

## LEGISLATIVE MUTTERINGS

**Birthdays of Lincoln and Washington Commemorated in the State Senate This Week**

Lincoln, Nebr., Feb. 17—There have been exercises in the senate this week, commemorating the Lincoln and Washington birthdays. Senators Quimby, Hoagland and Bedford were the orators of the occasion and many of the visitors who were present on these days were given a sample of real senatorial speech making. It is a pleasure to note how men of both parties soon forget their partisanship when occasions such as these demand.

Secretary of State Pool and his office forces are now working overtime getting out a report upon the amount of taxes paid into the state by virtue of the corporation tax law. It is hoped to give a comprehensive showing, that legislation may be enacted with a better knowledge of the needs and the benefits to be derived.

There has been much opposition in the senate end of the state house upon the part of stock food manufacturers over the proposed new legislation sought by the Pure Food Department. It remains to be seen whether the fellows who sell so profitable an article from the standpoint of the manufacturer are to be allowed to proceed with inadequate laws regulating the business. Food Commissioner Harmon has the right idea and it is very much to the interest of every good citizen of this state that the pure food laws be the very best that can be made.

Representative Ainlay of Nance has introduced a bill providing for the selection of the seats of members to be made by drawing lots. In the past it has been the custom for members to make a grand rush for Lincoln to select their seats as soon as they were elected and as a consequence those living in the far west were forced to take the seats left after the members from the eastern part of the state had their pick. The bill has been reported for passage by the committee.

Lincoln's birthday was observed in the House by the reading of the immortal Gettysburg address and appropriate remarks made by Mr. Reiser of Thomas. At the beginning of the present session the slogan adopted was "Economy" and that slogan has been lived up to very sincerely. The employees committee of the House headed by W. J. Taylor of Custer has cut down the number of employees to such an extent that the payroll for the first month amounts to about half the sum paid out for the same time in previous sessions. The Finance committee with J. N. Norton of Polk as chairman has not as yet reported. It is understood that this committee is taking an ex-

tra amount of time this year in order to investigate more thoroughly all appropriations to be made. The committee is making a special effort to allow only those appropriations which will actually be needed during the ensuing two years. The purchasing of certain supplies has been stopped thereby eliminating quite an item of expense.

A bill fathered by Taylor of Custer prohibiting court reporters from accepting fees was indefinitely postponed in the committee of the whole house. A battle of words attended the consideration of this bill. Cronin of Holt and Lanigan of Greeley led the opposition.

When the senate refused to pass H. R. 112, after that measure had gone through the House with only eight votes in opposition to it, there was much talk about the two branches of the legislature getting at log-headers and of each branch retaliating on the other. The bill provided that no member of the State Normal Board should be selected from a county in which was located a normal school. The House passed this bill with all good intent. The Senate believing that the measure was brought out to prolong the fight between Thomas and Majors and that the board as now existing appointed by a democratic governor is entirely satisfactory, refused to take any part in the fight and decided to let the State Normal Board stand as at present organized. This episode however can not break up the harmony existing between the upper and lower branches of the legislature. It is safe to surmise that during the present session as in all sessions in the past many bills will be "killed" by one branch although they have passed the other.

## LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and nobody can tell. Brush it through hair.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either use the tonic at home or get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Get a 25 cent box of "TIZ" now at any druggist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

working more in harmony this year than ever before. The feeling against Douglas county which has existed in previous sessions is rapidly disappearing because the delegation is trying to prove that Omaha is taking an interest in the rest of the state and desires to co-operate with all parts of Nebraska.

The legislature has been grinding out a great amount of work during the last week. Speaker Jackson has a plan for holding night meetings, but if the work progresses as it has started this will be unnecessary. The Senate has passed and delivered to the House thirty-eight bills. The House has accomplished a little more having passed fifty-six bills, indefinitely postponed in the committee of the whole house twelve and "killed" thirty-one in the standing committee.

### NEIGHBORLY ADVICE

Freely Given by an Alliance Citizen  
When one has suffered tortures from a bad back and found relief from the aches and pains, that person's advice is of untold value to friends and neighbors. The following neighborly advice comes from an Alliance resident.

Mrs. J. E. Whaley, 422 E. Oregon St., Alliance, says: "Over three years ago my kidneys became badly disordered and the kidney secretions were unnatural. Whenever I stooped, sharp pains darted through my loins and it was hard for me to straighten. I tried many remedies, but all failed to help me until I used Doan's Kidney Pills. They brought relief in a short time and I continued using them until I was free from kidney complaint. I have had no reason to change my high opinion of Doan's Kidney Pills since I recommended them some years ago."

## WILL ELECT NEW OFFICERS

Eleven Delegates and Officers to Be Sent to Annual Convention of T. P. A. at Hastings

Post M. Travelers' Protective Association, held its regular monthly meeting at the Drake Hotel Saturday afternoon. The Post is in a flourishing condition, having ninety members at the present time. At the next meeting, to be held Saturday, March 13, delegates will be elected to attend the annual state convention to be held at Hastings on April 16 and 17. The Post will be entitled to eleven delegates, including the officers.

The dance given by the Post Friday night was a success, in spite of the fact that a howling blizzard made it impossible for many to attend who otherwise would have gone. John Wallace got out his big "jitney bus" and helped many out who could not wade the deep snow.

A new road will be opened up to Angola within a short time. This is due to efforts of the road committee of the Post, and also to the Alliance Commercial Club. The new road will make the distance practically the same as by railroad and it will be easily traveled by automobile.

### TOO MANY CHILDREN

are under-size, under-weight with pinched faces and poor blood; they do not complain but appetite lags, they have no ambition and do not progress.

Such children need the rich medicinal nourishment in **Scott's Emulsion** above everything else; its pure cod liver oil contains nature's own blood-forming, flesh-building fats which quickly show in rosy cheeks, better appetite, firm flesh and sturdy frames.

If your children are languid, tired when rising, catch cold easily or find their studies difficult, give them **Scott's Emulsion**; it supplies the very food elements that their systems lack.

**Scott's Emulsion** contains no alcohol and is so good for growing children it's apt to keep it from them.
