## LOCAL PARAGRAPHS

Mrs. H. W. Beach returned Sunday noon from a few days' visit near Bonner.

Jordan Robinson went to Bonner the last of last week for a few days' visit at the hay camp of H.E. Boon. He returned Sunday.

Mrs. S. K. Warrick was a south-bound passenger Tuesday, going to Minatare to spend the rest of the week.

A big cattle deal was consummated this week by C. C. Joy selling his entire herd, numbering about two thousand head, to J. E. Rice and Kilpatrick Brothers.

Miss Maude and Winnie Spacht left last Sunday morning for Billings, Montana, where they will visit with friends. On their return they will be accompanied by the mother who went up several days previous. They will remain about a week.

Harvey Myers, who is well known in Box Butte and neighboring counties through having done a large amount of outdoor photographic work during the last few years, orders an advertisement in this issue of The

Herald. Some months ago he purchased one of the latest improved cameras for this class of work, and now drives about the country in a Brush runabout, which enables him to increase his business. Persons who want any work in his line will do well to write to him at Alliance.

E. R. Sly's new house in the Belmont addition to Alliance will be completed this week. It is a neat cottage 26x26 feet.

E. V. Doyle of the firm of Doyle & Moon, carpenters, returned this week from Merna, Custer county, where he has been for some weeks past constructing a church for the Congregational people.

Fred Knuffold returned last week from Omaha where he marketed a car load of cattle at the best price he ever received. He thinks he will ship another car load soon.

W. H. Babbitt returned Sunday from a trip to the North Platte valley and country south of the river. He visited Scottsbluff, Oshkosh and Dalton and reports splendid crops in that country. He visited some farms for sale in irrigated country.

G. W. Donning, who is connected with the L. C. Smith & Brother Typewriter Company, was in Alliance this week repairing machines of the above make.

S. W. Holt is doing a good deal of roof painting this summer. He has been painting the roof of C. C. Smith's palace barn this week and has an order to paint the roof of the St. Agnes Academy.

Mr. and Mrs. Vol Wright, who have been visiting about two weeks in Alliance at the home of their daughter, Mrs. Ralph Worley, ten miles west of town, have been enjoying themselves splendidly and are very much pleased with the appearance of the country now. They are pioneers of Box Butte county, coming to this country in 1886, and of course some when they resided here did not look as luxuriant in August as it does this year. They went to Kansas some five or six years ago.

Mrs. E. E. Harshaw of Duncan, Oklahoma, has leased the Crescent House, often spoken of as the Byrnes rooming house, at 222 East Second street. The building has been renovated and put in good shape for roomers. Rooms will be rented by the day or week, as will be seen by their announcement in our classified ads department. Mrs. Harshaw will be assisted by her daughter, Miss Mattie.

I. W. Herman, proprietor of the Palace meat market, now has one of the best slaughter houses in this part of the state and perhaps in Nebraska, outside of the South Omaha packing houses. It was recently completed, O. H. Moon doing the carpenter work and Joe Skala the cement work. It is sanitary in every particular, the floor and walls being cement. It has a drainage with a septic tank and other modern conveniences and equipment.

Chas. C. Jameson has been in Alliance several times during the past week on business connected with the sale of the Richards and Comstock lands. He went across from Alliance to Gordon last Thursday, returning to this city a few days later. He informs The Herald that table land crops between Alliance and Gordon are in splendid condition, the oats being a bumper crop and corn and potatoes growing fine. He mentions the remarkable success that farmers in the neighborhood of Gordon are having with alfalfa on the uplands.

## SCHOOLS OPEN SEPT. 2

Information Regarding Division of District, Buildings and Teachers

### ONE WEEK FROM NEXT MONDAY

The Alliance City Schools will open Monday, Sept. 2nd, 1912. Inasmuch as the addition to the Emerson building will not be completed at that time, only four grades will report to that building, the others reporting at the Central or the High school building.

The following teachers will be at the Emerson building: Miss Kathrine Alexander, 1st grade. Miss Addie Robertson, 2nd grade. Miss Frances Gilbert, 3rd grade. Miss Elda Bacon (Prin.), 7th grade. All students promoted to or retained to the above named teachers will attend school at the Emerson building.

At the opening of school the entire eighth grade will attend at the High school building and all pupils promoted to or retained to the eighth grade should report there on entering school. The teachers in this grade are Miss Mayme White and Miss Verna Rodgers.

All students below the High school, promoted to or retained to any teacher other than the six named above, viz., Misses Alexander, Addie Robertson, Gilbert, Bacon, White and Rodgers, will attend at the Central school and should report there on the opening day.

Students not having promotion cards to designate the teacher to whom they will go will be governed by the following regulations: Pupils who will probably enter the 1st, 2nd or 3rd grade. All living east of Cheyenne avenue report at the Central school; all living west of Cheyenne avenue report at the Emerson school.

Pupils who will probably enter the 4th, 5th or 6th grade. All pupils in these grades report to Central school.

Pupils who will probably enter the 7th grade. All living east of Laramie avenue report to Central school. All living west of Laramie avenue report to Emerson school.

Pupils who will probably enter the 8th grade. All eighth grade pupils will report at the High school building. All High school students will report at the High school building.

It will save a great deal of confusion on the opening day of school if parents will read carefully the above instructions. As soon as the addition to the Emerson building is completed, three teachers from Central school and one from the High school building will be transferred to the Emerson school. The transfer will not mean, however, that any pupil will have a different teacher, as the four teachers with their departments will be transferred.

## CHANGE HORSE SALE DATES

Lester & Son Postpone Sale One Week Account Other Sales and Busy Haying Season

DATES NOW, OCTOBER 3, 4, 5

We wish to call particular attention of all persons interested in the Lester & Son big three days' sale of horses and mules to the change in the dates, as will be seen by referring to their advertisement in The Herald. The dates first decided

upon were Thursday, Friday and Saturday, September 26, 27 and 28, but as they did not wish to conflict with another sale, and also on account of the busy haying season which will still be in progress during September, they have decided to change to Thursday, Friday and Saturday, October 3, 4 and 5.

The prospects for this sale are good and making the dates a little later will no doubt be a help. We note that Lester & Son are taking particular pains to avoid conflict with other sales in the west and are endeavoring to suit the convenience of their customers, sellers as well as buyers, as much as possible.

## NORTON ADDS THIRD STORY

Will Greatly Improve Appearance of Box Butte Ave., Between 3rd and 4th Streets

### PRESSED BRICK, PLATE GLASS

The new front to the Norton block is nearing completion and already makes a difference in the appearance of Box Butte avenue, between Third and Fourth streets. It will add very much to the appearance of the street when completed, more than any other improvement that has been made in a long time.

Mr. Norton was undecided when he began work on the new front whether to let the building remain only two stories high or to add another story. We are pleased to note that he decided to do the latter, that is, the third story will be added to the front part of the building and will extend back thirty feet, making a room thirty by fifty feet, which will be used as a lodge room.

### NEW WORLD RECORD FOR RANGE CATTLE

Special to Alliance Herald: Union Stock Yards, South Omaha, August 20, 1912.—Twenty-one head of Wyoming grass steers, averaging 1715 lbs., brought \$9.50 per cwt. on the Omaha market today, one steer weighing 2290 lbs. at \$10.00 per cwt. In both instances prices highest ever paid for range steers on any market and probably never before exceeded, Chicago's record being \$9.05. Steers were horned and branded, mixed Hereford and Shorthorns, bred and ranged in Carbon county, Wyoming, by the owner, W. A. Weaver, of Alcovia. They were driven 50 miles to loading point and carried in cars a distance of nearly a thousand miles and still good enough to average at Omaha \$166.00 to the animal and establish a world record.

### HAVING A GOOD TIME

Down at Columbus, Nebr., the other day a man by the name of Richard Quic, a laborer who had been employed on the Genoa power plant, decided to have a good time. His idea of having a good time, like that of some other people, was to fill up on bug juice, which he did, after which he reeled in front of a Union Pacific switch engine and had both legs mangled and crushed and one hand cut off. The accident occurred late Thursday night and early Friday morning the victim died at the hospital.

The Alliance ball team went to Hemingford last Tuesday afternoon where they succeeded in defeating the local aggregation to the tune of 20 to 11.

The Ladies Aid Society of the First Presbyterian church was very pleasantly entertained at the home of Mrs. Rubendall on an elegant two-course luncheon. Mr. Rubendall added a fine watermelon treat. The attendance was quite good and five visitors were present. An impromptu program was given which was exceptionally good. Mrs. Snead gave an excellent talk. Mrs. Wainner gave an able response. Mrs. Ponath's piano selections were in her grand and elegant style, after which Mr. Ward Rubendall presided at the piano with soft and entrancing strains of music. Adjourned to meet with Mrs. Ponath in two weeks.

Last Tuesday evening the Girls' Four Square Club entertained the Y. M. B. C. at the home of Wm. Rust, Sr., four miles north of town. Two lay racks conveyed the party of about forty young folks to the farm where a very pleasant evening was spent. The spacious barn loft afforded a place where many games were played. A lunch consisting of watermelon, sandwiches and other goodies was served, to which all did ample justice. They returned to Alliance about midnight.

Agnes Welsh of Bingham, who was operated on a couple of weeks ago for appendicitis, returned to her home yesterday.

W. M. Robinson, manager of the Orkin Brothers Piano Company of Omaha, arrived in Alliance yesterday and made a visit to his farm.

The Misses Montgomery entertained many of their friends last Friday evening. One special feature was the athletic contests between persons representing the different High schools. Everyone reports a fine time.

## Weekly Weather Report

**BLOCKADED**

Every Household in Alliance Should Know How to Resist It

The back aches because the kidneys are blocked.

Help the kidneys with their work. The back will ache no more.

Lots of proof that Doan's Kidney Pills do this.

It's the best proof, for it comes from this vicinity.

John J. Lingle, Wayside, near Chadron, Nebr., says: "I first used Doan's Kidney Pills while living in Iowa several years ago. At that time I was having a great deal of trouble from backache and an almost constant soreness across my kidneys. If I caught cold the complaint was aggravated and I was unable to work. I took several remedies but was not benefited until a friend advised me to try Doan's Kidney Pills and I did so. They cured me and I had no trouble until I came here about a year ago. Doan's Kidney Pills benefited me as before and it was not long before I was well."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Mr. and Mrs. J. W. Weidenhamer, who have been visiting at the home of the former's brother, W. M. Weidenhamer, departed for their home in Galesburg, Illinois, Saturday. They returned by way of McCook where they will stop a few days visiting at the home of a son.
