

TRAIN SERVICE ESTABLISHED

New Through Trains from Denver to Billings, Running over the Burlington by Way of Casper

Train service over the Burlington's new line through the Big Horn basin, via Thermopolis and Casper, from Billings to Denver, has been in operation two weeks. Burlington officials state that the new train service makes no material difference in the amount of travel via Alliance.

The Burlington's bulletin regarding the new trains says:

"Northbound train No. 29 will leave Denver via C. & S. at 4 p. m., Cheyenne 9:10 p. m., Casper 5:30 a. m., Thermopolis 10:30 a. m., arriving in Billings 5 p. m.

"Southbound train No. 30 will leave Billings via Burlington at 7:20 a. m., Thermopolis 3:10 p. m., Casper 8:30 p. m., Cheyenne 7:30 a. m., arriving in Denver 12:05 noon.

The Colorado & Southern railway will operate the portion of the line between Denver and Hartville Junction. The Burlington operates that part between Hartville Junction and Billings.

Equipment: A through baggage car, a through combination mail and smoker, a coach between Billings and Thermopolis and between Hartville Junction and Denver, a through chair car, a standard sleeper between Denver and Thermopolis, a cafe-observation-parlor car between Billings and Casper.

"No change will be made in the present equipment or service between Denver, Billings and the northwest."

Handled Three Papers Last Week

The Herald's Intertype was very busy last week. In addition to handling a large amount of composition for ads and job work, including the ballots for the fall election, it has handled the typesetting for the twelve-page edition of The Alliance Herald, The Hemingford Journal (which is printed in The Herald plant), and the Dalton Delegate. Carl Thomas, The Herald's machine operator, handles the work like a veteran, and made several speed records during the week that would be hard for older operators to follow.

Let us forget—we say it yet—you can get three magazines for one year by renewing your subscription to The Herald. We want all of our old subscribers to get these magazines. We are selling The Herald with three magazines all one year for only \$1.75.

LESS MEAT IF BACK AND KIDNEYS HURT

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; it is a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Prof. Wallace's Newspaper

Prof. James S. Wallace, known to his intimate acquaintances as "Jim" Wallace, has been visiting Alliance friends the past week. He was formerly an employe of the Alliance Semi-Weekly Times and leader of the Alliance band, but is now proprietor of the Gilby Chronicle, published at Gilby, North Dakota. It is one of the neatest papers that come to The Herald's exchange table, and it is a pleasure to note the liberal advertising patronage which it receives.

Mr. Wallace is a worthy young man and deserves a good business from the people of Gilby and the surrounding country.
