HERALD PUBLISHING COMPANY, Alliance, Nebraska.

Get your crops insured against loss by hail storms. See John Snoddy, Insurance Agent. 26-3-1292

NO REASON FOR IT

When Alliance Citizens Show the Way.

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of serious kidney ills when relief is so near at hand and the most positive proof given that these ills can be cured. Read what an Alliance citizen says:

Mrs. J. E. Whaley, 422 E. Oregon St., Alliance, says: "I have no reason to change my high opinion of Doan's Kidney Pills since I publicly recommended them in May 1907. Over three years ago my kidneys became badly disordered and the kidney secretions were unnatural. Whenever I stooped, sharp pains darted thru my loins and it was very difficult for me to straighten. I tried many remedies but all failed to help me until I procured Doan's Kidney Pills at Holsten's Drug Store. They brought me relief in a short time and I continued their use until I was free from kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

NEBRASKA STATE FAIR

List of Superintendents, with Post Office Addresses, Appointed for State Fair, 1912

NEBRASKA NEWS

State Press Association Holds Annual Meeting in Lincoln.

MORE PAY TO PRISON GUARDS

Revised Salary List at Nebraska State Penitentiary Shows Five Hundred Dollars Month More to This Branch. Husenetter Issues Letter.

Lincoln, June 4.—The first session of the Nebraska Press association for 1912 showed one of the best attended for years. The meeting was called to order by President John M. Tanner of the South Omaha Democrat and Rev. Mr. Shephard of the First Congregational church of this city delivered the invocation.

In the absence of Mayor Armstrong, President George Woods of the Lincoln Commercial club welcomed the newspaper men and women to the fortieth annual meeting.

President Tanner then delivered the annual address and response to the address of Mr. Woods.

A. L. Bixby of the Lincoln Journal read the annual poem, and Miss Eunice Haskins, corresponding secretary of the association, responded. C. W. Pool delivered an address on "Scraps."

C. F. Clark of the David City Press spoke on "Newspaper Ideals," and was followed by ex-President Wood of the Gering Courier on "Advertising Our Own Business." A discussion was indulged in over the subject, led by O. O. Buck of the Newman Grove Reporter, and the meeting then adjourned to attend the ball game between Lincoln and St. Joseph.

In the evening a reception was tendered the newspaper men by Governor and Mrs. Aldrich at the mansion.

Salary Raise at Prison.

The state board of public lands and buildings has received salary accounts of the state penitentiary for the month of May and the same were filed in the office of the commissioner of public lands and buildings. These accounts show that the guards at the institution have had their salaries raised from \$10 to \$20 and that thirty-two guards are now employed. Following is the payroll: Warden, \$125; deputy, \$104; matron, \$50; assistant deputy, \$75; physician, \$75; chaplain and usher, \$55; steward, \$100; chief engineer, \$90; farm boss, \$65; guards, \$50; yardmaster, \$65; night engineer, \$60; bookkeeper, \$75; hospital steward, \$20.

This makes an increase in the payroll of something over \$500 from the preceding month and is mostly due to an increase in guards and also an increase in their pay.

Husenetter Issues Letter.

State Oil Inspector Husenetter has issued the following letter to the public:

"Owing to the fact that there has been made recently a decision by Judge Leslie in the Washington county district court, wherein it is held that the low grades of petroleum oils, such as distillate, gas oil, fuel oil, etc., may be used for power purposes, some confusion might possibly arise from this decision in regard to other oils and gasoline. While our Nebraska law explicitly provides for the inspection of all petroleum products, I shall hold that the inspection on the above mentioned low grade oils for power purposes is not necessary and, therefore, will not be inspected. Kerosene and gasoline will be inspected as heretofore, no matter for what purpose used. Naphtha or other low grades of gasoline being prohibited by our statute, the use of same will be prohibited."

Bowes Seeks Mandamus.

H. H. Bowes, an attorney from Omaha, appeared before the supreme court and asked for a mandamus to compel the state auditor to issue a license to the National Employers' association, a new company being organized. While the supreme court did not make a ruling on the matter, the attorney was given to understand that it would be much better to have the case take its regular route through the district court. Under that hint Mr. Bowes withdrew his application.

Minden Wants Depot.

The city of Minden has filed with the railway commission a petition asking that the Burlington Railway company be enjoined from repairing and remodeling its depot in that city. The petition sets forth that Minden is a town of over 2,000 people and that its city ordinance forbids the erection of wooden buildings within a certain limit and that the proposed depot is within that prescribed area. It also sets forth that the present depot is too small to accommodate the public and that a new and modern depot is required to meet the demands of the public.

Brief in Behalf of Larson.

A brief was filed in the office of the clerk of the supreme court in the case of Frank V. Larson, convicted of the murder of his brother, Charles. The appeal is made on error of the district court of Burt county, in which the murder took place, and will come up for hearing in the supreme court next week.

Demonstrate Apple Packing.

The board of directors of the State Horticultural society at their meeting at Lincoln decided to give a demonstration in apple packing at the state fair this fall. An expert packer will be secured to give the demonstration. Secretary Marshall was elected to succeed himself without opposition.

LEE SETTLES WITH STATE

Broom Manufacturer Comes to Terms Over Convicts' Work.

The state board of public lands and buildings got a settlement with the Lee company at the penitentiary for the use of the convicts in the manufacture of brooms. Since the outbreak at the prison some time ago the company has not been using the full number of men called for in their contract with the state and had not paid the amount due the state for the months of March and April.

State Treasurer George was appointed by the board to confer with Clinton R. Lee and get a settlement. The result of the conference is that Mr. Lee has paid into the state treasury the full amount due for March and April, less time lost during the time the prisoners were kept in their cells at the time of the prison trouble, and also for men used by the state under contract to Mr. Lee. The amount paid in is \$5,886.50, and with it goes an agreement to pay for the full number of men called for in the contract in the future. The men will all be put to work at once.

MILFORD YOUTH KILLED

Meets Death in Play House by Coming in Contact With Live Wire.

Ralph Kinsinger, eleven years old, the son of one of Milford's principal merchants, was instantly killed by coming in contact with a live wire.

George Englemeyer, living in the west part of the village, had pitched a tent for his little boys in his yard and wired it to furnish electric light. The insulation had worn off in a small place and some one had attached a piece of binding wire to it. The boys playing nearby noticed that a dog coming in contact with the wire gave a sharp howl, whereupon one of them ran to the wire, touched it with his finger and received a slight shock. Another boy tried the experiment with the same result.

Ralph ran up and grabbed the wire with his hand and evidently received the full force of the current and was unable to loosen his grip, resulting in his almost immediate death.

WEDGE AGAIN ARRESTED

"Fighting Preacher" Held for Assault on Lawyer Rose at Genoa.

Genoa, Neb., June 4.—Kid Wedge, the so-called "Fighting Preacher," who occupied the Presbyterian pulpit here last year, and who was arrested for assault on Lawyer Rose, returned to Genoa Saturday. He had been in town but a few hours when he was arrested and taken to the county seat before Judge Kleise, where he gave bonds for appearance at a later date.

He was arrested in the Rose case again, having failed to put in an appearance at the hearing a few weeks ago, his bonds being declared forfeited. Wedge declares that he will remain in Genoa and preach even he is compelled to hold his service on the streets. It is very doubtful he can secure a church.

Tuberculosis Hospital is Filled.

Kearney, Neb., June 4.—With the arrival of eight male tuberculosis patients from Omaha, the capacity of the state tuberculosis hospital was filled to the limit, eighteen being the number of patients now in the institution. Within a week one of the wings of the new dormitory is expected to be completed and a portion of the same rooms ready for occupancy, the whole building being expected to be in use by July 1, when the thirty outstanding applications for admission to the hospital will be recognized.

Engineer Price Returns to Lincoln.

State Engineer Price has returned from his trip to Gering and reports that the contract for the McGrew bridge was let to John L. Mullin of Lincoln for \$21,653. The bridge will be 800 feet long.

Mr. Price also inspected the irrigation construction at Kimball and found the reservoir completed and already partially filled with water and ready to supply the water to the 12,000 acres under the ditch.

Delegates Name Alternates.

As a result of the action of the state Democratic committee meeting a few days ago, three delegates to the national convention at Baltimore have sent in names of their alternates. A. S. Tibbetts of Lincoln selected T. S. Allen, and W. T. Wheeler of Plattsmouth, W. E. Ritchie of the same city, F. T. Swanson of Clay Center, delegate from the Fifth district, has selected Lem Tibbetts of Grand Island.

Condition of Treasury.

The following statement of the state treasurer shows the receipts and disbursements for the month of May: Warrants to the amount of about \$60,000 have been paid since the report was completed. Cash on hand amounts to \$8,231.72, which, together with cash on deposit and general fund warrants on hand, aggregates \$719,920. Monthly receipts were \$466,668 and payments \$553,052.

Chicken Case Reversed.

The case against William Bartels, in which the defendant, a prominent Dakota county farmer, was convicted in the district court of stealing fifty-six chickens, valued at \$28, was reversed in the supreme court and the case remanded back to the district court of Dakota county for a new trial.

Funeral of E. F. Chittenden.

The funeral of Eli F. Chittenden was held at York. The deceased died on his ranch near Seneca, where he had made his home for several years. He was an old veteran and a printer by trade.

PARMALEE KILLED

Aviator Dies Under Biplane in Brief Flight at North Yakima.

STAYS THREE MINUTES IN AIR

Body is Dragged From Wreckage of Machine in Orchard—Once Held World's Altitude Record—Flew to Height of 10,600 Feet.

With a smile and a wave of his hand to the thousands who watched him, Philip O. Parmalee, until recently one of the Wright aviators, took the air in the teeth of a wind at North Yakima, Wash. Three minutes later his broken and lifeless body was dragged from beneath the wreckage of his biplane in an apple orchard, two miles from his starting point. The exact cause of the disaster that plunged him to his death probably never will be known.

As he rose from before the grand stand at the fair grounds, Parmalee swung to the west over the Yakima river. He rose to a height of about 400 feet and his speed increased to almost a mile a minute, although it was noticed that his plane dipped and rolled and seemed to be controlled with difficulty.

When he had gone about two miles from the fair grounds he swung in a wide circle to the eastward for the return journey.

As he squared away before the wind, the great plane checked in its course, fluttered a second time, a wounded bird and plunged below the line of trees.

It is the only biplane's machine, which was built at from one of the small canyons that reach the sides of the Moiese valley which the machine and rendered the elevating planes unmanageable.

The body of the unfortunate aviator was dragged from beneath the wreckage of the machine by farmers, who were working in the orchard, but his skull was fractured and he must have died instantly.

In Chicago last August Parmalee established a world's altitude record, flying to a height of 10,600 feet, but the record was broken on the succeeding day by Lincoln Beachey.

ALTON BACK IN PEORIA

Settlement is Reached in Dispute Over Terminal Rentals.

Superintendent Ferritor of the Chicago and Alton Illinois lines announced the Peoria terminal difficulties adjusted and trains resumed schedules. Terms of settlement were not made public.

Charging nonpayment of \$30,000 terminal rental, the Peoria and Pekin Union had barred the Chicago and Alton from using the Peoria passenger station and freight yards, and all trains had been held up during the morning.

CONDENSED NEWS

Wibur Wright, the noted aviator, died of typhoid fever at Dayton, O.

Hampton's magazine has suspended publication and the June number will not be issued.

Underwood reintroduced in the house the cotton tariff bill, vetoed during the extra session.

Denmark has decided to have still representation at the Pacific-Panama exposition. A Danish building will be erected.

One entire business block of Minnesota, Wis., was destroyed by fire, the loss being about \$100,000. Later a hotel was among the buildings destroyed.

O. T. Kirtley, his wife, daughter and Crandall King were drowned when a skiff in which they were crossing the Mississippi river at Hannibal, Mo., capsized.

Charles Wiles' neck was broken and his mother, Mrs. Charles Schermerhorn, was severely injured when their automobile turned turtle near Holcomb, Ill.

To decide whether it will allow smoking on the street cars in Kansas City, the Metropolitan Street Railway company began taking votes of all raying passengers.

Andrew Perrault, a real "son of the American revolution," died at Galena, Ill., aged ninety-one years. His father enlisted in Washington's army when only sixteen years old.

The powder house at the Federal Lead and Zinc Mining company plant between Hazel-Green, Wis., and Galena, Ill., blew up and Harry Stevenson of Savannah was killed.

Several shots, fired from the Dearborn street viaduct, Chicago, at non-union freight handlers at work for the Northwestern railroad, resulted in the arrested of Charles K. Stenford.

Mrs. Jane Quinn, accused of shooting and killing her third husband, John M. Quinn, last December in his bed, was found not guilty by a jury at Chicago before Judge Kerstein.

At his home on the Crow Creek reservation, in central South Dakota, occurred the death of Wizi, one of the most prominent of the older Sioux Indians. He was eighty-one years of age.

A bronze tablet marking the place where, in 1683, the first Catholic mass was said on the island of Manhattan was unveiled on the north entrance stairs of the New York custom house.

Commissions paid on account of goods-purchased abroad are not deductible. The United States customs court of appeals so decided this important question against the government.

"BERT, THEY'RE ONTO US"

Franklin Says Darrow Used These Words Just Before His Arrest.

"Bert, they're onto us." These were the words Clarence S. Darrow uttered to Bert H. Franklin a moment before the latter's arrest on Nov. 28, 1911, for the bribery of George N. Lockwood, according to Franklin's testimony in the trial of Darrow at Los Angeles.

Franklin testified that Darrow had given him the \$4,000, which was to have been given to Lockwood for his vote of "not guilty" in the trial of James B. McNamara.

Job Harriman, Socialist candidate for mayor in Los Angeles last fall and an associate of Darrow in the McNamara defense, was present in court for the first time since the trial began and heard his name mentioned in connection with the alleged bribe money.

Franklin testified that when he called for the \$4,000 at Darrow's office, the latter told him "Job would be here in about ten minutes."

Franklin also testified that persons, drawn as jurors in the McNamara trial, who were not considered friendly to the defense, were given notice in time to evade service.

MINNESOTA OLEO LAW VOID

Case is Fought and Won by Chicago Packing Firm.

The law passed at the last
