful study

winner only by years of hard work and painstaking seed selection and careful breeding from season to season.

The trophy awarded to Mr. James was made by Tiffany, of New York, for Mr. W. K. Kellogg, at a cost of \$1,000. It is made of Sterling silver, bronze and enamel, and is a truly artistic creation. It stands 30 inches in height. Mr. Kellogg's interest in corn growing can be understood when it is stated that the Kellogg Toasted Corn Flake Co., of which he is president, has an output requiring 10,000 bushels of corn a day, raw product, for its manufacture. A peculiar feature is that while the Kellogg product is made exclusively from selected white corn, the Kellogg trophy has been won each time by a yellow corn exhibit. The trophy is offered for annual competition until won twice by the same grower.

HAVE YOUR ENVELOPES PRINTED

Every envelope sent through the United States mails should have a return card printed in the corner. Last year there were over 13,000,000 pieces of mail sent to the dead letter office in Washington. To open and sort this mail requires fifteen persons. From this mail last year there was taken \$65,000 in money, of which only \$40,000 could be returned to the owners. The money which could not be returned was turned over to the treasury department after every effort possible was made to discover the owners. The moral is, have a return card printed on your envelopes and they will not be lost in the mails.—Exchange.

A NEW ENTERPRISE

T. S. Jones, finding that his work as director of the Alliance band does not require all of his time, has launched a new enterprise in which The Herald wishes him success. As will be seen by consulting our advertising columns, he has opened an office at 117 1/2 Box Butte avenue, first door north of Nohe's restaurant, and has established the Alliance Employment Agency and Messenger Service. The room is small but will be large enough, and the location is a good one for the business. This agency will be a convenience for both employees and employers, and the messenger service will be appreciated by the business men and others who may have occasion to make use of it. We have found Mr. Jones reliable in business transactions and his customers can depend upon receiving the square deal from him.

D. 1910, in favor of F. M. Knight, Plaintiff, and The Alliance Building & Loan Association defendant and cross petitioner, against Everett H. Miller, Almeda Daffron Miller his wife and W. W. Norton as Defendants, for the sum of ONE HUNDRED EIGHTY-TWO and 40/100 DOLLARS, decreed a second lien in favor of said F. M. Knight and THIRTEEN HUNDRED TWENTY-EIGHT & 95/100 Dollars decreed a first lien in favor of The cross petitioner The Alliance Building & Loan Association, and costs taxed at \$21.10 and accruing costs, and directing that the premises therein described, to wit: Lot Eight (8) Block One (1) Town of Alliance, in Box Butte County, Nebraska, be appraised and sold as upon execution, to satisfy said sums of ONE HUNDRED EIGHTY-TWO & 40/100 Dollars and THIRTEEN HUNDRED TWENTY-EIGHT & 95/100 Dollars, and costs and accruing costs, I have caused the following described land to be appraised, to wit: The Lot Eight (8) Block One (1) Town of Alliance in Box Butte County, Nebraska.

And will offer the same to the highest bidder, for cash in hand, on the 22 day of May, A. D. 1911, in front of the west front door of the Court House in Alliance in said county, at the hour of 10 o'clock A. M., of said day, when and where due attendance will be given by the undersigned.

Dated April 19, 1911.
C. M. COX
Sheriff of said county.

CORRESPONDENCE

HOMESTEAD

J. W. Scott began plowing in February and has his small grain and potatoes all in and ready for the moisture when it does come. There's nothing slow about Walter.

Will Phillips of Canton was in our neighborhood last Friday with some nursery stock from the Arlington nursery. Some of the parties to whom he was trying to deliver this stock had written this nursery company three months ago that they could not take it and countermanding their order. Nevertheless their representative ignored their requests and saddled the trees off on Friend Phillips to deliver and leaving him to get his money for services rendered out of them, knowing they would probably not be delivered. It's this kind of business at the hands of the nursery representative that hurts their interests in any neighborhood.

Spoon and Ryan have just finished a will for J. H. Patterson, lately located on the Uncle Billy Burke place. Sunday School was resumed in the Homestead school house this month, with Mrs. Spoon as superintendent.

Neighbor Wallage has business among the people in this vicinity the past week. Mr. Wallage has returned to live on his homestead another 6 months, having been required by the Government to do so.

Ira Phillips was looking over A. D. Weir's bunch of cattle with a view to buying one last Thursday. Ira wants a good milch cow.

One of Mrs. Stagg's little girls has been quite sick with the measles. We often admire the pluck of her boy Harry, who has had to take upon his young shoulders the duties of father in looking after the farm and otherwise providing for the family. This boy sets a good example for us who are men, to follow in his energy and manner of attending to his duties.

We are fortunate in having in our neighborhood a splendid doctor—one of the best in this part of the country—late of Boulder (Colo.) Sanitarium. Dr. Hansen, who purchased the Garvey place, is kept very busy between his practice and his farming, besides giving much of two days to religious work, for he is not only a doctor above the ordinary, but is also a devout and consistent Christian—one who believes in living and exemplifying practical Christianity.

One of the little Cross boys broke his arm last week—trying to ride a calf. Which was the bigger fool, the calf or the boy? Well, we don't know, but boys will be boys and calves will be calves, and get the two of them together with nothing else to do and if the boy doesn't ride the calf it will be because the calf either butts or kicks the stuff out of him, or won't let him sit still long enough to ride. But we wish it were the pesky calf instead of the little fellow that had the broken arm in this case.

Speaking of broken arms, Clark Hickey's horse fell with him a week or so ago and Clark received a broken arm. He is doing nicely now.

Mrs. Garvey came out from Hemingford with her brother Ben Johnson a few days since to see their sister, Mrs. Thorp, who has been very feeble for a week past. Brown Clunch, son of Mrs. Thorp, was also with his mother, for a few days.

Ralla Shetler has rented the Cliff Hubbell place and will put in about 80 or 90 acres to crops this spring.

Sylvester Grant has been quite sick at the home of his brother-in-law Charlie Evans, near Marsland, for a couple of weeks. His mother went over to attend to him a few days ago.

The fact that a man lives close to you is no proof that he is a neighbor, in the better sense of the word.

Mr. Graham has recently moved out from his place near Hemingford, to the homestead relinquished by Mr. Hedgecock.

They do say that Dr. Hansen is an expert at sowing oats broad-cast. He can get 3 bushels or more an acre without difficulty. He's got Weir beat, for he can get only two or 2 1/2 bushels of rye to the acre.

Garfield Ball has his crop about all in, and is another man ready for the coming rains.

HUBBLE FLAT

Hurrah for school days again.

Mr. and Mrs. W. B. Hubbles is on sick list.

Arthur Lore went to Alliance Friday on business.

Mrs. George Denton visited at C. Duerr's Sundays.

Joe Nerud Arthur Lore are building fence now days.

Therelin Chapman is home again after a few days' work in Alliance.

We have in the Flats such as ball games, parties instead of Sunday School on our Sabbath day. Where are our workers, especially our superintendent.

Easter party at John Chapman's was well attended Sunday. Mrs. Conrad and children, Andrey Dean, A. Cogar and family, C. Cogar and family, B. Cogar and family, Miss Cogar and friend Albert Wright all report a good time.

School begin in Lore District Monday after a long vac. Come parents get your children interested be anxious for them to start with book and booklet to receive more knowledge.

MIDNIGHT IN THE OZARKS

and yet sleepless Hiram Scranton, of Clay City, Ill., coughed and coughed. He was in the mountains on the advice of five doctors, who said he had consumption, but found no help in the climate, and started home. Hearing of Dr. King's New Discovery, he began to use it. "I believe it saved my life," he writes, "for it made a new man of me, so that I can now do good work again." For all lung diseases, coughs, colds, la grippe, asthma, croup, whooping cough, hay fever, hemorrhages, hoarseness or quinsy, it's the best known remedy. Price 50c and \$1.00. Trial bottle free.
