

MUST FACE TRIAL

Mrs. Linda Hazzard Charged With Murder and Robbery.

RICH PATIENT FASTS TOO LONG

Miss Claire Williamson Dead and Jewelry Valued at \$6,000 Missing as Result of Woman's Ministrations. Wife of Former Lieutenant.

A warrant was issued at Seattle, Wash., for the arrest of Mrs. Linda Burfield Hazzard, known as "the starvation doctor," on an information charging murder in the first degree.

Mrs. Hazzard is accused of starving to death Miss Clara Williamson, a wealthy English woman. Several of Mrs. Hazzard's patients are said to have starved themselves to death.

Jewelry to the value of \$6,000 that Miss Williamson and her sister had is declared by C. E. Lucian Agassiz, British vice consul in Tacoma, and Frank H. Kelly, his attorney, to be unaccounted for. This jewelry the patients had in their apartments when Dr. Hazzard began to treat them, according to his sister. The woman declares she does not know where it is. She is the wife of Samuel Hazzard, said to be a former lieutenant in the United States army and a West Point graduate.

ALLEGED PLOT TO POISON

Missouri Couple Accused of Seeking Vengeance Against Children.

What county authorities believe to be a plot for the wholesale poisoning of children has been unearthed at Concord, in Calloway county, and as a result two men and a woman were arrested there by order of the prosecuting attorney and brought to Fulton to be arraigned.

The persons arrested are Lee Boyd, a farmer; his wife, Mrs. Anna Boyd, and Jefferson Woods, a horse dealer. The children whose lives were endangered belong to families whose members testified in a slander suit recently brought by Mrs. Boyd against Dr. W. B. Ellis, a physician of Concord. Mrs. Boyd asked \$15,000 damages, alleging that Dr. Ellis had defamed her character. The jury brought in a verdict for the defendant.

WHITE ON WITNESS STAND

Says All Lorimer Democrats and Some Republicans Were Bribed.

To his story of being bribed to vote for Lorimer, Charles A. White, former member of the Illinois legislature, added for the benefit of the senate Lorimer investigation committee that he believed every one of the fifty-three democrats who voted for Lorimer did so for a money consideration. He added that he thought some of the Republicans who voted for Lorimer got money for so doing.

White declined to mention the names of any Republicans he suspected "because it is just a matter of opinion and I do not want to do an injustice to anyone." He said he based his opinion about wholesale corruption on the fact that he was bribed and that others had confessed to the same thing.

THREE LINES ARE TIED UP

Only One Trolley Line in Brooklyn Is Running.

Three Coney Island trolley lines through Brooklyn, against which a strike was declared by 300 motormen and conductors, are tied up. Encouraged by partial success in tying up the traffic of the Coney Island and Brooklyn Railroad company, the striking carmen are planning to concentrate their energies on the only line remaining in operation.

During the rioting which marked the strike several persons were injured. Jose F. Ryan, secretary of the carmen's union, and several other persons, including one woman, are under arrest, being charged with disorderly conduct.

Bradstreet's Review of Trade.

Bradstreet's says: There is still considerable irregularity in trade conditions, due to cautiousness and fears of crop damage, but basic conditions and the advance of the year tend to work for a little further improvement. While merchants continue to feel their way, sentiment as to fall trade is improving slightly, and at some of the larger centers jobbers and wholesale dealers have done a rather better business with outside merchants, who are beginning to come to market.

Treaties Sent to Senate.

President Taft sent the arbitration treaties between the United States and Great Britain, and the United States and France, to the senate. Each treaty was accompanied by a formal message of transmittal. Chairman Cullom expressed hope that they might be ratified at this session of congress, but admitted some opposition had developed.

Italian Asks for Habeas Corpus.

Pellegrino Scaglia, arrested at St. Louis on a New York charge of complicity in the murder of Barthold Cardinali applied to the circuit court for a writ of habeas corpus. He alleged he is being detained illegally and asserts that he was not in New York at the time Cardinali was killed.

PROF. JOHN B. CLARK.

Who Is Presiding Over Peace Committee at Conference in Berns.

PEACE CONFERENCE OPENS

Americans Prominent at International Meeting in Berns.

The international peace conference is in session at Berns.

Among the delegates are Professor Paul S. Reinsch of the University of Wisconsin; Professor John Clark of Columbia university, who presided over the peace committee, and Dr. Nicholas Murray Butler, president of Columbia university, who has charge of the section on education.

ROOSEVELT ON STEEL CASE

Former President Tells of His Part in Big Merger.

Theodore Roosevelt stalked boldly before the house of representatives committee of inquiry into the United States Steel corporation in New York and voluntarily told how his action in consenting to the absorption of the Tennessee Coal and Iron company by the steel corporation in 1907 averted a disastrous panic.

The former chief executive's action in submitting to a congressional review of acts of his own administration was almost unprecedented in the history of the United States and was thoroughly Rooseveltian. First and foremost he placed upon himself responsibility for approving the absorption to save a perilous financial disaster in Wall street and condemned any man who would be so weak as not to act as he did in that crisis. Not to have done as he did, he said, would have been criminal.

Wool Conference Meets.

When conferees on the wool tariff bill met Senator La Follette and Representative Underwood were appointed a subcommittee to consider and report on the differences between the two houses. The motion for their appointment, made by Senator Bailey, was on the ground that they represent the extreme elements of the senate and house respectively.

Buffalo Bill Given a Loving Cup.

Buffalo Bill, who was born a few miles south of Clinton, Ia., was presented with a beautiful loving cup by citizens there on account of his last visit in the saddle in the city. Attorney William E. Hayes made the presentation speech.

Mutilated Body of Woman Found.

The mutilated body of an unidentified white woman was found in a small ravine in Norwood, a suburb of Cincinnati. The woman's head had been partly severed, apparently with an axe.

SUCCESSFUL BUSINESS MAN

Minutaire Free Press' Tribute to Leading Alliance Citizen

The Minutaire Free Press of last Friday published a photogravure of S. K. Warrick and the following well deserved tribute to him as a leading business man of western Nebraska, as well as honored citizen of Alliance:

We present this week a likeness of one of the successful business men of the North Platte Valley, who lives at Alliance and is prominently identified with the banking interests of Minutaire and several other towns besides carrying farming operations on an extensive scale in this vicinity, having a two thousand acre fenced pasture southwest of here between the Gering ditch and the Bluffs to the south, and 320 acres of alfalfa land four miles from town, from which there will be stacked by the end of this season over 1200 tons of rich nutritious alfalfa hay, the design being to ship out a few carloads of feeder cattle to eat up whatever there is on the big pasture, and finish out on the alfalfa stacks, the chief purpose of course being to make a little money, and also a very commendable intention to conduct the stock feeding on a strictly scientific and business basis, and be able to tell the valley farmers how to manage such enterprises with profitable results.

Besides being president of the Minutaire Bank, vice-president of the First National Bank of Scottsbluff, cashier of the First National Bank at Alliance, cashier of the Bank of Merna, and cashier of the Broken Bow First National, Mr. Warrick is also president of the State Anti-Saloon League and a member of the Board of Trustees of Nebraska Wesleyan University at Lincoln. In short, there are few men in Nebraska whose activities and influence cover so wide a field of beneficial effort as can be credited to S. K. Warrick.

DON'T LEAVE BOX BUTTE

Persons who have been tempted to leave Box Butte or adjoining counties because of dry weather, should consider conditions in other parts of the United States. In North and South Carolina people have suffered for lack of water; 152 cotton mills have been forced to close on that account. Charlotte, N. C., has a water famine and other cities are threatened with one. The drouth in eastern Kentucky is the worst in many years. In Oklahoma there is a repetition of what western Nebraska had in 1894. Homesteaders in South Dakota are suffering from destitution as a result of lack of rain. In parts of Missouri the drouth has caused crop failure this year. As compared with many other localities, north western Nebraska is much better off this year. Small grain was injured by dry weather, but there will be a fair crop of corn this year, and a field of potatoes is almost as good as a gold mine. Better invite your friends to come to this country rather than think of leaving it yourself.

HERE'S YOUR CHANCE

You can get the Daily State Journal all the rest of this year, without Sunday, for only One Dollar, or including the big Sunday paper, only \$1.25. This is a cut price made just to get you started reading this splendid paper, and at the end of the time the paper will be stopped without any effort on your part. The State Journal, in addition to its wonderful associated press and special

telegraph services, is the leader in reporting affairs from all over the state of Nebraska. It is clean, independent, and thoroughly reliable. The publishers think it's the one Nebraska paper above all others that you should read, no matter what your politics. This Lincoln paper will please your whole family. The sooner you send in, the more papers you will get for your money. 35-11-608

BOX BUTTE HAS BIG INCREASE

The total assessed valuation of the state of Nebraska this year is in round numbers \$415,000,000, an increase over last year of a little more than three and one-half million dollars, or slightly less than one per cent. Douglas county has the largest increase in assessed valuation, \$2,555,878, about six per cent. Blaine county has the largest per cent of increase, nearly fifty. Box Butte has the largest per cent of increase of all the counties having an assessed valuation of more than a million dollars, the increase being from \$1,777,375 to \$2,317,867, more than thirty per cent.

LETTER FROM W. F. KNIGHT

The Herald is in receipt of another letter from W. F. Knight, dated August 3rd. He and Mrs. Knight are still at Portland, Oregon, and are enjoying themselves very much. He gives us some items of information that may be of interest to some of our readers. Lately they have been having clear weather and unusually hot for that country. The thermometer going as high as 98 in the shade. They recently attended a union camp meeting with which they were very much pleased, there being 26 denominations represented at the meeting. Mr. Knight reports prices on various articles of produce and provisions, the prices being about the same as in this country. Potatoes are two and two and one-half per bushel, but he says that the quality is not nearly up to that of Box Butte county potatoes.

SIMON SPRY OUT OF RACE

Readers of The Herald may have observed that the announcement of Simon Spry, who got into the race early for the democratic nomination for sheriff of Box Butte county, has not appeared in the last few issues of the paper. The reason for this is a combination of circumstances which put him out of the race for this year. About June 27th he received a telegram from Los Angeles in regard to some business matters that demanded his attention there immediately, and he left at once for that city. This detained him for some time, and he did not return to Alliance until July 22nd, when it was too late to file for the primaries. He does not seem to feel bad about it, as he did not care much for the office and entered the race in the first place more because his friends requested him to do so than because he cared particularly about being sheriff. The Herald is still of the opinion that, had he made his filing with the county clerk and continued in the race, he would have made a good run.

A KING WHO LEFT HOME

set the world to talking, but Paul Mathuka, of Buffalo, N. Y., says he always KEEPS AT HOME the King of all Laxatives—Dr. King's New Life Pills—and that they're a blessing to all his family. Cure constipation, headache, indigestion, dyspepsia. Only 25c at F. J. Brennan's.

A classified advertisement will bring you applications for that vacant room, or for that vacant place at your table.

REDUCING THE DISTANCE

Edemont and Hot Springs Papers Have Hot Controversy

A colored preacher in Chicago has figured it out that hell is only fifty-two miles beneath the surface of the earth. If that gentleman will visit Edemont almost any day he will probably be willing to cut down his figures very materially.—Hot Springs Times-Herald.

The editor of the Times-Herald is recently from Wisconsin or Michigan, or some other seaport, and it may be that the pure air of this region makes him see things at great distances more plainly than formerly. If he will put on his near-sighted specs and take a survey of the situation as it existed in Hot Springs (which, by the way, is the home of the high county official) on the date of the Burlington picnic, he may conclude that there might be another cut of twenty-five miles in the distance. Brother Schaeffer, you should come over and look at the situation from this end of the telescope; and while you are here we will show you a real town, inhabited by real people who have real occupations, and have neither the time nor inclination to knock neighboring towns.—Edemont Enterprise.

BURLINGTON LUNCH COUNTER

The Burlington lunch counter, under the management of the Burlington hotel, was opened August 1st, and it already receives a good patronage, better than was expected. It is located in the building adjoining the Burlington hotel on the north, the two being connected by a rear door. Mrs. Hattie Owens, who is well and favorably known in Alliance, has charge of the day shift, and the night shift is in charge of Charley Doogan, a first-class chef who recently came here from Denver, having been employed for that purpose by Mr. Lockwood.

KEEP YOUR SKIN COMFORTABLE AND YOUR COMPLEXION CLEAR DURING THE HOT WEATHER

If your skin is kept comfortable, you will be comfortable yourself. If you or one of your children are being made miserable by hives, prickly heat, rashes or eczema, or if you are worried by pimples, black heads, sun burn or skin trouble of any kind, we want you to try ZEMO and ZEMO SOAP.

We are so anxious to have you use ZEMO and ZEMO Soap that we offer you a generous sample of each and our 32 page booklet, "How to Preserve the Skin," if you will send five 2c stamps to E. W. Rose Medicine Company, 3032 Olive street, St. Louis, Mo., to pay postage, or get them today from Holsten's Drug Store, who will indorse and recommend ZEMO and ZEMO Soap for all skin troubles whether it be on infant or grown person.

We know you will be pleased with results from the use of ZEMO and ZEMO Soap, at Holsten's Drug Store.

Mr. and Mrs. G. F. Bartholomew of Broken Bow stopped in Alliance between trains last Thursday on their way home from Los Angeles, via Denver. They are engaged in fine poultry raising, and knowing the Herald is interested in organizing a poultry association in this part of Nebraska, they called at this office to talk the matter over.

Mrs. M. F. Nolan returned Tuesday morning from the east. She reports an enjoyable time.

COUNTY S. S. CONVENTION

The annual convention of the Box Butte County Sunday School Association was held in Alliance, Wednesday and Thursday of last week, the program as previously published in The Herald being carried out with a few changes. It was decided to have the proceedings of the convention printed in pamphlet form. Persons wishing a copy of the same can secure it, after it has been printed, by applying to the county secretary. It was decided to hold the next annual convention at Hemingford.

The following officers were elected for the ensuing year: John W. Thomas, pres.; C. J. Wildy, vice pres.; Mrs. S. K. Warrick, sec'y-treas.; department superintendents—Mrs. W. H. Zehrung, elementary div.; Mrs. Rolla Johnson, secondary div.; Chas. Lockwood, adult div.; Prof. Earl Meyer, home and visitation; Rev. J. B. Brown, teacher, training; Rev. Homer Cox, pastors; Rev. A. L. Godfrey, missionary; S. K. Warrick, temperance.

LETTER FROM CANADA

Among many remittances received the last week to apply on subscription to The Herald, one for \$3.00 was from William Morrow of Bittern Lake, N. W. Alberta, Canada. Mr. Morrow is an old time subscriber to The Herald, and by setting himself ahead on subscription, indicates that he is pleased with the paper. He writes a very interesting letter from which we learn that his part of Canada is very prosperous. They have been having plenty of rain for several weeks. The rain fall in thirty-five days being fourteen inches. Crops are fine, wheat and oats stand five feet high and will go from forty to seventy-five bushels to the acre. They have an abundance of hay, but are having a hard time to secure sufficient help at \$40.00 per month and board.

Mr. Morrow is living a life of single blessedness, but as he is enterprising and prosperous we venture to suggest that he might have a very comfortable and pleasant Canadian home for some marriageable lady reader of The Herald.

GOING LIKE HOT CAKES

Within the last few days The Herald's Premium Wall Charts have been going like hot cakes. If the speed at which they have been going continues to increase they will not last long. Of all the premiums that we have ever known to be offered, we do not remember of one more appropriate for a newspaper to offer or more convenient for the use of subscribers; we do not think that we can afford to order more of them as premiums, after the present supply has been exhausted. Every subscriber who wishes to secure one of these charts will have to do so quickly.

THIRTY YEARS TOGETHER

Thirty years of association—think of it. How the merit of a good thing stands out in that time—or the worthlessness of a bad one. So there's no guesswork in this evidence of Thos. Ariss, Concord, Mich., who writes: "I have used Dr. King's New Discovery for 30 years, and it is the best cough and cold cure I ever used." Once it finds entrance in a home, you can't pry it out. Many families have used it forty years. It's the most infallible throat and lung medicine on earth. Unequaled for legrippe, asthma, hay-fever, croup, quinsy or sore lungs. Price 50c and \$1.00. Trial bottle free. Guaranteed by F. J. Brennan.
