WATCH YOUR STEPS

AND come straight to our Coat and Suit Department. We have just received a sample line of coats and suits bought from the Style-Craft people. I bought these coats and suits at a saving of 25 per cent discount--that means a saving for you of \$5.00 to \$6.00 on every coat and suit you buy. I am not swearing at you; I am just telling you where Style-Craft coats and suits are on display. These charming garments are "man tailored" by experts and "STYLE" is needed in to stay. Gracefully sweeping skirts, fitted and semi-fitted coats, in fact every feminine fancy ordained by dame fashion radiates from Style-Craft garments. A profusion of models to select from, and there is sure to be one here that will please your fancy and pocketbook.
