Get Associate Members

Members of Post M should make a special effort to get a good bunch of associate members. These members are only required to pay an admission fee of three dollars. Their expense is light and they get all the social benefits of the order. If every member of the post would get one new associate member it would mean sixty more and the sum of $180 in membership fees for the treasury.

Many Trees Set Out

After trying for several years to create a greater interest in tree planting, it is a pleasure for The Herald to note the increase in public interest. J. P. Barger, the nurseryman who for several years past has not only sold trees but set them out, informs us that he set out more trees in Alliance this year than during any previous year and that they are doing fine. He uses the dynamite method of preparing the ground, which without doubt is the best system yet tried in this country for tree culture.

PROSPECT OF BETTER HEALTH

Mrs. Fred Reeves has been in poor health for several years last past. About two weeks ago she was taken to St. Josephs Hospital, preparatory to an operation which was performed Tuesday of this week. She is recovering nicely from the operation. The attending physician thinks she will soon be enjoying good health.

C. E. Clough is one of quite a number of ranchmen who have commenced haying. Mr. Clough informs The Herald that hay on the low meadows is unusually good this year but rather light on the higher ground.

NERVOUSNESS DENOTES **WEAKNESS** but is promptly relieved by the medical nourishment in ***Scott's Emulsion*** which is not a nerve-quieter, but nature's *greatest* nerve-builder, without alcohol or opiate.

Suffragist Convention

At a meeting of the Alliance Woman's Suffrage Club, held at the residence of Mrs. Geo. Fernald on Tuesday afternoon, it was decided to hold a county convention at Alliance, Saturday, August 2nd, in the afternoon and have a free lecture in the Phelan opera house in the evening. Those connected with this movement in Alliance and Box Butte county intend to let the public know what it stands for. The recent entertainment given under the auspices of the Alliance Club was such a pronounced success, although the attendance was small on account of rain, that friends of the cause believe it will be easier to secure a good attendance at future entertainments and conventions than it would have been had the first entertainment not met with such hearty public approval.

Particulars of the convention and lecture, August 2nd, will be published next week.

The Skin and Not the Blood

Until recently it has been a generally accepted theory that eczema was a disease of the blood. Scientific investigations have taught us that eczema is positively a skin disease and curable through the skin alone. Meritol Eczema Remedy is applied directly to the diseased skin, the effect is marvelous and its results permanent. Do not delay trying Meritol Eczema Remedy. F. J. BRENNAN.
