The Commercial Club has extended an invitation to the state association of wheelwrights and blacksmiths, now in session at Norfolk, to hold their 1915 convention in Alliance.

Several magazines of national circulation have published articles regarding Alliance, furnished by the Commercial Club, within the last few weeks. These articles are illustrated with pictures and are giving Alliance much valuable advertising that could not be secured with money.

This Happens Often

Down in Oklahoma the other day a man went into a store to buy a saw. He saw the kind he wanted and asked the price. It was \$1.65 the dealer told him.

"Good gracious," said the man, "I can get the same thing from Sears, Roebuck & Co. for \$1.35."

"That's less than it cost me," said the dealer, "but I'll sell it on the same terms as the mail order house

just the same." "All right," said the customer, "you can send it along and charge it to my account."

"Not on your life," said the dealer. "No charge accounts. You can't do business with the mail order houses that way. Fork over the cash."

The customer complied. "Now two cents for postage and five cents for a money order."

"What?" "Certainly, you have to send a letter and money order to a mail order house, you know."

The customer, inwardly raving, kept to his agreement and paid the money.

"Now twenty-five cents expressage."

"Well, I'll be—" he said, but paid it saying, "Now hand me that saw and I'll take it home myself and be rid of this foolery."

"Hand it over to you? Where do you think you are? You're in Oklahoma and I'm in Chicago, and you'll have to wait two weeks for that saw." Whereupon he hung the saw upon a peg and put the money into his cash register.

"That makes \$1.67," he said. "It has cost you two cents more than if you had paid my price in the first place."—Michigan Tradesman.

Notice to the Citizens of Alliance
Effective November 1st a new system for fire alarm will be installed. Beginning with that date I respectfully ask all persons to refrain from using the telephone for at least four minutes after an alarm has been sounded. These four minutes are for the exclusive use of the firemen and the telephone company has instructed its operators to answer no calls within that limit of time. In case of fire do not call the driver of the fire truck but in all cases call central, giving her the exact location. She in turn will give the alarm and notify the driver. Above all do not call central for at least four minutes after an alarm is sounded. Your co-operation in this will be greatly appreciated.

POLITICAL ADVERTISING

RAY O. LYON
Republican Candidate for State Representative from the 73rd District

First study your candidates. Make character and morality the first qualification and competency and capability next. Few men receive nomination for office who, if imbued with honest intent and purpose, are not capable of attending the duties of the office. On the other hand, it makes no difference how talented and capable a man is if he does not honestly serve the public.

I will support every fair and consistent measure in the interests of the agriculturists and stockmen.

I will support a bill that after a thorough investigation, will justify the reduction of yardage and other charges at the Union Stock Yards at South Omaha.

I will support a bill for the sale of state school lands to actual settlers. Nearly all school lands left are in Western Nebraska and this would give us more settlers and taxes to properly maintain our schools.

I will support a bill allowing municipalities and counties to organize water power districts for the purpose of bringing the energy of our rivers to the use of the people.

I will support a bill to shorten the ballot by leaving off the names of the presidential electors and substituting therefor the names of the candidates for President and Vice-President.

If the University question fails to receive the required 35 per cent vote for removal or extension, I will vote for the proposition that receives a majority in the 73rd district.

I will support any measure that will benefit Western Nebraska and the 73rd district.

I will support a public warehouse bill.

I stand for the greatest possible development of Nebraska with profit to the people of the state and to those who perform the work of development.

Not every person can be a good cook and a good speaker as well. Some ladies are good cooks and can discuss cooking questions very capably. However, they feel that they are not capable of giving evening lectures. Our lady this year is to be Miss Aural Scott of Lincoln. We understand that she is counted by the Extension Department as one of their best evening lecturers. We trust that there will be a large attendance to hear her talk.
