MOLES AND WARTS

Removed with MOLESOFF, without pain or danger, no matter how large or how far raised above the surface of the skin. And they will never return and no trace or scar will be left. MOLESOFF is applied directly to the MOLE or WART, which entirely disappears in about six days, killing the germ and leaving the skin smooth and natural.

MOLESOFF is put up only in One Dollar bottles.

Each bottle is forwarded postpaid on receipt of price, is neatly packed in a plain case, accompanied by full directions, and contains enough remedy to remove eight or ten ordinary MOLES or WARTS. We sell MOLESOFF under a positive GUARANTEE, if it fails to remove your MOLES or WART we will promptly refund the dollar. Letters from personages we all know, together with much valuable information, will be mailed free upon request.

ESTABLISH A RANCH ON PUBLIC LAND

HIGH PRICES OF CATTLE INSURES THIS TO BE . GOOD BUSINESS FOR MANY YEARS

It is not generally known, but it is a fact, that one person can now take up 640 acres of government land in Wyoping as follows: First, file a Desert land outry on 160 acres where you can batch the drainage from 1000 acres, in a series of small storage reservoirs sufficient to irrigate as much as 81 acres of the entry and at least acres on any 40 of the 160. For this 160 you pay the government 25 cents an acre at the time of filing and \$1.00 an acre when proof is

Second, file on 320 as a homestead—no charge for the land but en-tryman must reside upon the homestead seven months each year for three years and raise a crop on 20 acres the second year and have 40 cres in crop the third year.

Third, buy 160 acres from the government at \$1.25 per acre. This 0 must join the homestead.

There are hundreds of such locations now open to entry. If you nt one of these ranches write me today for map and particulars.

Mrs. Tom Hunsaker arrived last Tuesday for an extended visit with her daughter, Mrs. R. A. Westover.

Mr. Avery shipped four carloads of cattle to the Omaha market Saturday on No. 46.

While in Omaha last week Mr. Westover saw a prize steer weighing 1965 pounds and only two and one-half years old. It had been purchased by Orkin Bros. for Christmas

Mrs. J. P. Ross, from south of Lakeside, is spending the week with Mrs. Westover.

Albert Wright went to Alliance on Wednesday last, to meet Mr. Dean on his returnn from West Virginia, and to help one another prove up. Mr. and Mrs. Chapman then continued their journey to the old home at Webster Springs, W. Va., where Mrs. Chapman, who was not in robust health at the time of starting, hoped to be in time to see her mother alive. Word came by letter, however, since their departure that the old lady had died. Albert brought Mr. Dean safely home to the bosom of his family and Malinda friends Saturday; and this in spite of a brief exciting runaway on the road from Alliance. Mr. Dean seems in his usual good health and genial frame of mind, and expects to return in a few weeks to West Virginia to finish the work on his brother's barn.

Corn husking is now in full swing in this "neck of the woods", and we are thankful for open weather.

The residents of the old Malinda neighborhood have lately decided to organize their fence-wire telephone system and install an overhead line, with the idea of connecting to town perhaps in the near future. The second meeting for this purpose takes place Monday night, Dec. 16th, at Ed. Dueker's, just across the Morrill county line.

Quite an epidemic of grip has been going the rounds lately, due no doubt to the uncertain weather; and the two combined have had an adverse influence on school attend-

Jim Conrad and wife have had quite a siege of sitting up nights, etc., with little daughter Juanita, who has been suffering badly with toothache and neuralgia.

More than one of the neighbors have recently invested in the Home Comfort range-which goes to show that there's nothing like having an attractive article right under a man's nose, to make him want to buy it. Often he doesn't realize the nature of his need until he finds himself within handling distance of the answer to that need. Distance some-times fails to "lend enchantment to the view" (especially in winter, if you do your own hauling), and if "absence makes the heart grow fonder", the fondness is apt to be switched in another direction!

Mr. Dunlap and his two little daughters have moved to Alliance for the winter.

Mr. Brady, the latest arrival in our midst, who recently came here from West Virginia with his wife and four children and has been visiting with his old friends Gaines Chapman and Wes. Cogar, has moved down to go to work at the government camp.

The Literary Society at Mr. Cogar's still flourishes. Come next Saturday and be prepared to take part-but come, anyhow.

It is an affecting sight to watch a oung and tender bachelor launching at upon the unknown sea of singlehand a housekeeping. Thereon, you have our sympathy. We know how feels after the novelty has worn

Straws they say show which way the wind blows. A certain popular and well-to-do bachelor in this vicinity (old enough to marry, with parents' consent) who is fond of steering north of a Saturday night, has letely installed a new parlor carpet, linoleum in the kitchen, bought a now range; and extensive alterations to the house are talked of for the spring! What do you know about it?

It is still leap year, and the woods are full of unappropriated (male) blessings.

A happy Christmas to all the readers of this column.
