SELLS-FLOTO CIRCUS
25 CENTS
& BUFFALO BILL himself

Timely Horse Notes

New oats and hay had best be omitted from the work horse's ration until cool weather.

Foals at this season need a little oats daily to keep them growing rapidly and to prepare them for weaning.

In hot weather all horses should have a good drink after eating their evening feed. Turn them out nights if possible.

According to reports received at the University Farm, horses are approximately \$35 a head cheaper than they were a year ago, yet this year's foals may mature at a time when prices will well repay for feed and care.

If you have to use sweat pads try one of the black, two-piece kind made of oilcloth. They are cool, dry and practical.

Flies are unusually bad this season. Darken the stables where practicable. Treat little sores carefully and keep them protected from flies.

This is the season to detect horses which have been overheated. Wind-broken horses are easy to detect at any season by their noisy breathing. From a practical viewpoint, however, they are generally more useful in the fields on hot days than are the summer panthers.

Half a Million Matches a Minute

It will take just about a minute to read this advertisement.

While you are reading it, nearly half a million matches will have been struck, burnt and cast aside, in this country alone.

That gives you an idea of the extent to which matches enter into the everyday life of the American people.

Of the hundreds of different brands of matches made and sold in the United States, there is but one best.

Company. It is a safe match for the home.

Safe Home Matches light easily, but not too easily. They are safe—safe and sure.

The sticks are extra long and extra strong. Safety again!

They are non-poisonous. Safety once more.

They cost no more than other brands of matches. As a matter of fact, they cost less, because every Safe Home Match is a match.

It is called the Safe Home Match. It is made by the Diamond Match

5c. All grocers. Ask for them by name.

The Diamond Match Company

CIVIL SERVICE EXAMINATION

RUNAWAY HORSE BREAKS NECK

Valuable Animal Slips and Falls on Crossing, Striking Head and Breaking Its Neck

A team attached to one of the Alliance Delivery System wagons ran away Monday afternoon near the court house. The horses were running rapidly and when they were the court house one of them, a gray horse, slipped and fell, striking its head on the stone crossing. Its neck was broken by the fall and it died instantly.

The accident is a rare one and an expensive one for Dwight Zediker, owner of the delivery system.

We want you to get our club of four magazines. We sell The Herald and four big magazines all one year for only \$1.68. Send your order today by phone or mail.

DRILL FOR OIL IN HOLY LAND

Brother-in-Law of Alliance Man on Way to Bible Lands to Drill for Standard Oil Co.

W. F. Brown, brother-in-law of Bates Copeland of Alliance, and brother of Mrs. Copeland, is on his way from California to the historical Bible town of Joppa, in Asia Minor, to drill for oil for the Standard Oil Company.

The following article, taken from The Sawtelle Tribune, of Sawtelle, California, dated July 17, tells of the expedition:

"In order to start the development of an oil field near the historical Bible town of Joppa in Asia Minor, the Standard Oil Company will send a number of California oil men to that place at once. The men who will go to take up the work there are all experienced men from the fields near here. W. F. Brown, driller, of 329 South Sixth street, will be one of the party, which is expected to start next week. Eight others will go, seven from Los Angeles and one from Ocean Park. The necessary tools and rig timbers for the work were started some time ago from Pittsburgh, Pa.

The party will go first to New York and sail from there about July 30 for London. After reaching the continent from London the party will take train for Constantinople, and from there to Joppa by boat.

"The men are given a year's contract with the company, with the option of a two years' extension, and are to receive \$195 a month, with quarters and living expenses furnished. When operations are under way in the new field, if desired, the company will furnish quarters for married men, so they can have their families with them. Mr. Brown expects to send for his family after he has become established, and they will be looked after by company representatives while en route."

TEN MILLIONS GOOD ROADS

\$10,250,000 Will Be Available for Nebraska Road Improvement if Bill Becomes Law

Washington, D. C., July 21—Nebraska will be able to use the credit of good roads to the extent of \$10,250,000 if the federal aid bill ordered reported by the senate committee on postoffices and post roads becomes law. In order to avail itself of this sum, spread over a period of ten years beginning not earlier than July 1, 1918, Nebraska must vote an equal amount of 4 per cent bonds. These would be deposited with the federal treasury and the state would then be given the receipts from an equal amount of 3 per cent bonds to be issued by the federal government. The 1 per cent "profit" would be diverted to a sinking fund which, at the end of fifty years, would provide half of the necessary redemption fund.

On an apportionment based on area mileage of roads, population and assessed valuation, Nebraska is credited with 2.05 per cent of the whole sum to be made available in the United States. South Dakota would receive \$7,900,000, Iowa \$12,500,000, Wyoming \$5,250,000, and Kansas \$16,400,000.

Vacation Auto Trip
Norman Newberry and Everett O'Keefe started Monday morning for the Black Hills in the Newberry car for a ten days outing trip. They will visit different points of interest in that section of the country before returning next week.

Correction of Mistake
In the article in The Herald last week, telling about the purchase of a motor truck by the city council, a mistake was made which gave the wrong impression regarding the Willys truck. The article stated that the bid on this truck was for \$4,350, whereas it should have said that the bid of the Keeler-Coursey Company of Alliance, local agents, was \$3,150, f.o.b. Alliance.

Cooking With Pleasure

You can make, cooking a pleasure during the hot summer months by using a QUICK MEAL GASOLINE or OIL STOVE, and the saving on fuel is worth your consideration. There is a size for every requirement. Prices from \$3.50 to \$36.
