A Bell Telephone Lightens Labor

It is a good plan to take the Bell Telephone into your confidence and make it an active ally in your work.

A conservative use of long distance telephone service is not expensive. It will pay big returns on the investment.

The business man who has learned the telephone's usefulness accomplishes much more than his competitor who has not.

Use of the Bell Telephone gives an expansive range to personal communication, because each telephone is the center of a nation-wide system of the most efficient telephone transmission in the world.

NEBRASKA TELEPHONE CO.
T. H. BEESON, Local Manager

Bell Telephone Lines Reach Nearly Everywhere
