### Meyer Is Promoted

Prof. Earl Meyer, formerly principal of the Alliance High school, who went from here to Randolph, Nebraska, as superintendent of the schools there, has been appointed as superintendent of the Geneva, Nebraska, schools, to succeed Prof. Earl M. Cline, who goes to Nebraska City.

Prof. Meyer was married this summer to Miss Spacht of Alliance. Their many friends here will be pleased to learn of their success. The Geneva schools have twenty teachers and are known as one of the best systems in the state.

Prof. Cline was principal of the Alliance Junior Normal and ran for the Democratic nomination for state superintendent this year. He well deserves the promotion to his new place.

### It Really Does Relieve Rheumatism

Everybody who is afflicted with Rheumatism in any form should by all means keep a bottle of Sloan's Liniment on hand. The minute you feel pain or soreness in a joint or muscle, bathe it with Sloan's Liniment. Do not rub it. Sloan's penetrates almost immediately right to the seat of pain, relieving the hot, tender, swollen feeling and making the part easy and comfortable. Get a bottle of Sloan's Liniment for 25 cents of your druggist and have it in the house--against colds, sore and swollen joints, rheumatism, neuralgia, sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

### Preparing for Exhibition

The members of the Alliance Fire Department are spending much time in making elaborate preparations for the athletic entertainment to be given at the opera house on December 18. ## EAT AT CENTRAL CAFE

Remember the place, where we have always endeavored to give you the best. We have not entered business for speculation, seeking some stranger to sell to at a profit, later to start up expecting all to come to us and thus destroy the business of the man whom we sold out to. Remember, that there are men from outside of Alliance who are just as good as those who have always been here--perhaps the former are better.

## ON THANKSGIVING DAY
