### OMAHA LAND SHOW, OCT. 16-28

Great Preparations for Representing Nebraska with Agricultural Exhibits

The many thousands of Nebraskans who expect to attend the Omaha Land Show, October 16 to 28 inclusive, will have the pleasure of seeing their home state magnificently represented. Some of the best space in the big coliseum where the show will be conducted is being reserved for the Nebraska exhibits. There will be a special Nebraska State Day, and nothing will be left undone to show up the resources of the state to the best advantage.

The regents of the University of Nebraska have decided to assemble an exhibit designed to show the advantages and vast resources of the state. Besides this big general exhibit there will be a large number of individual county displays. Indications are that every section of Nebraska will be represented at the Land Show. Already a number of western counties are arranging for

space in the coliseum, and more will be heard from as soon as the individual communities know what to send for exhibition purposes.

The people from all over the west will be especially interested to know what Nebraska has to offer, and Box Butte and other counties of northwestern Nebraska should be well represented. Everybody interested in the development of this country ought to be willing to assist in making the necessary arrangements, and The Herald hopes to see some steps taken soon in that direction. As a starter we suggest that the real estate men take the initiative in the matter. Mr. W. O. Paisley, Omaha, is general manager of the Land Show.
