C. S. Radcliffe, county attorney of Cheyenne county, from Sidney, spoke of the rapid advance of Alliance. He told of the work at Sidney by commercial clubs. He stated that western Nebraska needs advertising to bring more settlers to its cheap and fertile farming lands. His speech was a model of eloquence, and he was applauded heartily after closing. Mr. Radeliffe is a former pupil of Supt. W. R. Pate of the Alliance city schools, who was formerly superintendent at Sidney.

Mr. Weber, of Crwaford, made an interesting talk on early days in western Nebraska and on the subject of good roads. He was formerly county commissioner of Dawes county and understood his subject

thoroughly. J. F. Lawrence, secretary of the Chadron Commercial Club, gave an interesting talk. He is a thorough live wire and although only starting his work there has made a fine start and the club there is doing big things. They have raised \$5,000 for from Harry Bubuque by E. V. Cra-

TRAFFIC COM.

Resolution Adopted by Crawford City Council Makes Substantial Re-Chamber of Commerce Brought up Before Alliance Club

At the organization meeting of the Commercial Clubs of Western Nebraska, held at the court house Monday afternoon, the following resolution, recently adopted by the Crawford Chamber of Commerce, was read. This was brought before the board of directors of the Alliance Commercial Club Tuesday noon and was referred to the traffic committee for their report on the same.

The railroads recently circulated petitions throughout the state, as stated in the resolution. The resolution follows:

Inasmuch as the railroad companies of this state have, thru their agents, circulated a petition petitioning the legislature and State Railway Commission to give the railroads of this state unbiased consideration as to their needs, which we fear may mislead the commission and legislature to believe that the public in general would be satisfied with and would agree to such raise in rates as the respective lines may submit to them for consideration. ELECTRIC RATES ARE LOWERED

duction in Charges for Electric Light and Power

Alliance is to have cheaper electricity, beginning with March 15th. At the regular meeting of the city council held Tuesday evening it was to establish the following rates, to take effect on the 15th of this month:

Electricity for Light: 1st 100 K. W., @ 10c per K. W. Next 100 K. W. @ 8c per K. W. Over 200 K. W., @ 6c per K. W. Electricity for Power:

4c per K. W. The minimum charge on all meters will be \$1.50 per month, with the 10 per cent discount now in force for bills paid before the 22nd of the month. There will be no change in water

rates for the present. Investigation has shown that the rates charged for has shown that the rates charged for water in Alliance are as low or lower than most cities of this size and that with the present cost of pumping considered, it would not be advisable to lower the water rates.

The council voted to assist the city library board by paying the light bills each month ast long as the present shortage of library funds

All claims against the city must be sworn to on the regular blanks provided for the purpose, in the future City Clerk George F. Snyder was instructed to see that bills are properly signed and sworn to before presenting the same to the board. Arrangements will be made for those making out claims to have them sworn to without extra expense.

\$295 Received by Volunteer Firemen at Gothenburg when They Give Annual Entertainment

Gothenburg, Nebr., March 3-The annual play given by the Gothenburg fire department, "A Prairie Rose," was a decided success both financial Mr. McClenehan, secretary of the ional success in keeping out of a ly and otherwise. The proceeds from the sale of admission tickets amount-

ed to \$295. The opera house was filled to its capacity. The characters of the play were composed of local people, and they all carried on their parts to perfection. Judging from the applause and comments it was more than pleasing to all present.

The Gothenburg Independent says The people who took part in the production of 'A Prairie Rose' must have been inspired to do their very best acting as the curtain rose, soon after 8 o'clock last Thursday evening, revealing to them the great crowd of good natured and responsive friends. Great credit those who chose, arranged and carried this annual event to a successful end. The play was moral and uplifting as well as amusing, and gave good satisfaction to everybody present.

On Wednesday evening, February 24, the department held election of officers, the following being elected: Chief. Arthur Johnson; assistant chief, Jesse Eujuene; president, Geo. Wilkins; secretary, R. F. Weathers; treasurer, C. T. Williams; board of trustees, Roy Gingrich, Dr. L. J. Boulier, Carl Quist; foreman hose company No. 1, Arthur Fredling; foreman hose company No. 2, Frank Anderson; foreman hook and ladder company, C. R. Frasier. At the close of the meeting a banquet was served at Beath's cafe.

NOW IN EFFECT

Fines and Imprisonment Provided for Violators of Federal Law Prohibiting Drug Sale

The act of congress prohibiting all persons from selling or giving away habit-forming drugs without a physician's prescription or under direct instruction, went into effect Monday. These drugs include opium, cocaine leaves or any compound, manufacture, salt derivative or preparation made from such drugs. Remedies that cannot be dispensed without a physician's orders include those containing more than two grains of opium or more than one-fourth of grain of morphine, or one-eighth of heroin, or one grain of codeine.

Violators of the law are subjected to a fine of not more than \$2,000 or introduced, but it is proposed to es imprisonment for five years, or both. tablish supreme judicial districts A tax of \$1 a year is fixed for all that will be more evenly balanced as

THE STATE HOUSE AND LEGISLATURE

State Senate Is Handling Bills with Rapidity but House Is Packed Full to the Brim

Lincoln, Nebr., Mar. 4-The Torrens bill, providing for court records of land titles instead of the abstracters' certificates, has passed the House and its sponsors claim that it will go through the Senate.

A bill providing for the sterilization of criminal insane was killed early in the session in the House, but a similar measure has passed the Senate and is again up for consider-ation by the lower body. At the session 1913 Governor Morehead vetoed such a measure.

The state will have a parole offic-er hereafter, and it will be his business to travel over the state, in connection with his other duties, examining jails and other public institutions, visiting paroled prisoners from the penitentiary, talking with their guardians and keeping general tab on their conduct.

The Senate passed a bill permit-ting the establishment of a saloon at Fort Crook. It came to the House and was promptly killed. Members of the legislature generally believe that there should be no liquor legis-lation and all bills o fevery kind hav-

ing to do with the saloon question are apt to be strangled in the House. President Potts and Secretary Richmond of the Legislative League have practically fixed the date for the next annua; reunion for Thursday evening, March 18. A committee is now working on a program, and definite announcements will be given out in a week or so. All present and former members of the Nebraska legislature are eligible to membership and the annual dues are \$1.50, including the annual banquet.

Proposed constitutional amendments for election of supreme judges by districts were introduced in the Senate and the House. The Senate has passed its bill which provides for seven judges to be elected by congressional districts. The House bill will be amended to read seven judges instead of nine, as originally plant the proposition of installing the proposed 500,000 gallon reservoir near the plant was discussed. The cost of the reservoir has been estimated all the way from \$4.000.

In order to adjourn for Saturday, the House put on extra steam Thurso'clock in the morning until after 10 tions which are kept on file. All o'clock at night, holding committee meetings, a caucus of the majority party and a night session. The Senate held its first Saturday session and worked industriously reporting bills for the general file. It now looks probable that at the close of next week the Senate will have reported out about all of the bills introduced in that body that will ever see the light. With almost three times as many bills to consider the lower body can hardly hope to get through March 15. Physical laboratory the list and a sifting committee will have to be invoked.

There are a number of bleeding necks about the statehouse since Chairman Norton of the House finance committee introduced the general appropriation bills last week. If the measures pass as originally drawn the appropriations will be cut about \$700,000 from the budget for the last blennium. Departments are being cut as to salaries and inci-Subinspector, electrical, male, dental expenses. Employees in certain offices and boards are being lopped off the pay roll and salaries will be equalized as between similar positions in the various offices. All appropriation bills must originate in the House but they may be amended when they reach the Senate. For Nebraska Firemen

At the annual convention held at Nebraska City in January a standard form of exempt certificate to be given firemen who have served five years was adopted. A copy of this form is given below. The Herald is furnished this form in nicely lithographed form, in colors, with the name of the department and town inserted, bound in book form, for a very reasonable price. If your department wishes to be strictly within the law in knowing that the form used is correct, and wants to give a certificate that can be framed by the fireman receiving it, they should have these forms. Write The Herald, Alliance, for full description and prices:

STATE OF NEBRASKA Firemen's Exemption Certificate
