

TULLY RETURNS FROM CANADA

Prominent Western Nebraska Stockman Interested in Railroad in Canada

MRS. TULLY REMAINS ON VISIT

C. H. Tully, of Alliance, who went to Canada a short time ago, accompanied by Mrs. Tully, returned last evening on a freight from the west. As Charley says, "I went out on a Pullman and returned on a freight." Mr. Tully is interested in the new railroad from Bella Coola, British Columbia, to Hudson Bay. This road will be called the Pacific & Hudson Bay railroad. It will be about 1800 miles in length and runs in a north-easterly direction, opening up an immense amount of new territory and opening up a connection between Hudson Bay and the Pacific ocean. E. C. Harris, formerly of Chadron, is one of the promoters. It is expected that construction will start very soon. English capital is interested to a large extent.

While in Seattle Mr. Tully witnessed the big riots and battles between the soldiers and members of the I. W. W. He said that excitement was great there for a time and the city in an uproar.

At Everett, Washington, Mr. Tully visited with Frank Curry, formerly representative from this district. Mr. Curry has a fine fruit ranch at Everett and is doing well.

Mrs. Tully remained at Seattle, where she will visit with friends and relatives until October 1st.

ONE ON HIM

An Alliance railroad man, who is widely known, and who enjoys a joke on himself as well as anyone else, was telling the following a few days ago. One evening last week he, with his wife and daughter, went into the Empress picture show about the middle of the second show. They became deeply interested in the pictures and when the slide came on stating that those who had not seen all the previous show could remain, they stayed in with a few others. For a few minutes they were deeply absorbed in the wonderful pictures which Harry Dubuque can put on to beat any other that we have ever seen, when suddenly glancing around, the railroad man discovered that his daughter, wife and himself were the only ones in the show, and that it was being continued for their express benefit. "Say," he called to the piano player, "you can quit right now. This is the first time that I ever had a picture show or any other kind of a performance run for my own benefit. We will B E A T it right now." The railroad man says that it takes some mighty interesting pictures to get him as deeply absorbed as that, but that they seem so real and lifelike at the Empress that it's hard to realize where you are, sometimes.

FIREMEN WILL GIVE SMOKER

Regular Meeting Held at Hall Wednesday Evening

INTERESTING EVENTS SOMING

The regular meeting of the Alliance Volunteer Fire Department was held at the hall last evening. The crowd was not large but it made up in enthusiasm what it lacked in size. George Fleming made a warm place in the hearts of the firemen for him by sending up a box of cigars, which were duly appreciated and consumed.

On motion a number of bills were read and approved. The bills incurred by the department in preparing for the tournament, which did not materialize, were paid by the department and a bill ordered sent to the state association, which has promised to pay them and reimburse the Alliance department for the cash spent.

On motion it was voted to keep an accurate record of all firemen attending fires and ordered that said record be published in The Herald each week. This will undoubtedly result in an increased attendance of firemen at fires and will make each fireman be sure that he is registered at the hall on the blanks provided, after each fire. In next week's Herald a list of the members of the department will be published.

On motion it was voted to hold a smoker on the fourth Wednesday in August, the 27th of the month, at which the city officials and business men be invited to attend and join the firemen in a feast of good things to eat, accompanied by a short and interesting program. The following committees were appointed by President Carl Spacht to prepare for the smoker: Program, Lloyd C. Thomas, Visitors, P. E. Romig, Preparation of feed, Pete Large, Martin Nolan and Pete Rolfson.

The proposition of holding an athletic entertainment when cold weather comes was thoroughly threshed out. It was decided to begin planning on holding one in the fall and it will be well worth seeing. Fall preparations will be made.

PATTON AT WASHINGTON

W. E. Patton, who was employed in the Alliance land office for several years, and who was recently transferred to Washington, D. C., sends the following card to The Herald, "Washington, D. C., 310 C St., N. W., July 19, 1913. Dear Sir: Please change the address of The Herald from G. L. O. to my address as above. Arrived in good shape Tuesday morning and took up my new job in the G. L. O. The heat is something ferocious. W. E. Patton."

Mrs. Norman Williams will leave this evening for a visit with her relatives at Winona, Minnesota.

SECURES MILEAGE —DECAMPS

Alliance Traveling Man Believed to be Victim of Thief Who Disappears

POLICE ARE ON LOOKOUT

G. H. Appelberg, traveler for M. E. Smith & Company, the big wholesale dry goods house of Omaha, handed his mileage book and excess baggage book to Allen Laffin, driver of the bus for the Drake hotel, yesterday noon, asking Laffin to check his trunks on the Denver train, going south. Laffin drove the bus to meet 44 from the west, drove it back to the hotel, and disappeared.

It was believed that Laffin had jumped on train No. 44 and gone east, so a telegram was sent to Conductor Cotant, asking him to locate the man and mileage, if possible. He wired back that the man was not on the train. All the outgoing trains were carefully watched, but he was not located. It is believed by the officers that Laffin is in hiding in the city.

A warrant had been issued for him the day before for dumping garbage outside of the dumping ground, but it had not yet been served. It is believed that he got word of this and decided to leave town.

Laffin has been employed at the Drake for about a week, coming here from Kansas City. His home, where his mother resides, is 1508 Olive St., Kansas City, Mo. He left letters from her and from a jewelry firm from whom he had purchased a watch on payments.

Mr. and Mrs. Jack Berry made a trip to Crawford on Tuesday.

W. T. Schlupp made a trip to Angola yesterday.

E. Reeves subscribes for The Herald for his friend, Wm. Balfour, Route No. 2, Nehawka, Nebr. It would help to boost this country, as well as being very much appreciated by the publishers, if more of our readers would send the paper to their friends in eastern Nebraska or other states.

P. S. Eustis, the Burlington official, went through Monday noon on 43 with a party in a private car, on their way to Yellowstone park.

Smith-Denton Wedding

Again with pleasure The Herald records the union for life of two estimable young people of western Nebraska. At the home of the bride's parents, Mr. and Mrs. Tom Smith, in Sioux county, Rev. Boyer of Bayard pronounced the words that made Mr. Albert Roy Denton and Miss Mary Smith husband and wife, Saturday evening, July 12, 1913. The groom who is an industrious and prosperous young man is a son of Mr. and Mrs. J. B. Denton of Alliance, who unfortunately did not arrive at the scene of the wedding until after the ceremony had been performed on account of losing their way in going out from Alliance.

The bride, the youngest daughter of her parents, came with them from Virginia to Nebraska two years ago. She bears an excellent reputation and will make a true wife to her devoted husband. The groom was raised in Box Butte county, his parents coming here when he was but a year old. They were the recipients of many beautiful and useful presents, and have been showered with the congratulations of their many friends.

On Tuesday following their wedding the newly married couple started on a wedding trip, coming via Alliance. They will make their home on a farm which Mr. Denton recently purchased, adjoining his father-in-law's place.

Ward Hall and Nicholai, accompanied by the Misses Mignon Hall, Nellie Keeler and Arlene Morrison, autoed to the Platte valley Saturday afternoon, where they enjoyed the evening at a barn dance at the Wood Milligan ranch. Mrs. Milligan is a sister of Ward and Mignon Hall. The girls stated that the country dances are the best yet. It is just "amazing" the way they dance the "bear" and "lame dog". The party returned Sunday evening.

Mr. and Mrs. Alvin Anderson left on 42 Tuesday morning for Omaha, where they will make their home. Mr. Anderson resigned his position with the railroad but will probably work for the C. B. & Q. in Omaha. Mrs. Anderson's health was not good here, on account of the altitude as they supposed, which was their reason for leaving Alliance.

Guy Morrison and wife, from Council Bluffs, are here on a visit.

Harley and Lloyd Hale left Monday noon for Gordon, going via Crawford. They will visit relatives until shortly before school opens in the fall. Mrs. Hale and Miss Pearl will also make a visit at Gordon in August, leaving Alliance within a week or two.

Watch for the big sale at Simmons' next week after the new front is finished. adv. It

JUNIOR NORMAL NOTES

A student of former years, Miss Alma Rosenberger returned to this week. Better late than never. Chapel visitors this week have included Mr. McLaughlin, representing Thompson, Brown & Co., Principal Congant, and Mr. King of the State Department, inspector of rural schools. These gentlemen left many valuable thoughts with us, of which one specially emphasized was "Don't talk too much."

SONG

"A Warning," or "Play Not, Speak Not, Warble Not"
(Tune, "Maryland, My Maryland")
There's danger in the platform stunt,
Play not, speak not, warble not!
Let other guys get up in front,
Play not, etc.
'Twill mar your reputation fair
And rob your scalp of all its hair

Until you've not a lock to spare—
Play not, etc.

Should this temptation come to you,
Play not, etc.
Find something else you have to do.
Play not, etc.
For if you do it once, my friend,
Your peace of mind will have an end,
So wisely to my words attend—
Play not, etc.

Now if you chance to make a hit,
Play not, etc.
The crowd will say, "He thinks he's
It!"

Play not, etc.
While if you miss or fail or flunk
They "always knew" that you were
punk.

—The "sort that bites too big a
chunk!"

So play not, speak not, warble not!
(With apologies to "Touch not,
taste not, handle not.")
