HARNESS HORSE NEWS

Clark's Weekly Letter Condensed
for This Issue of
The Herald

MANY HORSES DIE THIS YEAR

(By Palmer L. Clark.)
Pensia Maid is dead and great is the loss. Delicately and daintily fashioned, a superb trotter and the season's aspirant for two-minute honors, the little mare succumbed last week to a wholly unexpected attack and the entire trotting horse world mourns the loss of its uncrowned queen. There is a bit of coincidence in the demise of Pensia Maid and in the death of Hamburg Belle 2:01 1/4, for which D. R. Hanna, of Cleveland, O., paid \$40,000 two years ago, only to lose her that winter just as the daughter of Axworthy was being hailed as the coming trotting queen. Now it is Pensia Maid which the grim reaper has garnered and though the loss, measured by dollars and cents, is but a passing item to R. J. McKenzie, of Winnipeg, Manitoba, the disappointment is indeed keen; not only to himself, to the trotting world in general, but to a little woman in far away Manitoba to whom Pensia Maid was a bridal present. Mr. McKenzie purchasing the mare less than a month ago for the princely sum of \$25,000 and presenting her to Mrs. McKenzie; and it is with this lady, those who loved the trotting mourn. Nor will the McKenzie victory in the classic Chamber of Commerce, with Vernon McKinney the past week assuage the bereavement. A sportsman, every inch of him, is the Canadian horseman, but he, like all the rest of the world, knows that there was but one Pensia Maid—the little mare of romance.

Something over 5,000 horses have either died or been disabled from the effects of the heat so far this summer in New York City and very near a like number in Chicago and in consequence there is an almost unprecedented demand for all classes of horses, especially the draft type and delivery chunks. At this season, with the excessive heat, horse owners cannot be too careful in using preventive measures to protect their animals from heat prostration. Unquestionably the loss of thousands of these horses could have been prevented by proper treatment.

The gray pacing horse, Earl, Jr., by The Earl, which won the champion sweepstakes at the Kalamazoo Grand Circuit meeting, has developed into one of the whirlwind sidewheelers and a consistent race horse. He was introduced to the light harness horse world some three or four years ago at Peoria by a farmer boy from southern Illinois. He, unexpectedly, I might say, unintentionally, won his first race in fast time at that meeting, much to the astonishment of the wise boys who didn't have a line on him. The colt was given his first lessons on an irregular half mile track marked off in a ploughed field. He is now one of the pacing stars of the Grand Circuit. All of which goes to prove that winners may be developed almost anywhere.

HEED THE WARNING

Many Alliance People Have Done So

When the kidneys are sick they give unmistakable warnings that should not be ignored. By examining the urine and treating the kidneys upon the first sign of disorder, many days of suffering may be saved. Sick kidneys expel a dark, ill-smelling urine, full of "brickdust" sediment, and painful in passage. Sluggish kidneys cause a dull pain in the small of the back, headaches, dizzy spells, tired, languid feelings, and frequent rheumatic twinges.

Doan's Kidney Pills are for the kidneys only. If you suffer from any of the above symptoms you can use no better remedy.

Alliance people recommend Doan's Kidney Pills.

Mrs. L. A. Benedict, Sweetwater Ave., Alliance, Nebr., says: "For several years I have used Doan's Kidney Pills and consider them an excellent kidney remedy. During the winter months my kidneys became disordered but I always procure a supply of Doan's Kidney Pills at Fred E. Holsten's Drug Store and they drive away my trouble. Doan's Kidney Pills have been taken by other members of my family and have brought great benefit. I highly recommend this remedy to other kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

STRIKE IN COURT

Order of Judge Obeyed by Company and Men.

NEW WAY TO SETTLE STRIKE.

Mandatory Injunction Stops Promised Bitter Struggle and Cars Are Again in Operation—Men Are Out Only Forty Hours—Crowds Cheer Crews.

Street car traffic was resumed in Des Moines and the forty-hour strike was terminated.

For the first time in the history of the country the order of a court has put an end to what gave every indignation of becoming one of the bitterest struggles ever waged between organized labor on the one hand and capital on the other.

The mandate issued by Judge Lawrence DeGraff of the district court was promptly obeyed by the Des Moines City Railway company and the carmen's union, and while there is ample prospect of a fight later in the courts one thing is certain, an injunction has restored, temporarily at least, nearly 500 conductors and motormen to their original positions.

The scenes attending the resumption of traffic rivaled those of Friday night when the men turned the cars in for what many of them thought would be the last time. The streets in the vicinity of the central waiting rooms at Sixth and Mulberry streets were thronged for nearly three hours before the time set for the first car to pass. When extras announced that the first car had left the Twenty-fourth street barn enthusiasm began to show itself, and when car No. 188 of the university line passed the station, the crowd tendered the crew a rousing ovation.

Cheers for All Crews.

It was not long before the first cars on every line had reached the station and each of the crews as they came up was greeted with cheers.

That a new method of handling labor difficulties has been discovered was the statement of N. T. Guernsey, attorney for the street car company, following the acquiescence of the company in Judge DeGraff's order. At the same time he said his clients were by no means satisfied that the court was within its jurisdiction in issuing the mandatory injunction, but for the present they were willing to abide by it, leaving to a later date the trial of the case on its merits.

Nearly a hundred strikebreakers who had boarded a Chicago Great Western train, bound for Chicago, were attacked by rioting union sympathizers. Rocks and bricks were used as weapons and every window in the special car occupied by the men was shattered. Several of the strikebreakers were injured.

INQUIRY INTO RATES ON MEAT

Freight Charges on Live Stock and Packers' Products Under Probe.

An inquiry into freight rates on live stock, packing house products and fresh meats, in effect throughout the portion of the country west, south and southwest of Chicago, was ordered by the Interstate Commerce commission. The proceedings will begin at Oklahoma City on Sept. 11.

The inquiry will be made a wide one. It will affect directly not only the live stock and packing house product rates throughout the central west, but also those east of Chicago and west of Denver.

The investigation is based on complaints of the rates filed with the commission by the railroad commission of Oklahoma, the Texas Cattle Raisers' association, the American National Live Stock association and others interested in live stock and meat products shipments. Incidentally, commercial rivalry between two sets of meat packers in Chicago enters into the case.

General Acevedo, who endeavored to start a revolution in Cuba, surrendered to Governor Asbert in the town of Santa Maria Del Rosario, a short distance south of Havana, in the vicinity of which he had been hiding. He was brought to Havana and placed in jail to await the action of the civil court.

Apparently he is in the last stages of tuberculosis and there is little doubt that he is deranged. Government officials regard him as not being responsible for his actions.
