Experts estimate the Nebraska apple crop this year at ten million bushels and the peach crop at a million bushels. Looks like every Nebraskan ought to have a few apple pies and a peach cobbler or two out of a crop like that.

As will be seen by a notice elsewhere in this issue, all passenger trains passing through Hyannis will hereafter make regular stops at that town. Hyannis is one of the most important towns of the cattle country of northwest Nebraska, and we are pleased to see it secure better train service.

We want to see Alliance made the Grand Island of northwest Nebraska. It can be by united effort and making the best of every opportunity to put the city to the front. In some respects Alliance is better located than Grand Island. While the surrounding country is not so densely populated, it has a larger territory to draw business from.

On second page of Section 2 of this issue of The Herald is an advertisement which we wish every stockman who reads the paper to notice. It is the ad of the Howles Live Stock Commission Co., occupying a half page. You'll have to turn the paper around to read it all, but that will not be much trouble.

A cure for divorce recommended by Dr. Harvey W. Wiley is going the rounds of the press. As might be expected, it relates to the pure food question. Here it is:

When a woman said the way to keep men home is to "feed the brutes right" she had the solution. The future of the fight against adulterations of food depends largely on the personnel of those in charge. Every girl should be taught to cook before she can play the piano, embroider, speak French or flirt. I wish we had more cooks and stoves and fewer phonos. The divorce mills would not be so busy.

Before President Wilson had announced the personnel of his cabinet, more interest was manifested in some parts of the west over the selection of secretary of the interior than of any other member. It is doubtful if any one else could have been selected for the portfolio of the interior department whose selection would have given as general satisfaction from the start, and since assuming the duties of his office Secretary Lane has given his earnest attention to perplexing matters in the west in such a manner as to strengthen the confidence which the people of this section had in him. Some intricate problems, particularly in regard to the government irrigation projects, must be solved, and there is a general feeling that the present administration will work them out right. Under the circumstances, The Herald is very much pleased that Secretary Lane is making a trip of inspection through the west, as mentioned in a news item in this issue.

Either in the writings of the Sage Brush Philosopher, Doc Bixby or somebody else, we have read that when a man becomes reminiscent it is an indication that he is growing old. The editor of The Herald does not feel like an old man, or as he supposes an old man feels. He is still on the sunny side of the half century mark, but confesses to a peculiar pleasure in referring to the days of auld lang syne. For this reason we enjoyed reading the following in the Abingdon, Ill., Kodak of July 15th:

John W. Thomas, editor of the Alliance, Nebr., Herald, called at The Kodak office Saturday evening. The hour of the call is not just known as the office was closed and Mr. Thomas left his card at the door. Mr. Thomas was in the car for a short time visiting his brother, E. A. Thomas, and had just returned from Cuba, where he attended the funeral of his brother, J. C. Thomas.

Editor Thomas is an old Abingdon boy, and left here quite a number of years ago for the west, where he grew up with the country, raised a family, and entered the Methodist ministry.

Like a good many ministers John got tired of talking to his audience for an hour or two a week, and thought that as the head of a newspaper he could interest more people and spread the gospel of truth far and wide at \$1.50 per. Mr. Thomas is getting out a splendid paper, and from the looks of the sheet must be on the shady side of Easy street.

Mr. Thomas has the honor of being the first male graduate of the North Abingdon High School, and has a tender spot in his large heart for old Abingdon.

## ALWAYS GLAD TO GET BUDGET

P. E. Mifka, formerly of Alliance and now living in San Francisco, sends the following card to The Herald, "Will you please forward the famous Herald to 606 Balboa street instead of 3822 Anny. Always glad to receive the Budget. P. E. Mifka, 606 Balboa St., San Francisco."

## SERIOUS OPERATION

Mrs. Van Horn, of Sioux county, was brought to Alliance on first 42 Tuesday night and taken to St. Joseph's hospital, where she was operated on immediately by Dr. Slagle. She is an elderly lady and the operation was very serious. Very little hope is entertained for her recovery. She was accompanied by her son-in-law, Mr. Inel, of Andrews, Nebr., his wife and another daughter of Mrs. Van Horn, Mrs. McDonald of Fort Morgan.

## BUSINESS PROSPERING

Cy Laing, formerly chief of police, now proprietor of the Central Cafe, reports a fine business since purchasing the business from "Bill" Becker recently. Cy is an A. No. 1 restaurant man and his wide acquaintance is a great help in his business.

## BUYS OUT BAKERY

Philip Nohe, proprietor of Nohe's Cafe and Bakery, closed a deal the first of the week by which he purchased the Butternut bakery. Nohe's Bakery bakes hundreds of loaves of fine bread every day and the demand is rapidly increasing.

Geo. McGill, employed in the shops, returned from his homestead on Tuesday.

Tom Poole, of Marsland, was in the city Tuesday.

Miss Bertha Parkyn, of Hemingford, was in Alliance the first of the week.

Anton Uhrig, of Hemingford, was in Alliance yesterday on business.

"Bull" Carter, Burlington fireman and member of the Alliance Fire Department, went east on a vacation trip the first of the week.

Mrs. W. D. Rumer was called to Fairfield, Iowa, last evening, on receipt of a telegram stating that her father, S. W. Coffman, had died.

Simon Spry and W. D. Rumer made a trip to Casper, Wyoming, on business last week.

Police Judge Gregory Zurn was seriously ill last night, suffering from an attack of heart trouble, which came on when he was down town. He was taken home and a physician called. He is better this morning.

The city light and power department has secured the contract for wiring the new Central school building.

E. B. Fritts, of Crawford Fruit & Produce Company, brother-in-law of Harry Beams, of Alliance, was visiting them the first of the week.

G. C. Atwell returned Tuesday from his three weeks' vacation trip in Oklahoma. He went out that evening for a short trip to Denver.

Train No. 42 came in on two sections Tuesday night. Travel is so heavy from the west that it is rumored that the trains which formerly ran through to Denver from the west may be put on again.

General Superintendent E. E. Young is on a trip to the new Thermopolis line.

Yardmaster Williams is in the Black Hills with his family on a vacation. Night Yardmaster Baker is taking his place.

Bud Coleman, night chief dispatcher, is back at work.

Dispatcher H. E. Marvin and wife are on a vacation trip. They are visiting Denver, Hastings, Omaha and Lincoln.

W. D. Spencer, manager of the Alliance Creamery, made a long auto trip yesterday on business, visiting Hemingford, Canton and other western county points, in his fine new Imperial machine.

A bunch of Indians from the Pine Ridge Indian reservation went thru Alliance this noon. They were bound for Venica, California, where they will join a show.

"Punk" Johnson, who recently took the place of "Red" Burns as messenger boy at the telegraph office, cited a fine cigar the other evening and seeing no one looking, lit up. It turned out to be one of those trick cigars that the Bee Hive is selling and gave "Punk" the scare of his life.

L. C. Hazelton of Omaha, piano tuner, arrived in Alliance yesterday and will remain about a week tuning pianos. He makes two or three visits a year to this city and always has a large number of instruments to tune here. He has a farm south of Bridgeport, in Merrill county, near Stella station, where he spends a part of his time. He will visit his farm after finishing his work in Alliance next week. We are pleased to add Mr. Hazelton's name to The Herald's growing subscription list.

A persistent life insurance man made the rounds in Alliance the first of the week. He was the state agent and wanted a good local agent. First he tackled J. B. Gray and spent half a day with him. In order to get away from him Mr. Gray had to be called from outside the office. He passed the agent on to Garbrie, who stood it for half a day and then passed him on to Bill Schlupp, who swears vengeance, as it took him the biggest part of a day to pass the persistent gentleman on to Chase Feagins. Chase couldn't stand it and had to go to Hot Springs to recover. Doesn't someone want the job as local agent for a live life insurance company?

Cal Wildy, of Hemingford, was an Alliance visitor this morning.

## SECRETARY OF WAR COMING

Alliance Men Plan Reception for Government Officials

HERE ON AUGUST 15 OR 16

Secretary of War Garrison, accompanied by Major General Wood, will start on a tour of the different army posts throughout the nation shortly after the 1st of August. They will visit, among others, Fort Russell at Cheyenne, going from there to Sidney, from Sidney to Alliance and from Alliance to Fort Robinson at Crawford. It is expected that they will pass through Alliance either August 15th or 16th. A movement has been started among the business men of Alliance to hold a reception for the party while here, as they will arrive at 11:20 on No. 304 and will not leave until 12:50 on No. 43. It is planned to show them that Alliance is on the map, while here.

## PRINTYPE

Receives the Plaudits of the Public

Vigilant Protector of People's Eyesight Hailed as a Benefactor by Many Thousands of Enthusiastic Admirers. "Officer Printype" Responds With Becoming Modesty.

Officer Printype says: "I am overwhelmed by the ovation which has greeted my appearance in your midst. I am simply doing my sworn duty in ridding the Business and Financial Districts of the Bad Characters that for years have made Typewriters a menace to your eyesight. I have mercilessly exposed and relentlessly pursued these dangerous Typewriter Types, which are responsible for more cases of Defective Vision than all other causes combined. Report direct to my Headquarters, in the Oliver Typewriter Building, Chicago, any machine whose type is violating the Optical Law and I'll have the offender haled before the Court of Public Opinion."

Printype —  
**OLIVER**  
Typewriter

Printype is owned and controlled exclusively by the Oliver Typewriter Company

America rings with praise and applause for Printype. This superb new typewriter has attracted more attention than any typewriter innovation brought out in recent years.

Hundreds of thousands of people have seen this new type and wondered what it was that made Printype Correspondence seem like a spoken message. There's virility, strength and charm in Printype correspondence. There's refinement and "class" and style.  
Not because of its novelty—it's inherent in the type!

### A Vast Improvement

Printype is designed in SHADED letters and numerals, like the type in which books and magazines are printed. It is book type transformed and adapted to modern typewriter requirements.

This radical departure from the old style "outline" letters makes it possible to produce, on the Oliver Typewriter, a page of manuscript as clear and attractive as that of the finest book. The Oliver is the first and only typewriter that successfully prints print!

### The Primary Reason

Printype resulted from our discovery that "outline" type, with its sameness, due to absence of shading, was harmful to the eyes.

### The Silent Test

For months, without any advertising, we put hundreds of Printype Oliver Typewriters into actual service, in many diverse lines of business. We wanted the public's verdict. It came in a burst of admiration and a flood of orders that proved Printype a brilliant success.

Printype letters, wherever seen, excited the keenest interest. Business men who received their first Printype letter almost invariably answered, post haste—"Where did you get that type?" Thus Printype captured the country without firing a single shot.

### Price Not Advanced

The Printype Oliver Typewriter sells for \$100. You can pay at the rate of 17 cents a day. The "Printype" is our latest and best model. The new type adds 25 per cent to the value, but not one cent to the price. A small cash payment brings the machine.
