AND EMBALMER SUPREME Tribunal Holds Food Officials Exceeded Authority.

COUNTY MAY BUILD BRIDGE.

Richardson Board Held to Have Acted Within Authority in Deciding to Buy Material-No Pargon for Murderer

Lincoln, May 14.-According to the supreme court, which handed down a number of opinions, the state food comn.issioner exceeded his authority when he made a rule that buyers of cream should not pay for the same on NEBRASKA STATE FAIR cream should not pay for the same on the day of purchase. The regulation was made under the law which provided that cream should be sold under such regulations as the commissioner should promulgate. The court holds this provision is too broad and gives the commissioner legislative power, which the legislature had no right to GOOD STRONG ORGANIZATION delegate to that official. The regulacon was intended to obtain better testing of cream, as it was held that, in the rush of receiving the tester would not properly perform his work and if payment was not made that day a sample could be taken and the test made at leisure.

M. Elan of Richardson county was arrested for violating the rule and discharged, the state appealing. The lower court was sustained.

Guy A. Crooks, who sought to prevent the county board of Richardson county from buying material and constructing its own bridges, loses in the supreme court. The county board rejected bridge bids, alleging there was a combine among bidders and the prices were too high, and decided to do its own bridge work. Crooks sought to have the court compel the county to readvertise and let contracts. The lower court decided against him and this verdict was sustained.

No Clemency for Hawkins. The governor has refused to grant

a pardon to Andrew Hawkins, sent up for life from Frontier county for the murder of Thomas Jensen in 1897. The pardon board reported adversely on the petition. There was a largely signed remonstrance against pardon, signed by people in Frontier county. Jensen, who was a wealthy man, was killed while near Stockville attending to business affairs. A son devoted several months to the search for his father after the disappearance and finally found his body in a well near the Hawkins home, and on top of the body was a large amount of manure. which Hawkins had placed there. The case caused great excitement in Frontier county at the time and public feeling was intense.

Not Kidnaping to Elope.

The supreme court says it is not old girl and marry her, if the girl is willing. This opinion was handed down in the case of Fred M. Fitzgerald, convicted of the charge in Hayes county. The case is reversed and remanded with instructions to dismiss. The evidence discloses, the court says that the girl, Alice Barrett, went away willingly, and there was no effort to conceal the fact of the marriage, and no criminal intent shown.

Citizens Granted Concessions.

In the action brought by the eltizens of Bethany for a 5-cent fare on the Omaha, Lincoln and Beatrice interurban, the railway commission ruled adversely and ordered that the company must carry baggage free when accompanied by passengers, must make a special rate for children and must sell the round trip commutation tickets on the trains instead of only at the company's office in Lincoln, as

FARMERS TAKING TO AUTOS

Find Economy in Using Machines for Trip to Town.

Omaha, May 14 .- "While the Nebraska jarmers will never discard their horses, they will soon become relies of the past, except for work on the farms," said H. N. Rudd of Sidney. "Ten years ago out in Chevenne county there was not a farmer was owned an automobile, and now I should say there are fully 200 machines in the hands of the tillers of

"For a long time the farmers did not take kindly to the automobile, but within the last three years they have become enthusiasts and buy pretty treely, using good judgment in making their purchases and taking good care of their machines.

"The average farmer who lives but a lew miles from town figures that it is economy to own an automobile. With a machine, supposing he lives ten miles from town, he can 'crank up, go in and do his trading and be back home inside of a couple of hours. If he has a touring car he can load in his butter and eggs, a crate of chickens and several sacks of grain and take the stuff to market, and the only expense is the gasoline, which in the aggregate will not exceed 25 cents."

KEARNEY COMPANY FIGHTS

State Board of Irrigation Listens to Evidence in Case.

The state board of irrigation at Lincoln heard the application of the Kearney Light and Power company to have adjudicated its rights to water from the Platte river. Interested participants in the hearing are all of the irrigation companies on the up per reaches of the Platte river and involved in the proceedings, it is asserted, is the future of irrigation in the Platte valley above Kearney, for these irrigation companies insist that if the right of the Kearney company to priority in the amount of water claimed is allowed there will be no water for irrigation purposes above that point in the season of the year when most needed. The Kearney company, on the other hand, insists that if the frrigation companies take all the water, as it is said they did in 1910 and 1911, a plant constructed by the Kearney company at an ex pense of \$400,000, will be forced to use steam power during a number of months each year.

When he saw two mer in the dark he opened fire, shooting five times. P. A. Shurtz, a prominent citizen with the policeman, was unhurt. O'Brien will recover.

Pullman Assessment.

The state board of assessment has sent out to the various counties the certificate of the Pullman company's assessment. The basis is the same as last year, viz., \$12,500 for standard cars and \$8,000 for tourists. There was a slightly larger number of cars in use in 1911 than in the year preced ing and the assessment is therefore a little larger, being \$125,085 for 1912 and \$124.869 for 1911.

Figure It Up, Madam!

COMETIMES good Igroceries cost a little more than the questionable kind. But in the long run, it's real economy to buy them.

This isn't a store of bargain selling-of "drives" in joblot eatables. That's not the way to sell pure foods-pure foods are not sold in that way. Pure Food Products are the biggest value in the long run, though they cost a little more. We gladly pay more than the cost of ordinary brands to be able to give you more quality for your money,
