OPPORTUNITIES IN SOUTHERN FARMS

THE CLUB HAS NO FARMS TO SELL

Shown by the Great **BUSINESS MEN'S CLUB** OF MEMPHIS

WE HAVE NO AXES TO GRIND

This is a citizens' movement, to furnish information by the distribution of selected publications like the Magazine, "The South Today" and other reliable literature, to induce the homeseeker to come to the Memphis district, where for from

\$15 TO \$75 AN ACRE

one can purchase land of deep alluvial richness, on which can be grown from two to five crops a year.

This is the land of health, good roads, good schools, and out of door work the year round, where Cotton is worth \$75 per acre, Corn \$60, Hay \$100, Potatoes \$200, Strawberries \$250, etc. We have the best produce markets in the world.

The low priced rich lands in the Memphis district will advance rapidly. No such values exist in any other portion of the country. Send for "The South Today" and other literature free. Send right now.

STRASBURGER

The statesmen and politicians in Washington are trying to do something for the homesteaders. So mote it be.

The snow keeps coming and going like travelers at a country inn.

March 10th, Rev. Porter will preach at the Strasburger school house. Wish you could hear him.

There are many who desire to rent the sections of land around Strasburger, on account of the firm hills, good grass and good water, necessities for a good winter range. This says nothing of the good landlords.

The supper at the school house had to be postponed on account of the blizzard. When the blizzard disappears the supper will appear at 6 o'clock p. m.

Quite a number of our neighbors attended the sale of Hon. Mr. Jensen.

Many sales are published in your good paper. Hope this does not mean losing our reliable, substantial residents.

A few friends and relatives dined at the home of Mr. and Mrs. John B. Strasburger last Thursday.

We country people appreciate our newspapers, certainly, among them our Alliance Herald, as never before this snow bound winter.

The first annual spring robbin has appeared in Illinois. Since reading accounts of the winter there, ought not the robin to have appeared here before this? We hope he is not losing his courage.

We are glad to know of the continued success of our store, The Star Trading Company.

The attendance of our public school this winter is excellent.

Mr. Editor, will you tell us something about the railroad with a station at Strasburger en route to Alliance? (We have no official information in regard to the new railroad to Alliance, but we hope the coming summer will see it built, with a station at Strasburger, of course.)

At the Woodmen Hall,
Friday eve, March 15, 1912.

Ray Westover purchased the furniture and fixtures of the Lakeside hotel from Frank Noble and has leased the building, of which he took charge Monday.

We firmly believe that the ground hog saw his shadow, from the way it keeps storming.

There has been some talk of organizing a base ball team at Lakeside but I believe a snow shoveling club would be more appropriate.

Wm. Otto was surprised Sunday by having his sister, Mrs. D. T. Johnston, and husband of Springfield, Minn., come for a short visit.

Ray Westover is going to have a public sale at his livery barn Friday, March 15. Anybody needing a good horse will do well to attend this sale.

C. E. Smith and R. L. Shetler made a trip overland, last Thursday, to Alliance, no doubt on business connected with the building of the new railroad, of which we have heard recently. Your Uncle Charley would make a first class division superintendent and we hope he landed the plum.

We mentioned last week that Mrs. Mary Riddle of Hemingford, LaGrange, had called to Crawford on

account of the serious illness of his mother, and regret to announce that she passed away last Tuesday and was interred in the cemetery at Crawford. Grandma Langford was born in Germany and came to this country when eleven years of age. She was married to John H. Langford, who preceded her to the great beyond 19 years ago last Sunday. Together they settled in this part of Nebraska 24 years ago, and since her husband's death Mrs. Langford has lived in this vicinity on the old homestead on Snake Creek, except the last four or five years, which she has spent among her children. She leaves to mourn her demise seven children, six of whom are married. Bert is the only one in this immediate vicinity. At time of her death, deceased was 77 years old. We desire to express our heartfelt sympathy to the sorrowing ones.

END OF USEFUL LIFE

Former Alliance Lady Passes Peacefully Away at Residence of Daughter in Arizona

MANY YEARS IN NEBRASKA

At the residence of her son-in-law and daughter, Mr. and Mrs. A. S. Reed of Phoenix, Arizona, on March 3, Mrs. Mahala Seaman Jameson died, her passing away being as peaceful as the Sabbath day on which it occurred. The funeral was conducted from the Reed residence at Phoenix. The remains were embalmed to be taken to York, Nebr., for interment.

The deceased was born September 23, 1832. In early life she was married to Donald McCall. To them were born two daughters, both of whom are still living, Mrs. A. S. Reed of Phoenix, Arizona, and Mrs. A. O. Wyman of York, Nebraska. For a number of years they resided at Bradshaw, where Mr. McCall died in 1885. That same year she removed to Hay Springs. In 1891 she was married to George L. Jameson at York, Nebr. In 1893 Mr. Jameson died and she moved to Alliance and resided in a cottage on the A. S. Reed farm east of town until August, 1910, when she went with Mr. and Mrs. Reed to Phoenix.

She was taken ill about two weeks before her demise, with pneumonia, but was not considered dangerously sick until two days before death came.

While residing here she was a member of the First Baptist church of Alliance and highly esteemed as an earnest Christian woman. She will be greatly missed by those who were nearest to her and will be mourned by many former acquaintances and friends, to all of whom The Herald extends a word of sympathy and condolence. While bereft of one whom they loved, they mourn not as those who have no hope.

THE SILVER LINING

The yellow prints would have us think that everything is on the blink, but human virtue is a jest, and honesty's gone galley west. Yet I have known some bank cashiers who handled coin for many years, and never traveled crooked ways, or jumped the town between two days. And I know men who pass their lives and never try to beat their wives, and wives who go their gentle course without a yearning for divorce. There is a rich man in our town who does n't grind the poor man down; in fact, he has an open hand, and loosens up to beat the band. My neighbors in their motors roam, and haven't mortgaged house and home. The grocer men with whom I deal don't send me damaged prunes or meal. I know a statesman, wise and kind, who would not rob the country blind, and railway magnates I have seen who didn't seem so all-fired mean. I don't believe that every man pursues a base, unworthy plan; I don't believe the world grows worse, that honor's riding in a hearse.

WALT MASON.

OBERFELDER—PEARLSTINE

On Wednesday morning of last week occurred the marriage of one of western Nebraska's most popular young ladies, Miss Claribel Oberfelder, daughter of Mr. and Mrs. Joseph Oberfelder of Sidney. The groom is S. S. Pearlstine of Cheyenne, Wyoming. The wedding took place in the parlor of the Brown Palace Hotel of Denver, the ceremony being performed by Rabbi Friedman. The Herald wishes to join in the congratulations and good wishes of their many friends.

Art Wiker, who has been running a restaurant at Douglas, Wyo., for the past four years, returned to Alliance Monday. Art has disposed of his business and intends to spend a few months in Alliance prior to his returning to the city.

THE **BIG 3 BIG** Vacuum Washing Machine

QUICKEST—because the quick action of the agitator drives the hot soap suds through the soiled clothes so forcibly that the dirt responds at once—three to five minutes will remove the dirt from any clothing that soap and water will clean.

EASIEST—because it runs easier than any other washing machine, due to the fact that it works on the vacuum principle and requires power only to handle the water—not the clothing—this means no wear whatever to the clothing, as no rubbing is necessary. Mighty easy on the clothes.

CLEANEST—because it takes the dirt all out instead of rubbing a part of it into the cloth, as does the wash board, or the old style rubbing process machines.

There are none "Just as Good."

The "BIG THREE" is handled exclusively by

Majestic

THE RANGE REPUTATION!

In case of serious illness, you wouldn't call in any old doctor; but would get the best doctor you know of. The Doctor with a Reputation, the doctor that has shown his worth by years of good honest service.

Then why buy any old range, when you can get The Great Majestic, The Range with a reputation—a reputation won by years of constant, honest and economical service.

The Majestic is made right—OF NON-BREAKABLE MALLEABLE IRON, and RUST-RESISTING CHARCOAL IRON. All parts of the Majestic are riveted together (not bolted) practically airtight—no cold enters range or hot air escapes, thus baking perfect with about half the fuel used in a range that is bolted and pasted together with stove putty.

The All-Copper Movable Reservoir on the Majestic is absolutely the only reservoir worthy of the name. It heats 15 gallons of water while breakfast is cooking, and when water boils it can be moved away from fire by simply shifting lever.

Call at our store and let us show you why the Majestic is absolutely the best range on the market.

Your neighbor has one—ask her. All styles and sizes.
