March on Adrianople, Repulsing Turks All Along Line.

## BULGARIANS CAPTURE A TOWN

Ottoman Troops Are on the Defensive Against Soldiers of Combined Balkan States—Largest Hostile Forces on Continent Since Eighteen-Seventy.

Along the mountainous front of 200 miles from Kirk Killish in the east to Uskup in the west the advance of the allied armies into Turkey continues. The Turkish army appears to be acting on the defensive. Its outposts are slowly withdrawing and are attempting only to screen the way for mobilization while the main forces are marching toward the frontier.

Only small engagements, which give no idea of the mettle of the combatants, have occurred thus far. The censorship has been so complete and effective that Europe has few details except that the largest armies in the field on the continent since 1870 are preparing for a death struggle.

Adrianople and Uskup are being watched as the strategic points for the great battle. Adrianople is defended by modern fortresses with 300 of the most modern guns. It is the main gateway to Turkey and should give the invaders a long siege. The town of Mustapha Pasha, seventeen miles to the north, already has fallen into the hands of the Bulgarians and the meager announcements of the event indicate without serious resistance. The approach to Uskup is more difficult.

The whereabouts of the Greek fleet is unknown, but one report has it that the fleet has sailed to find Turkish ships, while the Greek government has proclaimed a blockade of part of the southern coast of Turkey.

The Montenegrin forces captured the town of Pluva. The battle lasted two days.

After a four-hour engagement, the Greeks dislodged the Turks from the strong positions which they had taken in the defense of Ellassona, at the foot of Mount Olympus, and occupied the town. The Crown Prince Constantine was in command and received a baptism of fire. The Greek troops showed great courage. Their losses were small.

The Turks retired toward Sarandaporo pass, where the main forces had concentrated. The Greeks occupy all the heights to the north of Ellassona and a decisive battle is imminent.

## HEROIC NEWSBOY IS DEAD

William Rugh, Who Gave Leg to Save Girl, Victim of Pneumonia.

"I guess I'm some good—after all." Billy Rugh, the forty-one-year-old cripple, whose withered leg was amputated to save the life of a girl by a skin grafting operation at a hospital in Gary, Ind., spoke these words and then died.

Pneumonia was said by the physicians to have been the cause of death. The ailment, however, resulted directly from self-sacrifice, having been due to irritation of the lungs by the ether that was given when the leg was cut off to furnish skin for the body of a person whom he had never seen.

Rugh had no relatives and since coming to Gary, a tramp several years ago, he had made his living selling newspapers on the streets. He had to be trusted for the first bundle of papers with which he started business.

The girl, Miss Ethel Smith, for whom he sacrificed his leg and later his life, had been terribly burned in a motorcycle accident. It is just two days since her recovery advanced sufficiently to permit her removal home from the hospital in which Rugh died.

## YOAKUM TALKS TO FARMERS

Urges National Marketing Association for Growers.

"A national marketing association for farmers" was advocated by B. F. Yoakum in an address before the convention of southwestern growers at Dallas, Tex.

It costs the farmers of the United States, said Mr. Yoakum, something like \$10,000,000 annually in interest on their loans, which is \$200,000,000 more than it should be.

He said that a carload of watermelons in Oklahoma sold for 5 cents apiece, but in Minnesota the melons retailed for 50 to 60 cents apiece. The buyer, Mr. Yoakum said, told the Oklahoma farmer that he could not pay him much because of excessive railroad freight. Mr. Yoakum declared that, as a matter of fact, because, he said, the railroad freight on the car of melons amounted to only 7½ cents a melon.

Would-Be Assassin Claims Bullet Is Roosevelt Belongs to Him.

Milwaukee, Oct. 21.—For the first time since he was incarcerated, John Schrank asked a deputy sheriff how Colonel Roosevelt was. When told his condition was favorable, Schrank asked where the colonel had been shot and if the bullet had been located.

"The bullet belongs to me," said the prisoner. "I have made my will and bequeathed the bullet to the New York Historical society, with a request that it be placed on exhibition in the state capitol. My property in New York I have willed to my mother in Germany."

## WILL SEND MANY SPEAKERS

Two Hundred Socialist Orators to Inevade Little Falls.

New York, Oct. 21.—Henry L. Slobodin, state chairman of the Socialist party, is planning to send 200 Socialist orators to Little Falls, if necessary, to insist on the right of free speech and to sustain Mayor Lunn of Schenectady, who has been twice arrested in his campaign for liberty of political discussion.

"Our first step will be to demand a conference with the Little Falls authorities," he said. "We have every hope that this will result in their dropping the matter. But if they still continue their persecutions or fail to discharge the speakers they have unjustly imprisoned we will keep on pouring Socialist orators into Little Falls until the jails are full."

# COLONEL TRAVELS

Departs With His Family for Rest at Oyster Bay.

## IS DECLARED OUT OF DANGER.

Doctors' Only Warning to Patient Is That He Shouldn't Overexert Himself—Condition of Wound Remains Satisfactory, Say Physicians.

Chicago, Oct. 21.—Colonel Roosevelt's slight setback from having over exerted himself in receiving friends did not prevent his departure for Oyster Bay this morning over the Pennsylvania railroad.

His physicians issued their last bulletin, as follows: "Colonel Roosevelt's general condition good. Respiratory movements comfortable. His general condition justifies his leaving the hospital for Oyster Bay, but it is deemed advisable in order to lessen the possibility of complications that he should not be disturbed in any way, and will not be allowed to see anyone en route. He will be in charge of Dr. Alexander Lambert and Dr. Scurry L. Terrell."

Promptly at 7:30 this morning a big limousine automobile drew up in the court yard of the hospital, surrounded by mounted and motorcycle policemen. The block was cleared of people and policemen were on the roofs of adjoining buildings.

## Goes in Wheel Chair.

Colonel Roosevelt wore heavy clothing and sat in a wheel chair, which was lowered in a private elevator to the ground level and wheeled to the automobile. He was bundled up in rugs and driven slowly to the station. A private entrance to the train floor was guarded by policemen and the street for 100 feet either way was closed.

Attendants carried the wheel chair down to the train shed and lifted the chair to the level of the car step so that Colonel Roosevelt could step into the train. Attached to the regular train was the colonel's private car and another for the traveling correspondents and the physicians.

Colonel and Mrs. Roosevelt, Miss Ethel and Theodore, Jr., and Mrs. Longworth occupied the colonel's car. Dr. Alexander Lambert and Dr. Scurry L. Terrell the colonel's physicians were quartered with the newspaper men in the second car. A bell cord was arranged so that the patient from his bed can summon either physician direct at any time. The doctors, Mrs. Roosevelt and the colonel's daughters will be the nurses on the trip.

It is the plan to proceed through New York direct to Oyster Bay.

## JOHNSON FAILS TO FREE GIRL

Negro Pugilist Draws \$25,000 From Bank, but Reaches Court Too Late.

Federal officials at Chicago received a number of expressions of sympathy with the government's efforts to investigate the Jack Johnson case and the negro pugilist's alleged relations with Lucile Cameron, the nineteen-year-old white girl he is charged with abducting.

Officers in charge of the federal bureau of investigation received a number of letters and telephone calls urging the government to "go the limit" in the matter.

The girl, whose mother, Mrs. F. Cameron-Falconet of Minneapolis, has set the police department, the Cook county court, and the federal department of justice in motion to save her daughter from the black pugilist's influence, was taken to Chicago from Wheaton in the morning and questioned at length by Assistant United States District Attorney Harry Parkin. It was said the girl gave the government officials much information in the alleged white slave case in which she is held as a witness on a \$25,000 bond. Johnson made an unsuccessful attempt to obtain her release. He drove up to the First National bank in his automobile and withdrew \$25,000.

Later he went to the federal building with cash in hand, but Commissioner Noote had departed, and there was no one to receive the surety.

## INCOME TAX IN SIGHT

Necessary Three-Fourths Expected to Be Reached This Winter.

During the coming winter the secretary of state is expected to issue a proclamation announcing the adoption of the income tax amendment to the federal constitution.

A statement prepared by the department of state shows that up to date thirty-two states have ratified and four have rejected the amendment. Under the constitution three-fourths of the states must accept an amendment in order for it to enter into force.

Of the twelve states yet to act, the legislatures of nine will meet this winter. A majority of these, it is reliably reported, will give their approval to the measure. This means that from the coming year congress will have power "to lay and collect taxes on incomes, from whatever source derived, without apportionment among the several states and without regard to any census or enumeration."

## Plan for Church Unity.
