FIRST ANNUAL BLOWOUT

Alliance Peddlers will give unusual and new Entertainment to the Traveling Fraternity on November 28th.

The first annual ball and feed will be given by the Alliance peddlers at the Phelan Opera House, Thursday night, November 28, 1912. Invitations are now being issued to all the local members of the fraternity and admission will be by invitation only. This is the first time that the boys have taken it upon themselves to show what a real live bunch of Nebraska traveling men could do and what they won't do will not be worth telling. Even the newspaper scribe could not beg, borrow or steal an invitation and the best he could get to this exclusive affair was the promise of a turkey drum stick if he'd keep quiet and not bother.

The music will be something new. An Italian orchestra of five members will furnish it. Pedro Welch-Caruso will be the director and from reports given of his performances in the large cities in the metropolitan newspapers his bunch will sure be some winners. He can entice the sweet strains from the goddess of music without a bit of trouble.

The peddlers will all be represented, so the committee says, from a thrashing machine peddler to the needle. All traveling men who are in town on that date will be given the glad hand and no excuse will be accepted for staying away.

And the eats will be some pickins. That swell banquet given to the patriotic citizens and fellowmen when Alliance tried to get the Normal will not be in it with this fine, delicious, swell, appetizing, twelve-course banquet that will greet the eyes and palates of the hungry horde when they seat themselves with their fellow gobblers and others to what the downfall of Turkey, chicken and of duck.

Every peddler will be required to leave his grip and his razor at the door. Anyone caught talking shop will be squelched by a hired squelcher and anyone caught wearing a dress suit will be held up to everlasting ignominy. It is to be a strictly formal affair with no frills or furbelows.

Among the foreign notables who have been invited to attend and who have accepted will be an honorable from Greece, Russia, Jerusalem, Ireland, Berea, Germany, and one from spaghetti land. They will be both seen and heard on that evening. All gobblers attending are requested to please put plenty of powder on their red noses and not to try to be too conspicuous but to give some of the others a chance to be seen and heard.

The committee in charge of the arrangements are the following celebrities, Jack Hawes, P. F. Schott, Jno. Saegar and Jack Berry. The dancing will begin at 8:30. You're on.

MAY PURCHASE BANANA PLANTATION

Chase Feagins is understood to be very seriously considering the purchase of a large banana plantation in Mexico, which has been offered him at a low price. Chase, ever since his trip south a few months ago, has been very much interested in that section of the country and since the war in Mexico has been settled, or very nearly so, he has been very seriously considering the proposition of locating there and engaging in the raising of tropical fruits.

It is possible that other Alliance parties may invest in the proposition also, a local syndicate being interested.

BEAT HIM TO IT

Horace Bogue has always been proud of the fact that he has been the first one to vote at every election in the first ward for a number of years, but C. C. Smith has had his eye on the top of the column for some time and slipped one over on Mr. Bogue by getting there first election morning. Mr. Bogue declares that he will never again allow this to happen and that if necessary he will camp on the doorstep after this, waiting for the polls to open.

TELEPHONE OFFICIAL HERE

Mr. Grimm, District plant chief of the Nebraska Telephone Company, with headquarters at Grand Island, is in the city inspecting the extensive improvements being made here.

M. S. McIninch, an attorney from Auburn, Nebraska, was in Alliance Friday and Saturday on legal business. While here he inspected some farm property north of town for a client who is planning on purchasing. Mr. McIninch is very well pleased with western Nebraska, both the Box Butte county land and the land in the North Platte valley.

AT THE CHURCHES

Church notes head SUCCESSFUL MISSION

Rev. Frs. Monaghan and Brady of the Apostolic Missionary Band completed a most successful two weeks mission at Holy Rosary Church Sunday November 3. The first week was for Catholics and the second week was devoted to our separated brethren. The church was crowded at all services both weeks and an immense amount of good was accomplished for the greater honor and glory of God. Over 500 went to communion during the mission for our own people and a number who had not been to their duty for years were brought back into the fold. The subjects of the sermons during the second week were chosen with a view of enlightening those outside the church on the doctrines and beliefs of the Catholic Church and creating a better feeling and bringing them in closer touch with each other. Both Frs. Monaghan and Brady are fervent eloquent speakers thoroughly devoted to the work they are carrying on and impressed all those who heard and met them with their zeal for souls. Much of the success of the mission must be given to Fr. Donley and his assistant Fr. Molony who worked early and late. Good music was furnished by the choir every evening of both weeks.

On last Sunday the holy Name Society was organized and instituted by Fr. Brady and over 100 gave their names in and took the solemn obligation to give up swearing and blaspheming for the future. The following officers were elected and serve until the first of January next: Jas. B. Gray, president; John Tynan, secretary; and John Brennan, treasurer.

The Daughters of Isabella are losing one of their best members this week in the departure of Mrs. Fred Brennan who goes to Iowa to live with her mother.

Fr. Donley has just completed a new church at Ellsworth, Nebraska, and regular services will be held there once a month in the future.

St. Agnes Academy is crowded with pupils this year and partitions had to be put in to make additional dormitory room. This worthy institution has made remarkable progress in the past four years, starting with a basement and three story brick building 60 x 100 and before two years had elapsed an addition larger than the original building was constructed and that is scarcely adequate to accommodate the pupils. The good sisters have done and are doing an immense amount of good in training the minds and hearts of the young people of this and adjoining states and it has been frequently remarked the difference in the department of the young ladies under their charge from those who have not had advantage of their influence and counsel. We predict for this institution a great future.

St. Josephs Hospital has been filled with patients for some time past and much praise has been given the sisters in charge for their care and attention to those entrusted to them or seeking their services. This has been a long felt want in northwestern Nebraska and most acceptably filled by the Sisters of St. Francis.

W. C. T. U. WILL MEET

The W. C. T. U. will meet this afternoon at the home of Mrs. C. C. Smith.

Bruce Wilcox, the land attorney, returned to Alliance Saturday after a business trip south.

ECHOES FROM CHADRON

Chadron Happenings Always Interest Our Readers

After reading of so many people in our town who have been cured by Doan's Kidney Pills, the question naturally arises: "Is this medicine equally successful in our neighboring towns?" The generous statement of this Chadron resident leaves no room for doubt on this point. James A. Kergey, 81 Main St., Chadron, Neb., says: "I have used Doan's Kidney Pills on several occasions and I am sure that they are well worth recommending. I had slight symptoms of disordered kidneys and as there has been Bright's disease in my family for several generations, I decided to try Doan's Kidney Pills. This remedy soon completely cured me. I believe Doan's Kidney Pills to be unequalled for kidney disorders."

From far away Porto Rico come reports of a wonderful new discovery that is believed will vastly benefit the people. Ramon T. We hope this great medicine will yet be sold in every drug store in Porto Rico." For throat and lung troubles there is nothing better. A trial will convince you of its merit. 50 cents and \$1.00.
