ALLIANCE WINS EVERYTHING

Takes First Prize at State Firemen's Tournament in All the Main Events

Home Saturday Noon

The Alliance Fire Department established a new record at the tournament at Norfolk Tuesday, Wednesday and Thursday of this week by taking first place in all the main events in which they competed. It was a walk away for our boys and they clearly demonstrated their superiority over the rest of the teams. In the parade on the first day, Alliance won two second places, one in appearance and one in number of men. Tilden won first place by having the largest team, but that town is only a short distance from Norfolk, not over twenty-five miles.

The Alliance team will return Saturday noon. A large delegation of business men and others will meet them at the train and arrangements are being made to have the band lead the triumphal procession. A smoker will probably be given in the opera house Saturday night.

Owing to the absence of Chief W. O. Barnes, Lewis Larvae, who is assistant chief, acted as chief. Incidentally, "Jud" won the 250 yard run for all firemen in the remarkable time of 27 1-5 seconds. Hull and Keiser won the state championship for couplers, making five couplings in a total of 63-5 seconds. They also won the fifty feet race and coupling by running the distance and making the coupling in 5 1-2 seconds.

Following are the records made by the Alliance team:

TUESDAY, JULY 23

Straightaway, 250 yards, 29 2-5 seconds, Alliance first. Regulation hose race, 250 yards, 36 seconds, Alliance first. Best appearing team, Alliance, second prize. Largest team, Alliance, second prize.

WEDNESDAY, JULY 24

Straightaway, 250 yards, 30 1-5 seconds, Alliance first. Straightaway hose race, 250 yards, 34 3-5 seconds, Alliance first. Straightaway hose coupling race, 100 yards, 15 1-5 seconds, Alliance first.

THURSDAY, JULY 25

State championship couplers, Hull and Kieser, 50 feet, 5 1-2 seconds, Alliance first. State championship hose race, 34 1-5 seconds, Alliance first. State championship for five couplings, total time 63-5 seconds, Alliance first. 250 yard run for firemen, "Jud" Larvae of Alliance first in 27 1-5 seconds.

ALLIANCE BOY KILLED

Roy Donovan Falls from Horse and is Dragged or Kicked to Death

FUNERAL AT HOME SATURDAY

A sad accident occurred this (Thursday) morning by which Roy, the thirteen year old son of Mr. and Mrs. M. F. Donovan, lost his life, on the ranch of his brother in Sioux county, about fifty miles northwest of Alliance. The boy was riding horseback driving cows. The horse turned suddenly, throwing him off. His foot caught in the stirrup and he was dragged about a hundred yards. When those who saw him hastened to him they found that life was extinct. Word was telephoned to Alliance and his parents hastened to the scene of the accident by automobile. The remains were brought to Alliance, where the funeral will be held from the home at 2 o'clock, Saturday afternoon.

To the bereaved parents, brothers and sisters The Herald wishes to express deepest sympathy in this time of great sorrow.

W. A. Coleman left last Friday for Hay Springs where he went to do carpenter work for Herman Peters. He will be gone a month or more. Vern Register will go to Omaha from Norfolk to transact business for the firm of Zurn & Register, cement contractors.

T. H. Beeson returned Tuesday from Bridgeport, where he went to meet the officials of the Nebraska Telephone Company to consult with them in regard to extensive improvements and extensions that are being made in this part of the state.

A. D. Weir arrived on 41 last Thursday morning from West Fork, Ark., where he is now located. He will be in this part of Nebraska about a couple of weeks attending to business matters. He reports that Mrs. Weir and the boy are well.

C. L. Powell, who lives three miles northeast of town, says that he has never seen crops looking as good as they are now. He formerly resided in the eastern part of the state, but vouches the information that were never to his knowledge, have crops been as good there as they are here this year.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for the ad. immediately.

LOCAL GLEANINGS

PEACHES—That car load of Texas Alberta peaches is going very fast at \$2.25 per bushel.
3384-133

Ward Rubendall, son of Mr. and Mrs. Peter Rubendall of this city arrived in Alliance last week. He attended the state university last winter, but since school was out has been visiting in the east.

A small crowd of Alliance young people went out to the ranch of A. S. Gerdes eighteen miles north of town, to attend a dance last Friday night. They returned Saturday morning. They all report having had an excellent time.

Vincent Taylor, a former Alliance boy who is now working at Madison, Wisconsin, arrived in our city last Thursday for a few days' visit with his parents and other relatives.

Last week The Famous Clothing House announced thru bills and newspaper advertising eleven summer clearance sale. People of this part of the state have learned that when The Famous announces a special sale it means something good for the public, which probably accounts for the busy times at that store during the past week, notwithstanding this is usually the dull season for the clothing trade.

Miss Rhova Rogga of Sterling, Neb., was the guest of Mr. and Mrs. E. Reeves, old time acquaintances, last Friday forenoon. From here she went to Scottsbluff for a visit with friends.

Miss Irene M. Witte of Caldwell, Idaho, sister of Rev. George A. Witte, terminated a week's visit in Alliance last Sunday morning and left for Wisconsin, where she went for a visit with friends.

PEACHES—You'll have to hurry, hurry if you want to get some of those fine Texas Alberta peaches before they are all gone. They are going fast at \$2.25 per bushel.

The B. Y. P. U. will have the delegate's report of the International B. Y. P. U. convention held at Toledo, Ohio about two weeks ago. Everybody come. At the Baptist church at 7:30 p. m. next Sunday.

The Y. M. B. S. C. will meet Friday evening at the First Presbyterian church. Don't fail to come. The second chapter of Romans will be taken up for discussion.

The Forest Lumber Company have completed the "Common Sense" silo which they have been constructing for T. H. Barnes on his fine farm north of this city. W. E. Springer has charge of the farm this summer and now has splendid prospects for a fine lot of corn for ensilage. Any one who wishes to examine this silo or secure any information in regard to its construction will be made welcome by Mr. Springer and given the desired information, by calling on him.

The Herald is informed that F. A. Trabert, who owns the Reed place east of town and who is now residing with his family in J. B. Denton's house in Duncan's Addition, will move on to the farm next spring and that he will engage in extensive and thorough farming next year. Mr. Trabert came to Box Butte county from Milford, Nebraska. While he will find conditions here somewhat different from what they are in the part of the state he came from, we predict that he will find the same energy and work that it requires to make a success in Seward county, will produce fully as satisfactory results when properly applied in this country.

Last week "Bud" Betzold purchased a quarter section of the J. A. Baxter land located northeast of the section the Greenwood cemetery is on. The deal was made thru the E. T. Kibble real estate agency.

J. J. Vance & Son have the contract for putting in some cement crossings for the city. This week they are working on crossings across Box Butte avenue on Second and Fifth streets.

P. B. Donahoe of Bingham was in Alliance on business Monday and Tuesday. He favored The Herald office with a call and ordered his name placed on our growing list of Bingham subscribers.

Last week E. T. Kibble bought thirteen and one-quarter acres of land of John Pilkinton in Duncan's Addition. Within a few days he sold it to Dr. J. P. Maxfield for one hundred dollars per acre. We are pleased to learn that Dr. Maxfield will set out trees on this land and otherwise improve it and divide it into acre tracts to be sold for residence purposes. This land is beautifully located just outside of the city and while the distance from the business part of the town is too great to suit some, it will be convenient for those who drive automobiles, and will be for others some day when we have street cars running to that part of the city.

As will be seen by the advertisement of J. L. Winters, the barber, he is giving special attention to ladies' work, such as shampooing, massage, etc. Mrs. May Schultz has been employed as lady attendant.

At James Potmesil's public sale last Thursday stuff sold well, except horses. Another indication that the best place to sell horses is at the Alliance horse market, which buyers attend for the purpose of purchasing horses and nothing else.

Miss Alta Young who attended the revival meetings at Scottsbluff returned home last week and had as her guest until Tuesday, Miss Amber Jordan of Scottsbluff.

Miss Esther Glau, who has been attending normal here this summer, expects to return home Sunday noon, taking with her as guests at a house party given by Esther and her sister Ruth, Misses Laura Vance, Pauline and Ruth Montgomery, May Nathan, Anna Bernhardt and Alta Young.

Lloyd E. Johnson came down from Crawford last night on 42. He will return on 41 Friday. He is employed by the Crawford Hardware Company.
