### SMOKER HELD MONDAY NIGHT

Fair Number of Commercial Club Members Were Present at Monthly Club Meet

There was a fair sized attendance at the onthly commercial club smoker held at the city hall Monday evening. The question of a gas plant for Alliance was discussed. It is believed that the special committee appointed by Mayor Rodgers at a council meeting a short time ago will make a favorable report soon.

After some discussion, a new set of by-laws for the club was adopted. The paving proposition was discussed and talked on by C. H. Draney of Denver, the paving expert.

A petition to the county commissioners, asking them to put in a test well for irrigation by pumping was presented to the club and approved by them.

Tickets for the annual club banquet, to be held Monday March 1, will be on sale at the drug stores, barber shops and Commercial Club office. Members of the club are urged to buy an extra ticket and take along a member of the Junior Commercial Club, composed of boys attending the high school.

A complete report of the receipts and expenditures by the club for the past ten months, as well as the work done, will be presented at the banquet. This will also contain the new by-laws adopted at this meeting.

Following the meeting the club members were guests of the fire department at their home in the city hall at an athletic entertainment. Wrestling and boxing were enjoyed for more than an hour and it is but fair to the firemen to state that their work was better than many contests which have been put on in Alliance at high prices of admission. There are a number of athletes in the fire department who are made of good timber and who will make their mark in this line if they continue in it. They at least keep themselves in good physical condition by keeping up their athletic work.

A feature which was not on the program but which was thoroughly enjoyed by everyone was a boxing match between Secretary Fisher of the club and Chief of Police Jeffers. The men were stripped to the vest, sixteen ounce gloves tied on, and they boxed under "Markis of Kingsbury" rules. The fight lasted three rounds, when it was stopped on the grounds of humanity—in other words, the contestants were so out of breath by that time that they had to be supported by their seconds and the door had to be kept locked to keep them from escaping. The three rounds were fought without intermission. After the match was over the janitor collected three quarters of vest buttons, lost by the spectators who burst their vests laughing at this feature of the entertainment. Fisher distinguished himself by his footwork, leaping clear over Jeffers at times, while Jeffers was noted for his tremendous right and left swings which if they had landed would have put Fisher clear into the middle of next week. The fire boys received the thanks of the guests for their interesting entertainment.
