ESCAPED WITH HIS LIFE

"Twenty-one years ago I faced an awful death," writes H. E. Martin, Port Harrelson, S. C. "Doctors said I had consumption and the dreadful cough I had looked it, sure enough. I tried everything I could hear of, for my cough, and was under the treatment of the best doctor in Georgetown, S. C. for a year, but could get no relief. A friend advised me to try Dr. King's New Discovery. I did so and was completely cured. I feel that I owe my life to this great throat and lung cure." It's positively guaranteed for coughs, colds, and all bronchial affections. 50c and \$1.00 trial bottle free at F. J. Brennan's drug store.

Home Builders Are Recognized

In every community as men of integrity and stability. It's proof that they believe in themselves and future of their town. And every home that is erected in a community makes it just that much better place in which to live and invest your money. To most home-builders it means something to live for—a real object in life—an acquisition that once attained is a joy forever. That NOW IS A GOOD TIME TO BUILD goes without question—money is plentiful for legitimate investment—labor is within reach and our stock of lumber was never more complete. Remember—He who hesitates, etc.—better start today—come in and talk it over with us—may be our experience in the building line will make it easy for you.

Successful Celebration and Convention

Attendance not as Large as in Previous Years, but Program Good. Enjoyed by All

VISITING STOCKMEN AND SOUTH OMAHA BOOSTERS GET THE GLAD HAND

As we write these lines, the seventh annual meeting of the Nebraska Stock Growers Association is passing into history. The attendance has not been as large as that of some previous meetings, but we believe it has been a profitable one. The 4th of July celebration preceded the two days of the convention, and passed off nicely, and might be properly classed with the "safe and sane" celebrations that have been so popular this year. The weather on the 4th was quite warm, yesterday it was so windy as to make it disagreeable, but today the weather is ideal. The crowd assembled along Box Butte Avenue to view the parade. The Herald was not surprised that the attendance this year was not as large as it has been some other years, but we were surprised that a larger number did not participate in the parade. However what it lacked in number, it made up in quality. If the number participating had been as large as on some previous occasions, it might have been called one of the best, if not the best, 4th of July parades ever seen in this city. List of prizes awarded will be given in our next issue. The races at the park in the afternoon were pulled off as per the program published in The Herald. The attendance was fairly good, considering that an admission fee was charged, but not nearly as large as last year, when admission was free on the 4th. The inability of Governor Aldrich to be present and deliver the address last night was a great disappointment, but as his absence was unavoidable no censure can be attached to any one for it. The telegram published June 22nd in The Herald showed conclusively that it was the Governor's intention to be present, and the following from his private secretary, dated July 5th, shows clearly why he was not present: "I. E. Tash, Alliance, Nebr. The Governor is unable to leave his house. He is suffering from an attack of heat prostration. L. B. FULLER, Secretary."

In some respects, today is the big day of the convention, not in the number of people in town by any means, but in its bearing upon industries that the convention represents in northwestern Nebraska. The South Omaha boosters arrived yesterday in a special car attached to 43. They certainly are a fine lot of boosters, and are making their usual good impression. Next week The Herald will give a more complete account of the convention.

COMPELLED TO LAY OVER

We are absolutely compelled to lay over until next week a large amount of matter that we would like to have published in this issue of The Herald. With three of our printers members of the Alliance Symphony Orchestra leaving us part of the day to practice for this evening's entertainment, and with other delays incident to occasions of this kind, we find that it is absolutely impossible for us to publish all that we had intended to.

CANDIDATE FOR TREASURER

Glen Miller breaks the ice for the republican candidates for county offices this week by requesting us to announce his candidacy for the republican nomination for county treasurer. The Herald will say frankly that we believe he is qualified for the office and if elected will make an accommodating official. Our republican friends might do a great deal worse than nominate him.

UNIQUE WAY OF ADVERTISING

G. D. Kelly, cattle salesman for Thuet Bros. & Melady, made a great hit with ribbons on which were printed "Has Everybody Here Seen Kelly?" Hundreds of these badges were given out and soon everybody knew Kelly.

An Interesting Meeting

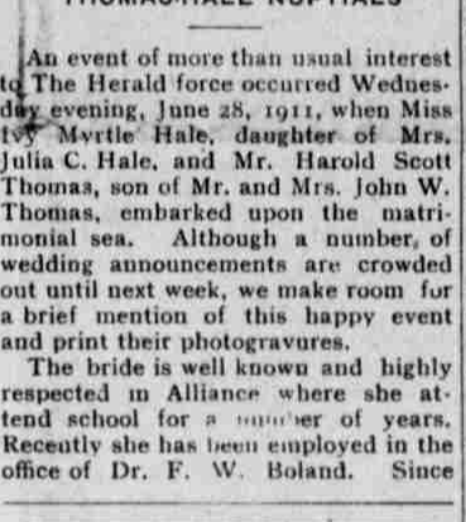

The last business session of The Nebraska Stock Growers Association was held this morning. First on the program was a speech by the Hon. Willis E. Reed of Madison, Nebraska, candidate for United States senator on the democratic ticket. Mr. Reed made a very interesting speech which will be reprinted in the next issue of The Herald. He was given close attention and his remarks received much applause. S. K. Warrick of Alliance made the second speech on the program, which will also be reproduced in the next issue of this paper. He went into the subject of the monetary situation in this country very fully and his speech showed deep research and study of the question. Flavel Wright of Scottsbluff is very popular with the stockmen on account of his manner and genial presence. His remarks on the subject of the most profitable breeds of horses brought forth much favorable comment.

The report of President Hampton showed the deep interest which the officers have given to the affairs of the Association, and the re-election of the same executive committee and officers showed the confidence placed in them. The report of the secretary-treasurer, Chas. C. Jameson, of Ellsworth, shows the financial condition of the Association to be in much better shape than a year ago and that the reserve fund on hand is much larger.

In the next issue of The Herald a review of the work done by the Association during the past year will be given, and the complete reports given, together with that of the brand inspector, which is very interesting.

THOMAS-HALE NUPTIALS

An event of more than usual interest to The Herald force occurred Wednesday evening, June 28, 1911, when Miss Myrtle Hale, daughter of Mrs. Julia C. Hale, and Mr. Harold Scott Thomas, son of Mr. and Mrs. John W. Thomas, embarked upon the matrimonial sea. Although a number of wedding announcements are crowded out until next week, we make room for a brief mention of this happy event and print their photographs. The bride is well known and highly respected in Alliance where she attended school for a number of years. Recently she has been employed in the office of Dr. F. W. Boland. Since

HAPPILY WEDDED

Last evening, July 5th, 1911, at the home of Mr. A. Renwald, a pretty wedding occurred. The happy couple were William Warner and Miss Minnie Palm, both of Harrison, Nebraska. Rev. F. McNeil of the Baptist church officiated. Mr. and Mrs. Warner will reside near Harrison. Miss Palm, sister of the bride, is attending normal here.

A new time card went into effect on the High Line Sunday. No. 141 now leaves Deadwood ten minutes earlier and goes clear through to Alliance instead of to Edgemont.

No. 141 on the High Line now takes supper at Custer instead of Hill City. This change was made on account of change in the time card.

MEN'S MEETING

One of the most interesting men's meetings that has ever been held was the one held at the First Presbyterian church last Sunday afternoon. As previously announced in The Herald, business men had been selected as speakers for the meeting. The three on the program were Messrs. S. K. Warrick, H. E. Carpenter and H. F. Pardey. Each of these gentlemen gave a short talk that was well received. The attendance was larger than usual, there being nearly forty men present. Next Sunday at three o'clock the Men's Meeting will be held at the same place, the subject being "Why a Man Should be a Christian", as a professional man sees it. The speakers will be Rev. A. L. Bundy, Alliance; Supt. G. E. Martin, Nebraska City; Supt. H. M. Garrett, Ashland.

JUNIOR NORMAL NOTES

The Alliance Junior Normal is progressing nicely. Students are doing

Engine No. 2133, an R. 5 and self stoker, passed through here last week on its way from Burlington, Iowa, to the Sheridan division. On a self stoker, all the fireman has to do is to shovel coal into a hopper. The firemen think that they will be a great improvement.

A Malley engine, in charge of Engineer Coal, went on the ground at Byrne Sunday. The wrecker had to be sent for from Alliance.

Conductor Tom Griffith has Kenner's car and crew. Mr. Kenner is off on account of sickness.

Mr. George Young, once a popular conductor here, came down from Marsland to spend the Fourth.

Business has been so good that two new crews, Cummings and Reeder were set up.

No local trains were run out of Alliance July 4th. The Company made an effort to have all the men possible at home to celebrate.
