

ANGORA NEWS

(By Herald Correspondent.)

Angora, Nebr., May 9—Miss Rena Dyson was not able to go to her school Thursday and left on the afternoon train for Bridgeport for a few days rest.

Miss Meryl Harmon was quite seriously injured Thursday by being thrown from her horse.

L. D. Carnine and Miss Tevila Crawford were Alliance visitors on Thursday.

Gene Hall has resigned his position at the Hall & Graham ranch and will go to Wyoming to locate.

C. C. Scanlon and wife were in Alliance between trains Thursday.

Mrs. A. G. Stoner, R. V. Maybell and Miss Rena Dyson entertained informally Wednesday evening at a "shower" for Leo Carnine and Miss Tevila Crawford. Only relatives and a few personal friends were present. The event was a complete surprise to the guests of honor, who received with becoming grace the many beautiful gifts of linen, lace, silver and art. No formal announcement of the coming marriage of Mr. Carnine and Miss Crawford has been made, yet the relatives and friends know of the happy event. It would be hard to find a more genial couple than they and their friends are numbered by those who know them. Mr. Carnine is a prosperous and cattle man. Miss Crawford lives on a home stead of 640 acres joining Mr. Carnine's land.

In an interview with Mrs. Emma Crawford, mother of the bride to be, and who has been making her home with her daughter on the homestead, she did not give the exact date of the event but said the invitations would be out in the near future and that the marriage would take place at the old family home in Comstock, Nebraska.

Postmaster Walsworth is doing the farming act this week.

The home of R. H. Atwell and wife is gladdened this week by the presence of all their children except one daughter who lives in Kansas.

Mrs. Ray Ely is visiting friends in Morrill this week.

Mr. and Mrs. Bob Elliott and four children of Springfield, Mo., are visiting Mrs. Elliott's parents, R. H. Atwell and wife.

Zack Fugate, wife and children of Bridgeport are guests of Angora relatives.

Work is being pushed on the new bank building. The bank will be called the Angora State Bank.

Mrs. C. L. McDaniels visited Alliance the first of the week.

NORTHPORT NEWS

(By Herald Correspondent.)

Everybody's doin' it. Doin' what? Planting corn.

The Northport school gave a fine program! Many interested parents and friends were present in spite of the rain. Northport has many good reasons to be proud of their teacher, Miss Uncapher.

W. D. Gibbons and family moved to Wyoming.

Mr. and Mrs. Clarence Mount are the proud parents of a little baby girl, born April 26.

J. Jenson, who has formerly been section foreman on the Burlington at Bridgeport, has resigned his position and is now a railroad employe here. His family is with him here.

Pete Rogers and wife are visiting here with Mrs. Jesse Mount. Postmistress here. Mr. and Mrs. Rogers are the parents of Mrs. Mount.

J. J. Miller and family of this place moved to Sterling, Colo., where they will make their home.

CHADRON NORMAL NEWS

(By Herald Correspondent.)

(By Herald Correspondent.)

Mr. Schweitzer spoke to the fifth, sixth, seventh and eighth grades of the model school on last Friday morning.

President Sparks went to Alliance last week where he acted as a judge in the Alliance-Sidney debate.

Miss Clark and Professor Wilson addressed a meeting of the Equal Suffrage club held in the Christian church on last Saturday evening.

The class day exercises of the seniors will be given on Thursday evening, May 21st, at the Normal. Friends of the seniors and of the school invited to attend.

Saturday afternoon Miss Copeland was the delightful hostess to the faculty ladies Kensington at the home of Mrs. Jeffers. Miss Copeland, assisted by the Misses Swedberg, Delzell and Pollock served a delicious two-course luncheon.

The cross country run, which was to have been held last week, has been postponed on account of the rains, but will be held as soon as

possible. A loving cup, which is now on exhibition at Starrup's jewelry store, is to be awarded to the winner. All are urged to be present at the contest.

The work on the girls' dormitory is progressing rapidly. The men are now engaged in putting on the roof, and also in completing the interior of the building. As many as nineteen men at a time have been employed recently. The building will be ready for occupancy by the opening of summer school. Excavation has begun for the new wing extension.

Mr. Schweitzer, who was in Chadron in the interest of the Y. M. C. A. gave a very excellent address to the students at chapel last Thursday morning. He brought out very clearly that it is not money or position which counts the most in life, but character, and gave many excellent examples to illustrate his point. The students are always glad to listen to the excellent talks by men actively engaged outside of school as well as men from other normal schools and from other parts of the state.

The Verein Germania held its regular meeting Wednesday of last week. This meeting was the best attended of any meeting since the beginning of the last semester. A short business meeting was held first, at which it was decided to send away for more samples of pins from which to select. Most of the time was spent in practicing German songs in the new song books. Miss Copeland kindly consented to direct the singing. The next meeting of the club will be the last meeting of the year, and a special program will be given, in which all the members of the club will take part. This will probably take place in the evening. Miss Steckelberg has sent for a picture catalog from which the picture committee appointed by the German club will select the picture which the club intends to present to the Normal as a remembrance.

THE SPECIAL CORRESPONDENT

Perhaps you have noticed, that on some news there is printed the word "Special," which is apt to deceive the ordinary reader, because it will make him think that the news item thus marked is written especially for the paper he sees it in, and to prove this is not so, I will give the following example.

Farmer Jones, who is on his way to Keebosh City, finds a snakes nest in which are about a dozen eggs, he takes them up and puts them in his hat. One reaching town he finds that they have hatched out.

Jim Mallery, Special Correspondent, happens to hear it, and writes a 200 word story about it which he sends to one paper in every large city in the country. Some will except it and some will not, but those that do will pay at the end of the month when Jim sends in his bill.

You may wonder how he knows the name of these various papers, well, he has a book, known as the newspaperman's Bradstreet, which tells how much the papers pay a word, what kind of news they want, their names, their syndicates, etc.

Jim is always on the watch for news which will interest the entire nation, or just one city.

For instance if John Smith of Chicago, is arrested in Keebosh City, Jim will send to a Chicago paper and ask him many words they want about John Smith.

But if John Smith happens to be a man of national fame, Jim would not try to sell the news or write a story about it as the A. P. (Associated Press) would handle it.

The first class special man earns more than any other class of newspapermen, but he sometimes has enormous expenses, although most papers are willing to pay their share of, and of course all his telegraph messages are sent collect.

Most of the foreign correspondents and society correspondents in other cities, than where the paper is published, are "specials."

Of course there is some news of this class which is "syndicated stuff"

PERU NORMAL NOTES

Peru, Nebr., May 8—The most interesting baseball game of the season was played here Tuesday afternoon with Bellevue. The score was 7 to 6 in favor of Peru.

A rally was held Wednesday morning at chapel at which time orders were taken for Peruvians. The Normal band furnished music. Over 500 orders were sent in or Peruvians.

Prof. R. C. King, register at the Kearney Normal, visited the Peru Normal Tuesday.

Emmert Donovan, who has been having special voice training under Prof. Austin, head of the voice department, gave a very fine recital in the chapel Friday evening.

Miss Alice Loomis, formerly head of the domestic science department

at Peru, now holding a similar position at the State University, visited her many friends in Peru last week.

Mrs. J. W. Searson of Manhattan, Kas., wife of Prof. Searson, formerly a member of the Peru Normal faculty, was the guest of Prof. and Mrs. Delzell at Peru last week.

The southeast Nebraska high school track meet will be held on the athletic field Saturday afternoon. A splendid program is planned and music will be furnished by the Normal band. Fifty visiting athletes will take part, representatives from Nebraska City, Auburn, Tecumseh, Pawnee City, Schubert and Falls City.

COTTONWOOD CHIPS

(By Cottonwood Valley Steve)

H. L. Robbins was in town Saturday after supplies for his ranch.

L. N. Worley is not improving very fast.

G. G. Clark and family was calling at Otto Hagaman Sunday.

Mrs. Ralls of Bonner was in town Saturday shopping.

Fred Schwaderer delivered his cattle to H. E. Fisher Friday for the summer.

C. C. Coker of Bonner was transacting business in town Saturday.

R. R. Reddish made a business trip to Bridgeport Friday.

Miss Shirley Hagaman was in town one day this week, shopping.

Guy Worley and family was visiting at the Macey Ranch Sunday.

John Wright left his family to shift for themselves for a while for he is courting this week as he was craven as a jynan.

Fred Polbins and family and Arthur and family took a 23 mile joy ride Sunday to Sioux county to visit Rev. John Shankton, an early day settler, but who has been absent for 25 years, was calling on old friends in the valley a few days this week.

Mrs. R. R. Reddish had the pleasure of a short visit with a cousin this week whom she had not seen for several years.

Miss Shirley Hagaman was assisting her aunt, Mrs. Cal Underwood, a couple of days this week.

The assessor wishes to thank the taxpayers of Wright precinct for the general kindness shown to him all over the precinct.

P. J. Nolan is having a ranchman's experience when they got out of water, as it seems that he is not lucky in making a well. Call in Joe Carey, Pat.

Cal Underwood says that he thinks this a very wet country for a man cannot go to town any more without getting soaked.

P. S. Mailey's wife and mother had a joy ride to the J. C. Hawkins ranch Sunday. Perry says that Jane can cook a good cake.

It seems that true love does not always run smooth, at least that is Mr. Miles Hagaman's story. He has thought several times that he was

sure married, but there was always an obstacle. Last Sunday he thought it was a sure go, so he purchased a \$40 suit of clothes, and, all spruced up, he called on the bride to be, when low, his ill fortune still pursued him. We haven't learned what he did with his fine suit but he is batching the same as of yore, at least he has the sympathy of all his old friends.

OLD HICKORY CHIPS

Were it not for women we are told, all the men would be savages. It is far better to marry for riches than for a chance to get even.

This trouble might have never occurred if Gen. Rosy Jones had had foresight to march on Mexico City. Teaching Huerta etiquette is like teaching a bear to dance.

Mexico is shocked to find the United States still on the map. Hampton Roads is the place where the naval tornadoes come from.

It is just possible, of course, that after Conan Doyle meets Wm. J. Burns he'll want to suppress Sherlock Holmes as a back number.

There may be times when a president needs support more than he needs advice.

Any friendly relationship of Huerta, Villa and Carranza must be in the nature of what Prof. Houston's chemistry experts would describe as an unstable compound.

No doubt a number of people in Mexico City would be willing to put up electric light "Welcomes" to the United States troops if they arrive

ahead of Villa.

Three are times when a man must be strong in the courage of his convictions to stand by a manana policy.

LESS MEAT IF BACK AND KIDNEYS HURT

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

VINCTOR

Registered Trotting Stallion

Registered by the American Trotting Register Association.

Foaled at Lexington, by Galeria, and sired by St. Vincent. Weight 1150 pounds. Passed the state inspection of Nebraska and was registered sound March 14, 1914.
