Well Drilling Machinery

You can make big money making wells. This is one of the few lines of work that are not over-crowded. The demand for wells is far greater than can be supplied by the machines now at work. Well Drilling commands their own price. We build the celebrated Howells line of Well Machinery, for making deep or shallow wells of all sizes, for all purposes and in all kinds of ground. Our machines are the most up-to-date on the market, complete all the latest improvements, are extremely strong and simple, do perfect work, are easily operated and are 100% safe. Write today for our free Catalog.

Board of Wm. Zecher, road overseer, road approved.	

Petition of Geo. H. Hemor and others asking that Ed. Higgins be appointed road overseer for road dist. 16 was granted as prayed for. Board adjourned, subject to call.

Attest, H. F. Wasmund,
Co. Clerk

Approved, P. S. PARKER,
Chairman.

The first meeting of the National Association of Chiropractors adjourned at Chicago to meet at New York in July, 1913. The delegates were entertained with first hand knowledge of a perfect foot, made so by careful attention to its preservation, the model being Mrs. Nellie Shaw of Chicago.

NEIGHBORING NOTES

Things Happening and About to Happen in Nearby Towns and Counties

CULLED FOR BUSY READERS

According to the school census of Gering just completed, the population of that town has increased nearly one-fifth during the last year. The number of children of school age increased from 235 to 276.

C. D. Green of Bayard is at the head of a movement looking to the organization of an association for the extermination of mosquitoes in the North Platte valley. It is claimed that it can be easily done by united action in the use of kerosene and crude oil in ponds of stagnant water and irrigating canals.

An enterprising merchant of Minatare and Melbeta, two small towns in the North Platte valley, inserts a full page advertisement in the county seat paper of Scotts Bluff county. There are some merchants in larger towns that think it does not pay to advertise much in July and August. They should try it once and find out that it does, and has been proved by many of the most judicious advertisers.

The Northport Herald has been changed from a six column, eight page paper to a seven column, eight page publication. Although established only a few months ago it has crowded to the front as one of the leading newspapers of the North Platte valley. Hon. C. D. Casper, well known in central Nebraska as a veteran newspaper man, is editor.

According to the Scottsbluff Republican, a young man of that county went to Gering, the county seat, to secure a license to wed, but upon his return home he found that the county judge had given him a subpoena instead of a marriage license.

The annual convention of the Sheridan county Sunday school association for this year will be held at Hay Springs, Friday, July 19.

The Lisco Tribune is the name of a newspaper which first saw the light of day at Lisco, Garden county, last week. It is an eight page, six columns to the page, weekly, two pages home print.

The Dawes county Sunday school convention for this year will be held at Chadron, Monday and Tuesday, July 22 and 23.

Chadron has been having a plague of mosquitoes until the city council, upon recommendation of the board of health, is trying to get rid of them by the use of oil.

The Hemingford potato carnival next fall promises to be some big doings. The Herald will be pleased to help boost it.

Grace T. Miller to Beatrice Ellis, lot 2, Block 2, First addition to Alliance. \$2000.

SHERIDAN COUNTY READERS

Through the courtesy of the county clerk of Sheridan county, who furnishes The Herald with the minutes of the meetings of the commissioners of that county, we are again publishing the same this week. These minutes will interest many Herald readers for the simple reason that we have a large number of subscribers to the paper in the south half of Sheridan county. While all that is published in this paper may not interest all of its readers, we aim to publish only what will interest a considerable number.

Majestic

THE RANGE REPUTATION!

In case of serious illness, you wouldn't call in any old doctor, but would get the best doctor you knew of, The Doctor with a Reputation, the doctor that has shown his worth by years of good honest service.

Then why buy any old range, when you can get The Great Majestic, The Range with a reputation—a reputation won by years of constant, honest and economical service.

The Majestic is made right—OF NON-BREAKABLE MALLEABLE IRON, and RUST-RESISTING CHARCOAL IRON. All parts of the Majestic are riveted together (not bolted) practically airtight—no cold enters range or hot air escapes, thus baking perfect with about half the fuel used in a range that is bolted and pasted together with stove putty.

The All-Copper Movable Reservoir on the Majestic is absolutely the only reservoir worthy of the name. It heats 15 gallons of water while breakfast is cooking, and when water boils it can be moved away from fire by simply shifting lever.

Call at our store and let us show you why the Majestic is absolutely the best range on the market.

Your neighbor has one—ask her. All styles and sizes.

PHELAN OPERA HOUSE BLOCK

Great Change in Homestead Law

MORE LIBERAL THAN EVER BEFORE

Just think of it! Only 21 months actual residence required during 3 years, instead of 60 months a before. Write today and let me tell you about the—

Government Irrigated Farms in the Big Horn Basin
Mondell 320-Acre Free Homesteads.
Twelve years time to pay for water right, without interest. Only small payments first five years. Included in New Law
5 Months Absence Each Year

WHAT THIS NEW LAW MEANS:

This new law is the result of the joint wisdom of the best posted land men of the West. You can be away from your homestead five months each year earning money to improve your farm. The seven months' time of residence can be employed to get in shape for keeping stock, and a Patent thus early secured gives you credit to buy enough stock to start with.

Send for new folder telling all about the soil, crops grown, conveniences to timber, coal and other advantages for home building. When writing let me know which lands interest you most.
