A Hot One
After God had finished the rattlesnake, the toad and the vampire, He had some awful "substance" left, with which He made the "knocker".

A knocker is a two-legged animal with a corkscrew soul, a water-soaked brain and a combination backbone made of jelly and glue. Where other people have hearts, he has a tumor of rotten principles. When the knocker comes down the street, honest men turn their backs, the angels weep tears in heaven, and the devil shuts the gates of hell to keep him out. No man has the right to knock as long as there is a pool of water deep enough to drown his body in, or a rope to hang his carcass with. Judas Iscariot was a gentleman compared to a knocker, for, after betraying his master he had enough character to hang himself and a knocker has not.—Salt Lake Times.

CHADRON NORMAL NOTES

Chadron, Nebr., Oct. 27—James Good of Omaha enrolled Wednesday in the first grade.

Miss Margaret Smith spent Saturday and Sunday at her home in Crawford.

Lester Gibson's eye has improved rapidly and he is again able to attend school.

On November 6th the Rapid City School of Mines will play the Normal at Chadron.

Blauche Daniels and Edie Grubb spent the week end at their homes in Rushville.

Mrs. Alva Slattery and Mrs. Roy Slattery and children were visitors in the primary room Tuesday.

The regular meeting of the Alice Freeman Palmer society was postponed on account of the football game Friday.

Beatrice Schenck, who is a practice teacher in the primary room, left last Thursday for Kansas City, Mo., for a few weeks' visit.

During the chapel period Wednesday, Superintendent Bodwell of Beatrice, Nebr., gave a short talk, which was enjoyed by the faculty and students.

The observation class spent last week in the primary room. It is interesting to notice the marked advance in their work since the last time observed.

Ila, May and Irene Conn were in Pine Ridge on Monday, Tuesday and Wednesday of last week. They were accompanied by Jean McLean, the little daughter of our preceptress.

Mrs. Stanton and Mrs. Schwiager were visitors in the primary room on Monday. We are always glad to have the parents visit the school and see what the little folks are doing.

Miss Driscoll's talk on travel, last Wednesday evening, proved unusual

SALTS IF BACKACHE AND KIDNEYS HURT

Drink lots of water and stop eating meat for a while if your Bladder troubles you.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, by moving all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

ly interesting. She dwelt especially upon life on board ship, bringing in little intimate details, which are usually omitted.

The sixth grade had a very interesting lesson on Boston one day last week. A large number of pictures were secured and pupils told of the places they would visit if they were in Boston.

Miss Delzell is teaching sewing to the girls in the fifth, sixth, seventh and eighth grades. Mrs. Rustin will have charge of the boys of both rooms in manual training as soon as the new wing is completed.

Sixth grade grammar on Monday was devoted to original story telling. Some of the topics chosen were: What I saw on my way to school; How to care for a horse; How to make a bed; How to wash dishes; A dish I have learned to prepare; Going fishing.

The mathematics department reports several examinations during the week just closed. The algebra I acquitted itself very creditably on Tuesday; the algebra III and trigonometry classes on Thursday.

The Normal has adopted the plan of providing a season ticket for the school activities. These will include all the functions of the year, with the exception of the senior class play. The price of such a ticket is three dollars. This is really a saving to students who purchase them and puts the various associations on a safe basis.

The class of '17 held a special meeting Wednesday. The election of officers was taken up, and Zena Gorr was elected president; Elizabeth Eaton, vice president; Mary Wilson, secretary-treasurer; May Conn, editor; and Melvin Wadley, sergeant-at-arms. Miss Clark tendered her resignation as class sponsor, since she has the sponsorship of the A. F. P.

IS YOUR BLOOD RICH?

Poor Blood is the indirect cause of much winter sickness—it allows chills, invites colds and sickness.

NOURISHMENT alone makes blood—not drugs or liquors—and the nourishing food in **Scott's Emulsion** charges summer blood with winter richness and increases the red corpuscles.

Its **Cod Liver Oil** warms the body, fortifies the lungs, and alleviates rheumatic tendencies.

YOUR DRUGGIST HAS IT.

Mrs. McClain's Experience With Croup.

"When my boy, Ray, was small he was subject to croup, and I was always alarmed at such times. Chamberlain's Cough Remedy proved far better than any other for this trouble. It always relieved him quickly. I am never without it in the house for I know it is a positive cure for croup," writes Mrs. W. R. McClain, Blairsville, Pa. For sale by all dealers.—Advertisement.

Society and feels that she does not have sufficient time to act as sponsor for both organizations. Miss Paine was chosen as sponsor.

On Friday, October 23, the seniors held an informal reception for the football teams of Spearfish and Chadron. The rooms on the third floor of the Normal building were appropriately decorated in pennants and colors of the two schools. The guests were first entertained with a football contest, which served to acquaint the members of the teams and the class with one another. The prize in this contest was won by Miss Ila Conn. Various other stunts occupied the rest of the evening, the most entertaining one being the flight in an aeroplane. A Hallowe'en supper of sandwiches, pickles, pumpkin pie, and coffee was served "en buffet". From the evident enjoyment of the home and visiting teams, one would judge that the event did much to promote a friendly feeling between the two schools.

In the first game of the season on a heavy field, Spearfish crossed the Normal line, near the beginning of the second quarter, then failed to kick goal. Straight football and punting characterized the first half. Both sides then opened up and attempted a series of formations and forward passes. Neither line had much advantage over the other; most of the playing being done by the back fields. Neither goal was in danger at any time, nor were any sensational plays made. Weymouth and Bice starred for the backs, Houghton, Klingaman and Pitman came to the front and surprised the fans by their playing. This was the first game the majority of the men ever played, and it was quite evident that on a dry field the score would have been reversed. Substitutes: Gibson for Wadley; Bigelow for Gibson; R. Fisher for Foster. Referee, Mote. Head linesman, Philpott.

Walter Bowman has this week joined the college algebra class.

Mrs. Snow and Mrs. Lawrence visited the model school last week.

The trigonometry class are involved with the subject, Gonometry, at present.

Miss Macey McMillan spent last Saturday and Sunday with her aunt at Crawford.

The art class in Miss Delzell's room have painted the verse of Stevenson's "A Happy Thought".

Guy Coffee, a former Normal student, was in Chadron last week visiting at his home.

Mr. Hargis reports preparation in progress for another spelling match to occur on next Tuesday.

The little folks in the primary room enjoyed Hallowe'en games and stories for their language work last week.

Judging from the excellent work that is being done by the practice

teachers in the model school, we are going to have a number of fine teachers.

The game with the School of Mines at Rapid City has been postponed until November 21.

Miss Martha Grubb of Rushville spent Saturday afternoon and Sunday at the dormitory, the guest of her sister, Miss Edie.

School was dismissed on November 4, 5 and 6, so that teachers might attend the state teachers' association in Omaha.

A weather bureau, consisting of a rain gauge, and a maximum and minimum thermometer, has been set up on the school grounds.

New tables and more dishes for the dining room add much to the comfort of the dormitory girls.

The different organizations of the Normal school are planning to give a circus soon to raise money to be used for school activities.

The seniors have nothing in the way of news to offer this week. They are recuperating from their exercises during the football reception last week.

Miss Ernstein Thomas, who has been suffering from a severe attack of la grippe, left for her home near Whitney on Thursday morning.

The line of the football team has been strengthened this week by the addition of Walter Bowman at left tackle and Cecil White at right.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Don't look old! Try Grandmother's recipe to darken and beautify faded, lifeless hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.
