

NORTHPORT NEWS

(By Herald Correspondent.)

Mrs. James Yockey and children were visiting in McGrew for a few days.

Mrs. Ella Franklin who has been quite ill seems to be getting along very nicely now.

Mr. Stralle is visiting with friends here.

Mr. Christensen and family returned to their place here after a two years' stay in Atlanta, Nebr.

The North Platte river raised 8 in. today. Which was done considerable damage on the dyke which is considered quite a loss to the contractor.

Mr. Fred Bentley shipped a car load of horses to Key Port, New Jersey. Arthur Smith and Guy Kelley of St. Paul, Minn., on their way to Lander, Wyo., stopped over a few days here in Northport visiting with Alfred Gebauer. The boys being old friends of Alfred. They like this country fine.

CLEMAN CLIPPINGS

(By Herald Correspondent.)

Cleman, Nebr., April 29.—Have been getting plenty of rain the past two weeks.

H. Carey, S. O. Carr, Howard and Byble Barrett and Thelma Westley drove out to the R. W. Westley ranch for Sunday dinner last Sunday.

Mrs. R. W. Westley and daughters were shopping in Alliance Tuesday and Wednesday.

Miss Esther Feagins celebrated her ninth birthday with a birthday dinner, Saturday, the 25th. About fourteen of her school mates and friends were invited. Those present were Ruth, Vera and Pauline Scott, Fay, Floyd and Lewis Covalt, Cleman and Elson Rice, Donald and Annett Elliot, Alice Westley, Miss Madge Graham, Miss Bennett, Miss Peterson and Arthur, George, Helen and Esther Feagins. Every one had a fine time and they all wish Esther many more happy birthdays.

Mrs. Wm. Arthur and Mrs. Ralph Henderson were calling at the Gra-

ham ranch Saturday. Mrs. John Bulman has been quite sick the past week. George Elliott drove to Alliance Tuesday where he will work for a while.

PERU NORMAL NOTES

(By Herald Correspondent.)

Peru, Nebr., May 1—The annual band and orchestra concert was given in the chapel Tuesday evening. A fine program was rendered and the chapel was well filled.

The post-graduate class entertained the other classes and the faculty at their class chapel period Thursday morning. Two of the numbers of the splendid program were a reading by Miss Ruby Page Ferguson and a vocal solo by Mr. H. C. House.

State Superintendent Deitzel visited chapel Wednesday and gave a talk to the students.

The tennis tournament began this week and will be dispatched with as much speed as possible. The Wesleyan boys will be down to play during the latter part of the tournament. About one hundred delegates to the southeast district of the federation of womens clubs state convention visited the Normal Friday morning. The ladies came by auto from Auburn where the convention is being held, and returned about nine-thirty after being served with coffee and wafers by members of the domestic science classes.

The Maypole dance is being practiced every evening in preparation for the senior class day exercises.

The school masters club held its annual meeting in Lincoln Friday evening. Pres. Hayes, Prof. Bec, Mr. Overholt, Dean House and Prof. Deitzel attended.

The fort-nightly art club have distributed the pictures purchased from the proceeds of the recent art exhibit, to the different rooms. Miss Esther Clar formally received "The

Prof. Gregg awarded the prizes Friday morning for the best snapshots to be used in the 1914 Peruvian. Mr. Albin Johnson received the first prize five dollars. Miss Grush, the second prize of three dollars, and Mr. Sandberg, the third prize of a Peruvian.

The Baking Powder Question Solved

—solved once for all by Calumet. For daily use in millions of kitchens has proved that Calumet is highest not only in quality but in leavening power as well—unfailing in results—pure to the extreme—and wonderfully economical in use. Ask your grocer. And try Calumet next bake day.

Get a bottle today. 50c and \$1.00, at your Druggist.
Bucklen's Arnica Salve for All Sores.

COMB SAGE TEA IN LIFELESS, GRAY HAIR

Look young! Common garden Sage and Sulphur darkens so naturally nobody can tell

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.

REO THE FIFTH

Reo the fifth attained its distinction by being a better built car than most makers think necessary. Care and caution are carried to extremes. Materials are bought under specifications, determined by twenty years of experience.

The steel is all made to formula. The gears are tested in a crushing machine to stand 75,000 pounds per tooth. The springs are tested in a machine which subjects them to thousands of bendings.

Each driving part must stand the tests of 50 per cent over-capacity. The builder fixes this as a margin of safety in the cars he makes.

Reo the Fifth, 1914 model is an honest and enduring car. This honesty and endurance is most apparent in the hidden parts—in the steel, the bearing, the gears and the forging—190 drop forgings are used in the construction of Reo the Fifth.

The accessibility of the various parts of the engine is a feature of Reo the Fifth, that is worthy of consideration. This feature is one that will save hours of time in making engine adjustments.

A centrifugal pump gives a positive circulation and insures proper cooling.

The brakes of Reo the Fifth are extra efficient for safety's sake. They are the double acting, wrapping type. Both are operated by foot pedals so there are no brake levers in the way of the driver.

Reo the Fifth is electrically lighted throughout.

The design of the body is in accord with the latest mode. It is low-hung and racy. It has the gondola back. The upholstery is deep and soft. You will not find a handsomer car than the 1914 Reo the Fifth.

Reo the Fifth, five passenger touring car, fully equipped in every particular, will be sold at \$1250 f. o. b. Alliance, a reduction of \$220 on last year's price.

Phone 118 for demonstration.

THE BRITT GARAGE

ALLIANCE, NEBRASKA

Something About Government Ownership

No. 1

There are approximately 15 million telephones in the world. More than half of these—8 million in round numbers—represent the power and scope of the Bell System in the United States.

All Europe, with four times the population of America, has less than three million telephones.

America has a telephone for every ten persons—Europe has one for every 150 persons.

Consider the buying power of money here and abroad, and America has the cheapest telephone service in the world.

The wages of American telephone employees are double the lowest and average higher than the highest paid anywhere.

Every kind of telephone material except copper costs more here than in any European country.

Bell Telephone Service Has Set the Standard for the Rest of the World.

GRAIN AND HAY
MACHINES
Reapers, Binders, Harvesters, Mowers, Suckers, Hay Loaders, Hay Presses, CORN MACHINES, Planters, Pickers, Shellers, Shredders, TILLAGE, Peg, Spring-Tooth, and Disk Harrows, Cultivators, GENERAL LINE, Oil and Gas Engines, Oil Tractors, Manure Spreaders, Cream Separators, Farm Wagons, Motor Trucks, Tractors, Grain Drills, Feed Grinders, Knife Grinders, Binder Twines

STEEL frame on steel wheels—that is the lasting basis on which International manure spreaders are built. All parts, including box, beater, spreading mechanism, apron, are built by experts, using best materials, from careful designs based on field tests.

Every detail is strong and durable, built for long life and ease of draft. Among the features that will interest you are these: Simple protected beater driving mechanism, all of steel; load carried on rear axle, insuring traction; reversible gear and worm; low, easily loaded box, with ample clearance underneath; end gate, preventing clogging of beater while driving to the field; etc.

All styles are in the IHC spreader line, high and low, endless and reverse apron, and various sizes for small and large farms. Our catalogues will tell you more. Write for them and let us tell you also where you may see IHC manure spreaders.
