1914 Crops Will Advertise Your Locality!

Why not let the East see the best crops that your locality has produced this year? Do this by assembling a limited exhibit of the best 1914 products of your county; you can do this either by county co-operation or by individual effort. Arrangements will be made by our local agent for the transportation of these samples, properly packed, to the Burlington's extensive exhibit in Chicago of the products along its line; this Exhibit occupies the ground floor corner of the Burlington's General Office Building, in the heart of Chicago. Is your locality represented in this exhibit with the best you grow? Have not some of your farmers something better this year than last?

Get in touch with your county organization, or with your local agent, or with me. Your county will have full credit and advertisement.

Ellis and the Federal Site Association have signified their willingness to pay their share of the cost of cluster lights on Box Butte Avenue from Fourth to Fifth streets. Those who have not yet signed are the N. A. Ark estate and the Eagles lodge.

The following committees have been appointed for labor day picnic and celebration:

General Sports: Bruce Mallory, chairman, P. E. Romig, F. Abegg, Chas. Hill, Roy Strong, C. L. Emerson.

The Alliance-Hemingford game will be between a picked team from the city league. There will be no charge at the gate and the grand stand will be free, but each person is to bring his own lunch. Tables will be placed for the supper. Joe Smith will have for sale ice cream and soda pop but all attractions, including the big ball game, are free.

The above committees have charge of the entertainment for that day.

It has been decided to have another big dollar day on September 5, at which time Alliance merchants will offer special dollar day bargains. All sales will be for cash only and some of the best bargains ever offered will be placed on sale on that day. The committee is making special arrangements for this and a new feature will be offered, which will be published later. Watch the papers and the ads for the big bargains offered. Save your dollars for Dollar Day.

The new booklets are out and are being distributed by the secretary. If you have a friend that is looking for a good country in which to locate send them one of these booklets. They are the best and most complete ever issued and the secretary will be glad to furnish you with all you want. For the convenience of the strangers who come to our city a neat sign has been placed in the following places calling attention to this free literature: Depot News Stand at depot, Burlington hotel, Alliance hotel, Drake hotel, Atlas hotel, and the Library, and literature has been placed at these places so that it can be easily secured. Early next month a special postal card day will be featured at which time EVERY citizen in Alliance is asked to send five postal cards and that many of these booklets to their friends. By the co-operation of all it is hoped to get in touch with a great many people.

Secretary Fisher has just arranged with the State Agriculture College for a big dairy meeting early in October, at which time dairy experts from the Agriculture College will be present and give talks on dairying in western Nebraska. It is planned to offer prizes for the best milk cows and those who want to enter should notify the secretary.

Although the silo trip is only a few weeks old, four new silos are now under construction and six more are being planned for this fall. D. E. Purinton, one of our farmers, says this: "The silo trip which the Alliance Commercial Club planned and carried out in my mind was the biggest and best thing they have ever undertaken since the new club was started. I expected about four farmers would make the trip but instead, over thirty attended and it certainly speaks well for the management. Regarding the farm demonstrator, will say we farmers should have a representative and what ever the Alliance Commercial Club will do in securing such an organization will be a boost for them in the right direction. We want a man that will work for the farmers' interest just like the Commercial Club secretary works for the town and business men, and if it has been a success in eight counties in Nebraska there is no reason why it should not be a success here."

The following are erecting silos or will build them this fall: Art Grove, Dave Purinton, Julius Atz, Chas. Sisley, A. L. Davis, F. Seidler, Guy Rust, C. L. Powell, T. H. Barnes, Geo. Milliken, Oscar Brush, C. A. Newberry, J. H. Hrick and W. J. Johnson. This will double the number of silos in the county, which is a development in the right direction.

Summer Constipation Dangerous
Constipation in summer-time is more dangerous than in the fall, winter or spring. The food you eat is often contaminated and is more likely to ferment in your stomach. Then you are apt to drink much cold water during the hot weather, thus injuring your stomach. Colic, Fever, Ptomaine Poisoning and other ills are natural results. Po-Do-Lax will keep you well, as it increases the Bile, the natural laxative, which rids the bowels of the congested poisonous waste. Po-Do-Lax will make you feel better. Pleasant and effective. Take a dose tonight. 50c at your Druggist.

Service—Low Cost Service

That characteristic is long continued service, apparently everlasting service—and the consistent low cost of that service. That's the service from which HUPMOBILE reputation springs; the service that has made the HUPMOBILE "The Car of the American Family."

That's why HUP owners are our most successful salesmen.

And isn't that quality what you consider, first and last in any car?

How will a lower price compensate you a year from now, for a worn, shabby down-at-the-heel car, which you are forced to sell for a song?

How will a natty exterior this Spring compensate you for a broken down exterior next Spring?

Continuous service at a lower cost and a higher price when you want to sell at second hand—that's what makes HUP owners loyal to the car.

Think this over next Spring, think of the one hundred thousandth mile and not of the ten thousandth—and your investigation will surely bring you to the choice of the HUPMOBILE.
