

RAILWAY NOTES AND PERSONALS

Engineer Nicolai, now on Crawford Hill, enjoyed an over Sunday visit from his wife and daughter.

Miss Edna Bullock left on No. 42 Sunday night for a ten days' visit in Ravenna at the home of her sister, Mrs. Nehe Pederson. From there she will go to Central City, where she will visit Mrs. Jessie Barge. She will also visit relatives in Columbus and Fremont.

Traveling Engineer Morrison was a west bound passenger Tuesday. He is gone to look over the high line.

Business on the road is picking up. Four new brakemen were employed Tuesday and two more Wednesday morning.

Frank Mackey, who has been spending some time at his home in Chadron, returned to Alliance last Saturday. Mr. Mackey is one of our best brakemen.

Engineer George Hicks and Fireman Harry Townley of Ravenna have made two trips to Alliance this week.

Miss Dorothea Hoag of the general superintendent's office, who has been off for a week with a very

bad case of influenza, reported for work Monday morning.

Dr. Kunz, company medical examiner, went to Ravenna Monday. It is rumored that Dr. Kunz is to be sent to Sheridan, which will be a promotion.

It is reported that the brakemen and firemen who were sent to Galesburg will all be brought back about March 20.

On Tuesday afternoon the Order of Railway Conductors held a very interesting and instructive meeting in their hall.

Engineer W. A. Bennett and fireman made a trip through to Gillett this week, also Engineer Vetter-snake and Fireman Helsel of Edgemont.

J. P. Hoke of Chadron is a new employee in the train service. He made his first trip on No. 44 Tuesday.

The Mogul gold mining mill at Pluma was destroyed by fire last Tuesday night, causing a loss of seventy-five thousand dollars. The Burlington was very fortunate in saving all coal and ore cars which were near the mill. The origin of the fire is not known.

Fireman Clyde Phillabaugh writes

from Galesburg that the Alliance men there have made good money but will be glad when the time comes to return to Alliance. One brakeman wrote that if they had conductors on that division like they have on the Alliance division it would not take sixteen hours to go fifty miles.

The recent fire in Mogul mill at Pluma necessitated the taking off of two crews on the ore run. Conductors Penniger and Coats with their crews are now running between Edgemont and Englewood. Conductor Swift being the youngest man was bumped by Penniger. Swift is now doing extra work out of Dead-wood.

Conductor Jim Gaddis has reported for duty after a few days off on account of sickness.

Engineer C. L. Avery and Fireman H. L. Raedecker of the south line had some difficulty with a street car conductor in Denver Tuesday. It was over a transfer. The engineer and fireman were arrested and fined but the Denver Post has taken up their case. The outcome is yet to be seen.

Mrs. W. S. Metz writes from Mystic, S. D., that the Dramatic Club of that place will put on a home talent play, March 23rd. We are sure that it will be a success, as anything that Mrs. Metz takes hold of is sure to be.

Mrs. Minta Gregg and Miss Beck of Ravenna were in Alliance the first of the week, guests at the E. R. Morrison home. They report Mrs. Beck as being in very poor health.

Mrs. Chas. Myers is planning a trip to Lincoln in the near future.

Next Thursday at six o'clock the ladies of the G. I. A. will entertain the B. of L. E. and F. at the M. B. A. hall. A banquet of oysters, hot chicken and other dainties too numerous to mention will be served. The G. I. A. ladies are one of the most energetic lodges in Alliance.

Mrs. Harry Hamilton left Monday night for Aurora, Ill. She received word of the dangerous illness of her father.

Engineer Ed. Bishop returned from Chicago Monday.
