Mrs. Robinson is the wife of the general manager of the Bennett Piano Co. Our readers know something of Mr. Robinson's enterprise in purchasing Box Butte county land and improving it. They now have two farms in the western part of

the county, on one of which they will make their home. The homestead they have named "Valley View Farm."

Save money. Let the Co-Operative supply your table. Phone 80.

The old cement walk in front of Rodgers' grocery has been torn up and a new one is being constructed by J. J. Vance, the cement contractor. The cement work being done in this city now is a great improvement over some that was done several years ago, due partly to the use of better sand, and partly, we suppose, to better methods of mixing and construction.

Mr. and Mrs. H. H. Giles have moved into the M. O. Joder property, which was recently vacated.

Since the construction to Gandy of the Callaway line of the Union Pacific railroad there are only four counties left in Nebraska which have no railroads touching their borders—McPherson, Banner, Keya Paha and Loup.

We want country produce at the Co-Operative.

Ward Rubendall left Saturday night for Lincoln, where he goes to complete his course at the State University. He had thought of changing his plans and not attending the university this year but when his fellow students, with whom he is a favorite, heard of this they flooded him with letters urging him to come back and graduate this year, which he decided to do.

Drop in at the Co-Operative and see the freshest and best stock of groceries.

The way of the transgressors made a visit by District Judge Westover to our city necessary during the past week to pass sentence on a number who had plead guilty. The saddest of all seems to us to be the case of the boy sentenced to four years in the reform school.

LEE-SANFORD

It affords us pleasure to record the wedding of Dr. W. M. Lee, U. S. veterinary inspector, of Alliance, and Miss Bessie Sanford, one of Mitchell's highly esteemed young ladies, which happy event took place at the home of the bride's parents, Mr. and Mrs. J. L. Sanford, at noon, Sunday, Sept. 24, 1911, the ceremony being performed by the pastor of the Christian church at Mitchell. The newly married couple arrived in Alliance Monday, where they will spend their honeymoon. They will make their home on their claim in Sioux county, north of Mitchell.

CRAWFORD-LORANCE

Wednesday, September 27th, at high noon, Mr. Fred Crawford and Miss Bonnie Lorange were united in marriage at the home of the bride's parents, eleven miles northeast of this city.

Mr. Crawford is a substantial young farmer and stockman, well known to many, living some twenty miles west of Alliance. He takes his bride to a homestead upon which, aside from improvements of other years, he has placed in the past few months over a thousand dollars' worth of new buildings, a pretty cottage being one of them.

The bride is a daughter of Mr. and Mrs. Wm. Lorange, who have been tried and found faithful to Box Butte county. Miss Lorange has had a share in the labors of the school room.

The home was beautifully decorated with flowers and autumn leaves. Especially pretty was the portion of the room where the young couple stood beneath a white wedding bell. The bride was dressed in white and carried a handsome bouquet of white roses. About fifty guests witnessed the ceremony, which was performed by Rev. A. L. Godfrey, pastor of United Presbyterian church. After congratulations all sat down to a bountiful dinner prepared by the capable hands of Mrs. Lorange, served under the able direction of Mrs. Wm. Rust. A little rice was thrown, but only sufficient to make things merry. At about two-thirty the bride and groom set forth towards the west, bearing and followed by the best wishes of all for a happy wedding journey and the longer journey through life.

The Herald wishes to join the many friends of these worthy young people in extending congratulations and best wishes.

REASONS FOR BIG BUSINESS

It is a well known fact that Scottsbluff is one of the most prosperous towns, no doubt the most prosperous, in the North Platte valley. With the county seat only a short distance away and other railroad towns up and down the river only a few miles apart, she has forged to the front and has secured a volume of business that makes her the envy of her less fortunate neighbors. If that town had the railroad facilities and trade that Alliance has, we might well fear Scottsbluff as a rival for the honor of being the metropolis of northwestern Nebraska. There are reasons for the prosperity of our sister town. Those reasons do not include better country tributary to it than other valley towns. Some of the other towns along the river have as good, if not better, country tributary to them. As we write this there lies on our desk a copy of one of the Scottsbluff newspapers, The Star, of Sept. 22. It contains more than forty columns of advertising, making more than 800 inches column measurement, from the business men of the town. That paper has, probably, not more than one-third the circulation of the Alliance Herald, but charges the same rates for advertising space. The business men of that town are not afraid to put money into printers' ink, and we notice, also, that they are not howling their heads off about mail order houses taking their trade.

The Best Advice On Lumber Costs The Least Money

and when we say to prospective homebuilders that "now's the time to build" we are offering you really sound advice. No matter what you have heard about cheaper lumber, take it from us that you're on the safe side if you build right now. We haven't been in the lumber business for these many years for nothing—we know a thing or two and we're willing to admit you do too, but in the face of all this talk nowadays about timber conservation we believe you'll agree that lumber has a fixed value and that by delaying the building of your new home you will gain nothing but inconvenience.

We believe we can convince you the above is good advice—let's talk it over.
