

GREETINGS TO STOCKMEN

FROM

TAGG BROS. AND SMITH BROS. COM. CO

NOW CONSOLIDATED

UNION STOCK YARDS

SOUTH OMAHA, NEBR.

"A COMBINATION OF ABILITY - EXPERIENCE - FINANCIAL STRENGTH"

SPECIAL ANNOUNCEMENT

TAGG BROS. and SMITH BROS. COM. CO. have consolidated their business at the South Omaha Market under the management of W. B. TAGG, and in the future will have the same salesmen. SMITH BROS. location in the cattle yards has long been considered one of the best in the Yards, and will now be used for all our cattle. ART TAGG will be the head cattle salesman, assisted by BILLY ORCHARD and FRED W. LIGHTFOOT. J. D. STORRIE will be our brandman. The feeder buying department will be in the hands of G. P. MOORHEAD and ELLIS J. WRIGHT. In the sheep barn SMITH BROS. location will be used and M. C. WILKERSON and A. E. COMPTON will look after the selling and buying. OFFICE at ROOM 101, EXCHANGE BLDG., where a hearty WELCOME will always be awaiting you. In the consolidation each firm retains its name, so that stock billed to TAGG BROS. or to SMITH BROS. will be handled by us to the very best possible advantage and remittances promptly made. Your patronage is respectfully solicited.

WILLIS-MALLERY

Miss Kathryn Willis, daughter of Mr. and Mrs. Geo. Willis, of Dalton, and Earl D. Mallery, son of Mr. and Mrs. J. D. Mallery, of Alliance, were married at high noon Tuesday at the home of the bride's parents. The house was beautifully decorated, the music room and parlor being decorated with white carnations and roses and the dining room with pink roses. The ceremony was solemnized by Rev. Heagerman, of the Dalton Presbyterian church. Miss Radcliffe of Sidney was bridesmaid and Robert Reddish of Alliance, best man. The impressive ring ceremony of the Presbyterian church was used. The bride and groom stood under a large wedding bell in a floral arch, during the ceremony. Mrs. John Willis sang, "I love you dearly" after the ceremony.

At the wedding dinner there were three tables of guests, relatives and close friends of the bride and groom, including Mr. and Mrs. Mallery and daughters, Leone and Doris. At each plate was a tiny golden slipper and at the bride's plate was a tiny traveling bag. The wedding cake was beautifully decorated in a pink basket, trimmed with smilax. It was cut by the bride. The bride was dressed in a traveling gown of gray broadcloth. They left for the Wisconsin lakes, where the honeymoon will be spent, returning to Alliance in about two weeks. They will be at home in Alliance after August 1st at 905 Cheyenne Avenue.

Both the bride and groom are Nebraska University graduates and their first meeting was at Lincoln, while attending the university. Mr. Willis, father of the bride, is a prominent western Nebraska banker. Earl was elected representative in the state legislature at the last election.

RAPID PROGRESS IN SUGAR AND WOOL TARIFF

Democrats Bind Louisiana Senators to Support Caucus Measure

(By the United Press) WASHINGTON, June 26.—Democratic Senators who are taking a prominent part in the tariff bill expect that the measure will be completed by July 1st. The hot weather is having a hurrying effect on the people's representatives. Rapid progress is being made in the measure advocating free sugar and free wool. It is conceded that a resolution will be adopted this week, binding the "two" senators from Louisiana to support the caucus measure.

TAFT GOES ON VACATION

(By the United Press) NEW HAVEN, CONN., June 26.—Former President Wm. H. Taft, accompanied by his family, will leave this city on Saturday for Murray Bay, a Canadian resort much frequented by many of the wealthy and prominent Washington people.

THE NEW

Edison DISC Phonograph

is a marvelous Musical Instrument and should not be termed a talking machine

This instrument marks the attainment of an ideal by a man whose ideals are many years in advance of the age in which he lives

Mr. Edison invented and patented the FIRST Disc Phonograph in 1878.

This may surprise you, dear reader, for not until now has he ever permitted a Disc Phonograph to be offered to the public in his name

It is equipped with a diamond point reproducer—no change of needles required. The records are of an entirely new material and preserve the most minute sound wave indentations.

Mr. Edison says, truly enough: "It is easy to make claims in advertisements."

But, listen to talking machines. Then listen to the Edison DISC Phonograph—and let your own ears pass judgment.

I will be glad to demonstrate this wonderful instrument at the store or at your home
