Tribute of Respect to Mrs. Patrick M. Guthrie by Her Home

Paper

PASSED PEACEFULLY AWAY

The Carroll, Iowa, Herald of January 17 pays tribute of respect to the memory of Mrs. Patrick M Guthrie, mother of James B. Gray and John W. Guthrie of Alllance, and gives the following sketch of her life:

Mrs. P. M. Guthrie passed away last Saturday afternoon at 3:28, at the home of her daughter, Mrs. M. J. Kelly, on Main street. About a month ago she was induced to come to her daughter's home, as it was thought that she would be more carefully looked after. Her condition at the time was alarming, and it continued to grow worse till at last the end came and a beautiful life passed from earth. Her ailment is thought to have been cancer of the stomach, and the family say that at no time did she suffer pain. Her strength paled and she passed in the dissolving processes of nature.

Amy Winifred Mahar was born at Silver Lake, Pennsylvania, December 25th, 1837. In May, 1859, she married at Galena, Illincis, to Bernard Gray, who lived but a short time. One son was born to them, James B. Gray, one of the well known pioneers of Carroll. A widow, in June, 1861, she was married in the same city to P. M. Guthrie, and with her husband she took up her residence in Dubuque. Living there till 1871, they moved to Carroll, and this city remained their home the rest of their lives. To Mr and Mrs. Guthrie were born three sons and one daughter, who are still living: John W., Thomas F., Fred J. and Mary S. The eldest son resides at Alliance, Nebraska, with his half brother, James Gray. Thomas lives in Minneapolis, and Fred and their sister, Mary, live in Carroll, the latter being the wife of M. J. Kelly.'

There were present at the funeral yesterday all the children except Thomas, who was detained at his home because of illness in his family. Bernard Gray of Fort Dodge, a grandson, and Mrs. Catherine Conroy of Waterloo, her only sister and the only surviving member of her parents' family, were present from aboad

Alliance High School Basket Ball Team Wirts Exciting Game from Scottsbluff Friday Night

A GOOD START FOR PENNANT

Last Friday night at the Alliance High school gym the second game of basket ball for this season played, between the Alliance and Scottsbluff High school teams. A big crowd watched the game, which was an interesting one, except towards the last of the second half, There were so many things of interwhen the score became too much one-sided to make the interest as great as it would otherwise have been.

The Scottsbluff boys are a husky lot of fellows, the average being considerably larger than the Alliance tee: boys, and showed some talent, but seemed to lack the training which made the Alliance team victors. Prof. Greenslit accompanied the Scottsbluff team. In their practice before

the game opened the Scottsbluff fellows shot baskets with an ease that made some of the Alliance people think the home team would go down to defeat in a contest with them but after the game opened, it was soon seen that they lacked the team work that made Alliance boys efficient and gave them a comparatively easy victory.

Alliance boys kept the ball near plays on the part of the Scottsbluff boys gave them some baskets which, half eight to Alliance's twelve.

in their territory as much of the time as they did in the first half but to twenty.

This gives the Alliance High school team the first two games of the serles for the western Nebraska championship, 1912, and while the playing ot these two games on the home floor gave them some advantage, the prospect is good for them to keep up a winning gate and land the 1912

Kearney Closed with Banquet Last Thursday Night

A GREAT STATE CONVENTION

The 30th annual convention of the Nebraska State Volunteer Firemen's Association closed with a banquet at Kearney last Thursday night. The Alliance delegation arrived home Friday morning and report that it was a great affair. There was a big attendance, one of the largest in the history of the association, and Kearney did herself proud in entertaining. est it is not practical for us to attempt to even enumerate all.

One of the things that will interest especially the readers of The Herald is the following, taken from the report of the memorial commit-

TUT, TUT, TUT

At the firemen's state convention

at Kearney last week there were three candidates for next year's convention, North Platte, Columbus and Hastings. North Platte won, and now some of the Hastings people are

making very wry faces about it. One of the Hastings papers claims that Hastings had a majority of votes already marked for that city when an "oily tongued stranger" got permission to talk and stampeded the convention to North Platte. The same paper also broadly insinuates that the ballots were not fairly counted, to the disadvantage of

Hastings. Tut, tut, tut!

This good mother and neighbor held a place of peculiar esteem in the minds of the older residents of the city. She came here in the busy days when the fertile lands of the county were being settled and her home was made the hospitable resting place of many a stranger and newcomer. In later years she was known as a woman of large charities and numerous good works and her influence in the city and in her own parish was helpful and inspiring. Nature had given her a sweet disposition and she looked out on life through eyes that saw the good and the beautiful. Her presence was cheerful and enlighteming to the entire community.
