### Fine Pictures of Fine Stock

The Bee Engraving Department  
Can Make Them

A successful breeder increases his patronage by going after business instead of waiting for it, and knows where to go when he wants good printing work done. We want to make engravings suitable for the printer to use on your work. Send us your photograph and we will tell you the amount it will cost to produce the cut.

We have a first class photography department and could arrange to have a photographer come to your place and make your pictures of animals if you have sufficient work to justify the expense. For further information write us.
