

A Good Investment

W. D. Magli, a well known merchant of Whittemound, Wis., bought a stock of Chamberlain's medicine so as to be able to supply them to his customers. After receiving them he was himself taken sick and says that one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy was worth more to him than the cost of his entire stock of these medicines. GUERNSEY LINE WASHES OUT

Cloudbursts Wash out Bridge, Causing Delay in Guernsey Line Trains

FIRST TRAIN THROUGH SUNDAY

A cloudburst in the hills north of Whalen, thirty miles west of the Nebraska-Wyoming state line, Thursday night damaged a bridge on the Guernsey line of the Burlington, six miles this side of Guernsey. A work train, which worked on the bridge Friday, got it bolstered up so that the Friday passenger train, going west, could get through and on to Guernsey. The work train also went into Guernsey.

Friday night another cloudburst washed out the bridge, tying up the trains west of the washout and leaving the North Platte valley without train service from the west for two days. Another passenger train was made up Saturday in Alliance and sent as far as the washout that day. The first train to get through from the west came through as far as Bridgeport Sunday. There were four train crews tied up in Guernsey before railroad communication was again established.

Mr. Matheny, an Adams Express messenger on the Guernsey line, had a very close call from rattlesnake bite while watching the work going on at the washout Saturday. He was standing on the bank, watching the bridge crew at work, when a four foot rattler jumped at him, striking his leg but not penetrating his trousers. The snake was killed and found to have eight rattles and a button.

TALLMAN VISITS ALLIANCE

F. A. Tallman, of Fort Scott, Kansas, who owns a quarter section of fine land eight miles north of Alliance, was in our city on Monday, looking after the property. Mr. Tallman purchased the quarter about fifteen years ago and had not seen it since. He took the trip in an auto and looked over a large portion of the county. He was much pleased with the fine condition of the crops and became a genuine Box Butte county booster after being here a few hours. He is in the lumber business at Fort Scott and is a Herald reader.

TAKES TRIP EAST

Mrs. Robert Monfort, of Alliance, left Sunday night for an extended trip through the east. She goes first to Dayton, Ohio, the home of her mother and scene of the big floods last spring. She will also visit relatives and friends in Hamilton, Cincinnati, and other Ohio points, before returning the last of September.

EXPRESS OFFICE RUNS SHORT ON HELP

R. M. Tinkcom, manager of the Adams Express company office at Alliance, had his hands full the last of the week, during the Guernsey line washouts, caused by the breaking of the big Inter-State irrigation canal, over the Wyoming line.

The tying up of the trains on the other side of the washout caused a call on Mr. Tinkcom for express messengers to handle the extra trains which were made up and sent out from Alliance. This soon exhausted his force and left him with his hands full. An immense amount of business is handled through the Alliance office and it requires a force of several men to handle the business.

CAME TO SEE SPECIAL SALE

Mr. Sherman, and Mr. Rembolt, merchants of Grand Island, and Mr. Redelings, representing a wholesale house of St. Paul, Minn., came to Alliance and remained several days last week to observe Mr. Kewer's system of organizing and conducting the special nine cent sale at the Bee Hive. They were greatly surprised at the results and went away well pleased with what they had seen. While here they rendered Mr. and Mrs. Kewer valuable assistance waiting on customers. Additional help had been employed for the sale, but the crowds that wanted to buy made the assistance of the above named gentlemen quite acceptable.

117 Papers Agree to Get Out Booster Edition

OMAHA, July 23.—One hundred and seventeen newspapers have signified their intention of getting out a Booster edition, as proposed by the Nebraska Press Association. With one or two exceptions, the issue will be made during the third week in September, the date suggested by the executive committee of the Press Association, under whose direction the editions will be issued.

The plan to issue these simultaneous editions has met with much favor. But few papers have absolutely refused to cooperate in the plan. The special committee in charge is collecting and assembling data on the state and as soon as it can be gotten in shape, press proofs will be forwarded to each paper. The story will be in six columns, and will cover the various resources of the state in a general way.

The papers, to date, that have agreed to get out special editions and send one thousand or more copies out of the state are:

41 AND 42 STOP AT HYANNIS

It will be pleasing news to many Herald readers to learn that all passenger trains now make stops at Hyannis, county seat of Hooker. When the Seattle exposition was in progress the Burlington railroad, in order to compete with other roads on short time to the coast, discontinued stopping 41 and 42 at a number of towns, including Hyannis. In response to appeals signed by citizens of that town and other interested parties, the officials of the railroad have ordered that hereafter those trains stop there. They will both be due there at 3:20 a. m.

Alliance People Make trip to River and Have Hard Time Getting Back

W. W. Norton, accompanied by Mrs. Norton, Mr. and Mrs. Monte Hargraves and Miss Ethel James, drove from Alliance to the river Sunday in the new Norton car. They visited Scottsbluff and were returning down the river. Shortly before they reached Bayard something broke loose and stalled the

car, it being impossible to proceed until new parts arrived from Denver.

Mr. and Mrs. Hargraves came home in another car Sunday evening from Bayard and Miss James returned Monday noon on the train. Mr. and Mrs. Norton waited until the car was repaired and returned with it.

Mrs. Bradford, of Mitchell, came over Friday to meet her husband, who has been on a trip to Wisconsin.

Take a Hint! Get Wise!

Suppose some one offered to give you \$10,000.00 in cash the day you completed an I. S. C. course. You would start to work right away, wouldn't you? But just think, the Course is really worth more than \$10,000.00 in cash, for \$10,000.00 in cash invested would bring you at 6 per cent interest only a net return of \$600 a year, while statistics made up from many thousands of cases show that the average technically-trained man earns \$950.00 a year more than the average man without Technical Training.
