**THEY WANT
THE EARTH!**

From every point of the compass the Mail Order Octopus is reaching its myriad hands to grasp and grab and gobble the retail business of your own town. Nothing that is grabbable and gobbleable escapes the Mail Order clutch unless the people stand together against the Octopus.

The Mail Order people want the earth, and unless you refuse to trade with them and systematically patronize your home merchants and manufacturers they will get your part of the earth and you will have to get off it.

A word to the wise is a whole language.

CORRESPONDENCE

QUAKER VALLEY

April 28, 1911.

Fine weather we are having now. Everybody around here has their early garden made.

Albert Robinson and family have moved to alliance.

Roy Scott has a sick horse. He just bought him a few days ago.

James Jamison is suffering from the effects of having a nail run into his foot.

Roy Scott, Moody Krel, Dr. and Leo Haworth were visitors at Lakeside Wednesday. This has got to be quite a business place.

Next Sunday is Foreign Missionary day the world over. We hope that many may realize as never before that "the field is the world."

Mrs. Andrew Howe, of Milo, Ia., stopped off at Reno to visit relative and friends in Quaker Valley. She was on her way home from Montana where she had been visiting her son Lester.

The assessor was around this week and taxed every single thing you have except the clothes you wear. If the government keeps on building war vessels and increasing our taxes to pay for them, it will soon be as hard for the people of the United States as for those of England and Germany and other war taxed countries. "Let us have peace."

CURLY

April 28, 1911.

Mrs. C. W. Zimmerman is on the sick list at present.

Lee Smith went down near Scottsbluff last week to work.

Rolla Shetler will farm the Cliff Hubbell place this season.

Allyn Wood made a trip to Scottsbluff Monday for ranch supplies.

J. G. Hesseltine expects to bring his photo car to Curly this week for a three weeks' stay.

Farming is in full blast. Most small grains are sown and plowing for corn progressing finely.

E. L. Hawkins was up from his work at Alliance a few days this week for a visit with his family.

Clifford Whitaker is helping his grandpa with his farming while the latter is laid up with a broken toe.

G. O. Howard came up from the ditch Sunday where he has been engaged in putting in a crop of wheat.

A good soaking rain would be thoroughly appreciated, but at this time the indications point to a general spring rain.

Mr. E. W. Chandler is happy now-a-days. The occasion for this is the fact that he has quit the water wagon and now has a well and wind mill of his own.

Mr. J. A. Chase was called to Scottsbluff the last of the week on account of the serious illness of his daughter, Mrs. Bingham, who was confined in the hospital at that place.

Mr. Patterson is the name of the gentleman who purchased the relinquishment of Uncle Billy Burk, and is now living upon the homestead. We were very much pleased to have Mr. and Mrs. Patterson at Sunday school last Sunday.

The attendance at Sunday school is very gratifying. There were about 70 present last Sunday. They have decided to have a banner to be won by the class having the largest per cent of attendance. The school also decided to observe Children's Day, and an executive committee was appointed to look after the program, etc.

While Mrs. M. L. Whitaker was holding a team and while Mr. Whitaker had gone into the post office Sunday, the team became unmanageable and started to run. In trying to jump out she was thrown violently to the ground, sustaining very painful bruises about the hips. The team ran about a mile thoroughly demolishing the buggy.

SAVED CHILD FROM DEATH

"After our child had suffered from severe bronchial trouble for a year," wrote G. T. Richardson, of Richardson's Mills, Ala., "we feared it had consumption. It had a bad cough all the time. We tried many remedies without avail, and doctor's medicine seemed as useless. Finally we tried Dr. King's New Discovery, and are pleased to say that one bottle effected a complete cure, and our child is again strong and healthy." For coughs, colds, influenza, hoarseness, asthma, croup, and sore lungs, it's the most infallible remedy that's made. Price 50c and \$1.00. Trial bottle free. Guaranteed by F. J. Brennan.

**W. V. BEAL & SONS
CEMENT WORKS**

(SUCCESSORS TO JOHN PEDERSON)

All work guaranteed. We use the best river sand on all jobs. Estimates cheerfully furnished on any and all kinds of cement work. Mr. Pederson will continue to do the finishing, which in itself is a sufficient guarantee as to the quality. We will keep a large line of blocks and cement building materials on hand at the plant, just north of the Rowan elevator.
