SPLENDID HIGH SCHOOL SHOWING

In an editorial in last week's Herald, referring to advertising done by the board of education at Broken Bow, the statement was made that the Alliance High school has a reputation for excellent work. Since that editorial was published, we have secured data that conclusively proves the statement. There are now enrolled 175 students. Of this number, forty are nonresidents, paying or working for their board. When it is taken into consideration that there were only thirty-three country, eighth grade graduates in 1914, in Box Butte county, this makes a splendid showing, especially when it is further considered that these forty nonresident students come from at least five counties, namely, Box Butte, Sheridan, Morrill, Cheyenne and Scotts Bluff. Nine of the thirty-three country, eighth grade graduates of Box Butte county this year are now students at the Alliance High school.

While the Broken Bow High school makes a good showing in enrollment as compared with the enrollment in the first eight grades there, it is doubtful whether it makes as good a showing as the Alliance High school when compared with the number of eighth grade graduates in the county.

HEMINGFORD NEWS

Walter Marshall and Tony Kuhn went out Tuesday to pick up potatoes for Walt Kennedy.

Henry Winten of Canton neighborhood was attending to business matters in town yesterday.

The many friends of Miss Dollie Pierce will be pleased to learn that she is improving nicely from her recent operation, and from present indications will be as well as ever in a few weeks.

Hemingford was fairly represented at the Crawford Tri-State Fair last week, some going up on the train, and others in autos. The Hemingford base ball team went down to defeat on the Crawford team Thursday, Ardmore winning from them by a score of 8 to 1, and they lost again on Friday to Wayside; score 7 to 2. Feature of Friday's game was the pitching of Rupe Walker, who struck out 17 men during the game.

Alex Olds, assisted by C. A. Dow, of Alliance, has been busy the past couple of weeks wiring residences and business houses for electric lights. Among those recently having lights installed are K. L. Pierce, residence, and C. A. Burlew, store and residence.

The fire sale last Saturday was not largely attended, but most of the stuff was sold for a fair price, considering the fact that everything had been damaged by fire. There was quite a demand for the tin siding from the buildings.

None of the Journal property was sold, as the crowd had begun to disperse because of the lateness of the hour.

The party of Republican candidates who have been making a tour of western Nebraska passed through here last Saturday morning and stopped for a short time. Mr. Howell, candidate for governor, gave a short talk, and others of the party distributed cards and literature. Earl Malley joined the party at Alliance and continued the trip with them. They were also accompanied as far as Marsland by Roy Strong, Si Thompson, and John W. Thomas, of Alliance.

Club Meeting

The Hemingford Woman's Club will meet on Saturday, Oct. 3, at the home of Mrs. A. M. Miller. The topic for the day is "Our State Schools." Mrs. Rustin of Chadron will talk on "The Normals" and Miss Mabel Kuth will speak on "School for the Deaf and Blind."

Priest Locates Here

The Rev. Father Keyser arrived here the latter part of last week, and will take charge of the Catholic parish work here. We understand that work on his residence will be begun at an early date, on lots just west of the Catholic church.

Doctors Give No Hope

Dr. C. E. Teter was called out to the Henry Brus home near Canton Saturday to attend Mr. Brus, who has been afflicted with stomach trouble for some time. About two months ago he was operated upon for appendicitis, in Omaha, the local doctors say that he had no signs of the malady. Ulcers of the stomach is what Doctor Teter diag-

nosed the case. Mr. Brus has had five hemorrhages within the past four days, and the doctor has said that he could do nothing for the sick man.

Mrs. Rolla Johnson returned last Friday from Denver, where she attended the services held by Rev. Billy Sunday.

Anspach, the horse buyer, is again driving with Ed Mabin, buying another car of horses.

Chas. Wallace came in from the Sioux county ranch Monday and is spending a few days in town.

Chas. Evans and Jas. Tollman of Marsland were attending to business matters in our city on Monday.

Mrs. W. C. McClung returned on Tuesday forenoon from a short visit with relatives at Gordon.

Miss Emma Kriz departed Sunday for Chadron, where she will attend school this winter.

Another fire was nipped in the bud here Saturday evening. Mr. Frank Caha was lighting the gasoline lights in his hardware store when fire started from a leak in the wire connecting the lamp with the gas tank. Quite a little gasoline had escaped and the fire spread on the floor, but prompt action on Mr. Caha's part extinguished the flames before any serious damage was done. Mr. Caha had his hands quite badly burned in the scrimmage, but at this time is attending to his duties in the store, very happy that there were no more serious results.

Potato harvest is in full swing at present, and pickers are in demand. Farmers are in town every day hunting men, and from the wages that are being offered, it seems that there may be some little difficulty in getting help to do the work. Pickers at present are getting from \$1.75 to \$2.25, and the indications are that the wages will be higher before the season has advanced very far.

Drives Auto from Pennsylvania

Louis Angelier of Somerset, Pa., arrived here by auto Sunday night, having finished a five weeks' trip. The trip was made in 48 H. P. Buick car. Mr. Angelier and Miss Evelyn McBurney were married in Chicago by Rev. Cox, formerly of this place, and the trip was continued from there to Omaha where the bride took train, in order to arrive here to attend to her duties as teacher in the public schools here.

Mr. Angelier reports a fine trip, having experienced no trouble except on account of rainy weather.

The principal cities en route were Cleveland, Toledo, Chicago, Clinton, Ia., Omaha, and the route for the most part was over the Lincoln Highway.

The little daughter of Mr. and Mrs. Frank Elliott narrowly escaped serious injury Saturday evening, when knocked down by an auto on the street crossing. It seems that the child was standing on the crossing with several other little girls, and did not notice the approaching car, the driver, Henry Halbur, sounded the horn several times, and applied his brakes immediately, the so close to the group of children that it was impossible to turn out or come to a dead stop. The Elliott child noticed the car and dodged at the same instant, striking the fender.

der. She was stunned and somewhat bruised by the fall, but otherwise uninjured.

Henry Carlock, an old tim Box Butte-er, arrived here the latter part of last week to attend to some business matters in connection with some land which he owns east of town. It seems that the land, a quarter section which Mr. Carlock pre-empted and proved up on some 25 years ago, has been used as range by C. E. Wiltsey for several years, without any recompense whatever to Mr. Carlock.

The owner asked for a reasonable settlement, and Wiltsey refused to settle, whereupon Carlock had notice served on Wiltsey to remove his fences in a certain time. That time has not yet expired, and it is not known how the affair will terminate.

Mr. Carlock left this country about 25 years ago. He has been in Old Mexico for the past eight years, having returned to the States at the beginning of the Mexican trouble. His family are located in Idaho.

SCHOOL NOTES

Esther Geiger and Bienne Rohrbach were absent one day each. Gail Price has been absent several days.

Friday, the pupils were given an opportunity to sing. The result was not a "howling" success. The organ was not in good working order which accounted for the lack of volume.

Sickening headaches, indigestion, constipation, indicate unhealthy condition of the bowels. Hollister's Rocky Mountain Tea makes the bowels work naturally and restores your system to perfect health and strength. Begin tonight. H. F. THIELE, October-4968

NOTICE TO VOTERS

GLASS OF SALTS IF YOUR KIDNEYS HURT

Eat less meat if you feel Backache or have Bladder trouble—Salts fine for Kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

Chamberlain's Cough Remedy—The Mothers' Favorite.

"I give Chamberlain's Cough Remedy to my children when they have colds or coughs," writes Mrs. Verne Shaffer, Vandergriff, Pa. "It always helps them and is far superior to any other cough medicine I have used. I advise anyone in need of such a medicine to give it a trial." For sale by all dealers.—Advertisement.
