### OPINION OF A NEWSPAPER MAN

"The Alliance Herald, Daily, is a neat, newsy, bright paper. It is the only daily in western Nebraska and is supplied with the Associated Press dispatches, the same as other dailies. It should be in every home in western Nebraska."

The above is from the Hay Springs Enterprise of Friday, December 5th. The Herald thanks Editor Johansen for the compliment.

#### EAGLES SMOKER COMING SOON

Local and Foreign Talent Will Give Peerless Athletic Entertainment December 30

The smoker held last month by the Eagles for their members and friends proved so successful from every standpoint that another has been arranged for to be given on December 30. This will be even better than has been staged before.

The athletic part of the program will be a six round boxing contest by local talent. A wrestling match, best two in three falls, weight 150 pounds; a ten round windup at 135 pounds weight. Kid Florian of White-

man and Kid Edson of Alliance will be two of the prominent athletes to take part.

#### SAVING WASTE

Farmers in Arthur county are studying the waste problem, according to information received by the state board of agriculture. Hundreds of bushels of potatoes have been lost heretofore owing to unfavorable market conditions. Twenty-five farmers have banded themselves together to erect a denatured alcohol factory and use the waste potatoes in the manufacture of this product.

## To Look Well Dressed You Must Have the Clothes

Not just "any old clothes", for there is a difference in the looks of clothes, just as there is in women or horses. A cheap suit may look fairly well at first, but in six weeks you are ashamed to wear it. They don't "stand up." The life of a GOOD SUIT should

be at least a year and look like "ready money" all the time. Why pay \$12 or \$15 for a suit that can't possibly give the service. In two or three months you will need another. Is it not economy to pay

\$25.00  
TO  
\$30.00

and get one that will last you four times as long and "look the part."
