## RULES FOR THE POTATO CLUB

Interesting Information for Boys and Girls of Box Butte County Who Want to Join Club

Below are given a list of the membership rules of the Nebraska boys' and girls' potato clubs, one of which is being organized in Box Butte county. Enrollment blanks and information can be secured from Miss Opal Russell, county superintendent. Mr. Seidel, Box Butte county farm demonstrator, can give any information desired on the matter.

### Membership Rules

1. Club members shall not be under 10 or more than 18 years of age by Jan. 1, 1915. Enrollment closes June 1, 1915.
2. Any individual in the state, irrespective of age, may be an associate member, which entitles him to all privileges of regular membership except that of competition for prizes or awards.
3. Club members shall make a special study of potatoes and potato culture. Bulletins and suggestions will be sent to members from the U. S. Department of Agriculture and the State College of Agriculture.
4. The club plot shall be at least 1/4 acre.
5. Each club member shall keep an accurate account of all items of expense, receipts, observations, and experiments connected with the club plot and shall make such seasonal reports as may be required by local, county or state leader.
6. Two copies of final crop report and story of "How I Made My Potato Crop" shall be made out and one sent to county superintendent and one to the State Agricultural Extension Service not later than Nov. 1. These reports shall be exhibited with potatoes in county and state contests.
7. One peck of seed potatoes carefully selected by club member from his plot shall be exhibited at county and state contests. No member shall be eligible in the state contest who does not compete in local or county contest if such is held.
8. In estimating profit, \$1 shall be charged as rent for 1/4 acre, club member's time at 10c an hour, and the time of each horse at 5c an hour. Seed potatoes, spraying mixtures, and commercial fertilizers shall be charged at actual cost, price determined by local markets. Manure shall be charged at 50c per load. (Manure is worth \$2 per load but only one-fourth its value is returned in a single crop.)
9. Two disinterested parties not relatives of club member shall measure plot, be present when one-half of plot is harvested, measure yield, and sign report certifying to size of plot and yield.
10. The report shall also be signed by local club leader, teacher, or county superintendent, certifying as to its accuracy.
11. Careful record must be kept of all potatoes dug from plot before the final harvesting.
12. Awards will be made on the following basis:  
Yield per one-eighth acre ..... 40  
Profit on investment ..... 30

Valuable prizes are always awarded to club members in both county and state contests. This will also be true for the year 1915. Such prizes, no matter what the nature may be, are a recognition of achievement, and will always be given to boys and girls who complete their club work with accurate and most successful results.

## SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at once when Back hurts or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

### "The Ford Psalm"

The Ford is my auto, I shall not want;  
It maketh me to lie under it in green pastures.  
It leadeth me into much trouble, it draweth upon my purse.  
Yea, though I understand my Ford perfectly, I fear much evil.  
For its radius rods, or its axles, might break.  
I go on the paths of death for its sake.  
It hath a blowout in the presence of my enemies,  
And I anoint the tire with a patch, and the radiator bolleth over.  
Surely this thing will not follow me all the days of my life,  
Or I will dwell in the house of poverty forever.

### MORAL:

Equip your Ford with one of the KooKoo clocks, and when the thing reaches a speed of 25 miles per hour, the bird will come out and sing, "Nearer My God to Thee."

A traveler who belived himself to be the sole survivor of a shipwreck upon a cannibal isle, hid for three days, in terror of his life. Driven out by hunger, he discovered a thin wisp of smoke rising from a clump of bushes inland, an derawed carefully to study the type of savages about it. Just as he reached the clump he heard a voice say:
