**LOCAL
GLEANINGS**

Mrs. Wm. Rust, Sr., living four miles north of town, has been on the sick list for a few days. She is better at this time.

Richardson & Walbridge have had charge of the Atlas rooming house, 116 Box Butte avenue, formerly called the Younkin rooming house, a little more than a month, and report a splendid business. They are competent to run the house in first-class style, and as a result are seeing a good patronage. As a part of their policy of being up-to-date, they have had some job printing done and also subscribe for The Herald to be sent to the Atlas Rooming House.

Mrs. A. B. Stuckey is making a good recovery from her recent operation at St. Josephs hospital. She will be able to go to her home in a few days.

Norman McCorkle and Roy Miller made a pleasure trip to Hot Springs Sunday and report a delightful time.

Elsie Harris, the eight year old daughter of Oscar Harris, living near Berea, was operated on for appendicitis at St. Josephs hospital last Saturday morning. She is making a good recovery so far.

Ora E. Phillips came down to Alliance the first of the week on business, remaining a couple of days. He informed The Herald that business is good in his town. In addition to being engaged in mercantile business, he buys and ships potatoes. Up to the first of this week he had bought and shipped sixteen car loads from Marsland, Belmont and Hemingford.

L. Louis, a railroad employe fell from a scaffold Saturday night and broke a rib and his collar bone. He was taken to St. Josephs hospital where the fracture was reduced by Dr. Slagle, and he is getting along as well as could be expected under the circumstances.

Might as well cut down the high cost of living by saving on your expense for foot wear, when you can get the best men's and boys' shoes at Nichols' shoe shop much cheaper than the same class of goods can be bought at other places. Advertisement (44tf1494)

Rev. J. H. White, synod superintendent of the United Presbyterian church, of Cedarwood, Colorado, stopped between trains Wednesday with Rev. A. L. Godfrey. Rev. White was on his way to Torrington, Wyoming.

M. D. Nichols, the enterprising shoe repair man, has added a pegging machine to his equipment, so that that part of his work can now be done by foot power instead of by hand.

The city authorities are grading East Third street. The grade is being lowered and the dirt taken away used to fill crossings on Larame avenue.

A light rain fell last night, continuing this morning. Most of the farmers have their potatoes already dug but a number are still busy and a freeze after this rain would damage the crop considerably.
