COMING ALLIANCE

UNITED DOCTORS, SPECIALISTS, WILL BE AT THE

Drake Hotel

One Day Only

6th THURSDAY 6th NOVEMBER 6th

HOURS 10 A. M. TO 8 P. M.

Remarkable Success of These Talented Physicians in the Treatment of Chronic Diseases

Offer Their Services Free of Charge

The United Doctors, licensed by the state of Nebraska for the treatment of deformities and all nervous and chronic diseases of men, women and children, offer to all who call on this trip, consultation, examination, advice free, making no charge whatever, except the actual cost of medicine. All that is asked in return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in every city and locality, that at last treatments have been discovered that are reasonably sure and certain in their effect.

These doctors are considered by many former patients among America's leading stomach and nerve specialists and are experts in the treatment of chronic diseases and so great and wonderful have been their results that in many cases it is hard indeed to find the dividing line between skill and miracle.

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, kidneys or bladder, rheumatism, sciatica, diabetes, bed-wetting, leg ulcers, weak lungs and those afflicted with long-standing, deep-seated chronic diseases, that have baffled the skill of the family physician, should not fail to call.

According to their system no more operations for appendicitis, gall stones, tumors, gonor or certain forms of cancer. They were among the first in America to earn the name of the "Bloodless Surgeons," by doing away with knife, with blood and with all pain in the successful treatment of these dangerous diseases.

If you have kidney or bladder trouble bring a two-ounce bottle of your urine for chemical analysis and microscopic examination.

Deafness often has been cured in sixty days.

No matter what your ailment may be, no matter what others may have told you, no matter what experience you may have had with other physicians, it will be to your advantage to see them at once. Have it forever settled in your mind. If your case is incurable they will give you such advice as may relieve and stay the disease. Do not put off this duty you owe yourself or friends or relatives who are suffering because of your sickness, as a visit this time may help you.

Remember, this free offer is for one day only.

Married ladies must come with their husbands and minors with their parents.—Adv.

5. Practical irrigation—when to irrigate certain crops.

6. Alfalfa culture.

7. The irrigation laws of Nebraska, compared with other states.

8. Good roads.

9. Under-flow of the Platte river and pump irrigation.

10. Construction of wells in the Platte valley for irrigation purposes. The evenings will be devoted to adjourned sessions and to entertainments. All of the above principal subjects will be brought out in papers by men who are qualified in their particular lines of irrigation work.

More time will be allowed for the discussion of the papers read, as less subjects will be brought up for discussion. More time will also be allowed for the reports of committees. This will result in more beneficial results than heretofore.

The Saturday Evening Post (last week) shows the first formal announcement of the New Edison Disc Phonograph. Read it. Come to our store to hear this wonderful machine.

It is understood that the Lemley Musical Company is playing a special engagement in Lakeside this week.

The FIRST Formal Announcement

of Mr. Edison's New Diamond-Played Disc Phonograph is made in this week's Saturday Evening Post and the current issues of other National papers and magazines.

Mr. Edison has deferred this announcement of "ready" for the purpose of accumulating a satisfactory list of musical reproductions on the new disc records and meanwhile has closely observed the practical operation of his masterpiece in the hands of purchasers. How he stamps it "perfect" and offers a large list of choice selections for the disc machine.

It costs nothing to hear this modern wonder and we say in all seriousness and good faith that to purchase any other sound-producing machine without first hearing this latest achievement is to invite regrets later on.

Edison Cylinder Hornless Models, \$30 to \$350.
