DIAZ TO CUBA

Entire Suite of Twelve Men Arrested and Charged With Plotting Against Government of Mexico

(International Press Service)
Vera Cruz, Oct. 23—Porfirio Diaz, former president of the Mexican republic, is now under military arrest by orders of Huerta. Diaz came to Mexico on the word of his supporters that he stood a good chance of being elected president at the coming election. He was placed under military arrest last night and two guards were stationed at the house where he spent the night. Diaz seems completely cowed by the attitude of Huerta and fears assassination. The fact that he does not stand up and assert his right as a candidate is a severe blow to his followers who looked for him to enter the country in grand style and take a train direct to Mexico City.

Diaz's suite of twelve men, including three army officers, has been arrested, charged with disobeying the orders of Huerta and with plotting against the government. They will be court martialed on board the gunboat Zaragiza.

Unless Diaz leaves the country voluntarily he will probably be taken to Havana on board a gunboat. Huerta seems disposed to eliminate all other candidates except himself in the coming election.

to Havana aboard a gunboat. Diaz refuses he can be court martialed for disobeying orders. If he obeys he will be eliminated from the elections on the 26th because the constitution of Mexico provides that the presidential candidates must be on Mexican soil when elected. It is understood that Gamboa will withdraw at the last minute and that Huerta's name will be substituted on the ballots, insuring his election. This will be done in disregard of the law which forbids a president to succeed himself.

SUFFRAGETTES BURN UNIVERSITY STADIUM

English Arson Squad of Women Cause \$20,000 Fire—Mrs. Flora Drummond Is Out of Jail

(International Press Service)
London, Oct. 23—The sport stadium of Bristol University was burned this morning by a suffragette arson squad. Placards bearing the words "Votes for Women" were found lying about. The building was valued at \$20,000.

Mrs. Flora Drummond, suffragette leader, has been released from jail on account of ill health following her hunger strike.

Mexico City, Oct. 23—President Huerta has ordered Diaz to proceed

ZUYDER ZEE TO BE DRAINED BY DUTCH GOVERNMENT

Queen Wilhelmina has told the Dutch parliament that a bill is to be introduced for the drainage of the Zuyder Zee so as to form a new province. This body of water was formerly a lake surrounded by marshes, its present extent of some 2,000 square miles being chiefly the result of floods in the thirteenth century. It is from ten to nineteen feet deep.

TRAINS SMASH

Passenger and Freight Trains Collide on Electric Road Near Kansas City—Two Killed

(International Press Service)
Kansas City, Oct. 23—In a heavy fog this morning a passenger and a freight car on the Excelsior Springs electric railway collided head on while running fifteen miles per hour. The motormen did not see each other until quite close and too late to stop.

Motorman Epperson and one passenger on the passenger car were both fatally injured and two other passengers seriously hurt. The passenger car was demolished. Motorman Epperson stuck bravely to his post and threw on the reverse but too late to avoid the collision. There were a number of minor accidents due to the heavy fog.

Kansas City, Oct. 23—Peter Dolberg, an employee of the telephone company, was run down and instantly killed last night by a chauffeur named Randall who was running his automobile at a reckless speed down a main street.

Randall has been arrested and charged with manslaughter. The prosecutor declares that he will wage war on careless automobile drivers and that prosecution will follow every accident. There have been six in the past two weeks.

BIG MINE DISASTER

266 Miners, Including Mine Officials, Entrapped Under Ground by Explosion at Three O'clock Wednesday Afternoon—14 Dead and 23 Injured Were Taken Out

(International Press Service)
Dawson, N. M., Oct. 23—The government mine rescue car arrived this morning from Trinidad to help in the rescue of the 266 men who were entombed below ground at 3 o'clock Wednesday afternoon. It is believed by mine experts that most of the imprisoned miners are still alive as little gas remains in the workings and the big fans have cleared most of the smoke out of the mine. There was some fire in the mine during the night but there was little danger from it.

The rescuers penetrated as far as the fourteenth level at 10 o'clock this morning. This is a distance of a mile into the side of the big, black mountain. They are still far

from the remaining victims. The rescuing parties worked all night in shifts, as fast as one party was exhausted another took its place. The shafts are filled with timbers and fallen debris and it may be many hours before the main body of men is reached. Whether they will be found living or dead is a matter of uncertainty. Fourteen dead and twenty-three injured have been taken from the mine so far.

So far none of the men rescued had been able to approach the air shaft or any of the workings within the mine which would have proved a means of exit through another shaft, and the fact that none of the other entombed miners has been able to make his way out of the mine leads to the belief that all have been cut off from every means of escape.

The air supply within the mine is now the chief concern of the rescuers, who believe they will be able to reach the interior of the mine by night at the latest.

So far all rescuing parties have had to enter the mine equipped with oxygen tanks, the air being so gaseous as to endanger life.

Victims were picked up along various levels by the rescuing parties in bunches of twos and threes. Many of them were dead and others could only point onward into the depths for the rescuers.

A big crowd, numbering hundreds, watched the mine entrance all night. Mayor Kinney arranged a temporary hospital where the injured are being given emergency treatment. A big corps of physicians and surgeons are on hand.

Among those who are entombed underground are General Superintendent Frank McDermott of the mine and several other American engineers. Most of the miners are Italians.

Ivan Episcopal church, New York City.

Charles August Anderson, aged 66 years, 3 months and 27 days, came to the United States when a boy at the age of 16 from Sweden, going to Chicago, thence to Iowa. In 1887 he removed to the Black Hills in South Dakota. In 1901 he came to Alliance, Nebraska.

In 1871 Mr. Anderson was married to Alice A. Clayton, to which union were born a son and a daughter and a grandson and granddaughter, all of whom mourn his loss and look for a sure and certain hope in the resurrection of the dead. May his soul by the mercy of God rest in peace and may light perpetual shine upon him.

Not more than four or five will stay to the finish of the "Universal Club". Perseverance is all that is needed to win.

When wishes come true. Act on today's energy and get into the "Universal Club".

SELLS CAFE

Mullen Restaurant Will Have New Chef—Former Owner Goes Back to Ranch for the Winter

(By Special Correspondent)
Mullen, Oct. 23—The Mullen restaurant changed hands Tuesday night. Mr. Ward purchased it from Patterson, who returns to his ranch for the winter.

J. B. Smith, sheriff of Hooker county and a resident of Mullen, went to Wheatland, Wyoming, for a few days on business.

Mrs. W. E. Oliver is in Broken Bow for a few days, visiting friends.

A boy fights his first battle with the world and then retreats in the direction of home.

Anderson Funeral

Elihu Root, Jr., son of United States Senator Root, is one of the bright young members of the New York bar of whom much is expected. He has been one of the associate counsel in the impeachment trial of Governor Bulzer.

Alliance Pioneer Buried This Afternoon; Church Crowded With Sorrowing Friends

The funeral rites of Charles August Anderson, who died Sunday morning at Long Beach, California, took place in St. Matthews church at 2 o'clock this afternoon, conducted by C. R. Parkerson, of St. Monica's church, Crawford.

There was a large congregation of sympathizing friends. Favorite hymns of the family were sung, namely, "Peace, Perfect Peace" and "Lead, Kindly Light". A solo was rendered by Miss Eunice Burnett. Mr. Parkerson preached a short sermon on "Immortality" and read the following paragraphic message from Dean Ware, who is attending the General Convention of the American church in New York:

"In the passing of C. A. Anderson into life eternal, the wife, the children and the grandchildren close their eyes upon the visible corporal presence of one whom they all love and revere. A faithful husband, an indulgent father and a devoted grandfather. The church loses one of its benefactors; the western states in general and western Nebraska in particular, one of the old timers who opened up the highways of industry and commerce. Death is the abiding place of life; we die that we and others may live. Let us thank God for all those who have fought the fight and kept the faith and who have gone forward to still greater conquest and nobler achievements. May the soul of our dear friend, by the mercy of God, rest in peace, and may light perpetual shine upon him.

Signed, GEORGE G. WARE, General convention of the Amer-

POSEY IN MEXICO

Angora Correspondent Tells of Interesting Trip of Cattleman—Auto Party Stays Home

(By Special Correspondent)
Angora, Nebr., Oct. 23—B. B. Posey of South Omaha has been in Angora for the past week buying and selling cattle. Mr. Posey thoroughly understands his line of business and travels extensively for a commission house in Omaha. He has just recently returned from a cattle buying trip to Mexico City, bringing with him many pictures of the dreadful effects of the war in Mexico.

Earnest Sherlock is visiting friends in Cairo.

Mrs. Alma Dolan has sold the relinquishment to her homestead near Angora to Miss Twila Crawford. Mrs. Dolan is moving to town this week.

C. C. Scanlon, who teaches the Bluhaker school, went to Bridgeport Saturday.

Mrs. Lida Peer was in Alliance the first of the week on business.

Dr. Wm. Lee of Alliance was in Angora the first of the week.

Vern Dove, Mr. and Mrs. G. A. Dove and Mrs. Ruth Maybell constituted a party that did not visit Bridgeport Thursday morning, owing to a mishap that overtook them five miles out of Angora. A defective tire on the car caused a blowout that could not be mended. Vern Dove, driver of the car, took the car on to Bridgeport, while the remainder of the party returned to Angora in a tourist car from Omaha.

Mr. and Mrs. David Boody brought Miss Rena Dyson from Bridgeport to Angora Sunday in the Boody Ford. Mr. and Mrs. W. B. Meeker of Bridgeport visited friends in Angora Tuesday.

Mrs. R. T. Ely and children and Mr. Ely's mother are visiting in Morrill this week.
