

WATCH FOR AUTO POLO

This Exciting, Fascinating new Sport Will Be Feature of Stockmen's Convention in June

Cattle rustlers, cow punchers, ropers, all ye stars of the wild and woolly western pastimes—look to your fame, for the newest sensation of sportdom is going to enter the lists against you for the plaudits of the crowds at the Stockmen's Convention. Have you ever heard of AUTO POLO? It is the real up-to-the-minute thriller in the realm of sports and will be seen for the very first time in this section of the country as a feature attraction of the convention.

Ever since the closing of last year's convention, the Alliance Commercial Club has been on the alert, and have raked with a fine comb the lists of exhibitions, hippodromes, etc. from coast to coast in their effort to find something really high class to temper the form of sports we have been accustomed to. After long and careful consideration, and through the painstaking efforts of the Alliance Commercial Club, HANKINSON'S ORIGINAL BRITISH & AMERICAN AUTO POLO TEAMS have been induced to come to Alliance for a series of three games to mingle their skill and science in the handling of motor cars with our knights of the West and their bucking bronchos, and incidentally to fight for a purse of \$1,500, hung up by the Alliance Commercial Club to the winner of the series.

AUTO POLO has been the sensation of the East and Middle West for the past two seasons. First taken up by society in their never ending search for new thrills to tickle their fastidious tastes, it has added friend and enthusiast in every city and town where it has been shown. And not only will our social lights revel in the fascination surrounding this new sport, something to take them away from their pink teas and bridge whist parties, but the series about to be staged here bids fair to draw every cattleman from his pen, every farmer from his field, Indian from his wigwam, merchant from his counter, banker from his desk, all headed alike for the big Stockmen's Convention at Alliance for the big time awaiting them, and for their first glimpse at this new game.

All big things grow from a simple inspiration, and AUTO POLO had its original conception from the result of a wager between two motor car salesmen as to their respective prowess in pushing a tin can along the road with the front wheel of their car. Ralph A. Hankinson of Kansas City, a true son of the West, was a fortunate spectator at this unique contest. At that particular time the entire country was in a fervor over the International Polo Match waging between America and England, and with rare foresight, Mr. Hankinson quickly summed up the possibilities thrown out by the suggestions of this contest and grasped the opportunity they say awaits every man once in his life. AUTO POLO was thus launched with a whiz and whir into the front ranks of sportdom, enthusing masses and classes from the outset. The game was presented first in its crude form in the West. Experience and knowledge came thick and fast, and the management of Madison Square Garden, New York City, with its far reaching tentacles of "amusement scouts", claimed the privileges of its introduction to the critical tastes of the great metropolis. A three weeks' series was staged, and the result of this engagement is now well known to every lover of sport throughout the length and breadth of our land. AUTO POLO was the new cry, and across the water its fame has spread. At last something has been found with sixty seconds of action crammed into every minute of play. Motor races, motorcycle races, golf, baseball, even aviation, were forgotten in the mad scramble for the new sensation.

And now AUTO POLO comes to Alliance for the first time as part of the 1915 schedule in the International match now waging between England and America. The American team, twice victors over their British

brothers, eager to add more laurels to their already long list, and the undaunted Britishers, far from discouraged, grimly determined to wipe out the stigma of defeat of the past two seasons.

Five periods of ten minutes each constitute a full game of AUTO POLO. The rules are very similar to the regular Pony Polo game, with a natural revision to care for the difference between horse flesh and iron, steel and rubber. A short intermission is required between each period to administer to the wants of these untamed ponies, but there is not a dull fraction of a second during the whole time play is on. Each team carries a competent equipment of cars, players, mechanics, and helpers of every nature, and in some games, as many as ten to twelve cars are brought into play at its various stages.

Like any other sport springing to the front with such a gigantic leap, AUTO POLO has been subjected to the experiment of imitators. From time to time some new organization has sprung up presenting so-called "auto polo" only to share the same fate of falling by the wayside, and the Commercial Club has spared no expense in bringing HANKINSON'S ORIGINAL TEAMS here as a feature of the convention, in order that our people may see real AUTO POLO. These teams are world-renowned, and recognized as the only competent exponents of the game today, and the only players so far developed who are able to produce the real sensational game that the very name AUTO POLO inspires. Among these players, the only understanding to "go out and win". Turnovers, spills, head-on collisions, sprained ankles and broken noses are only incidents of the game—it goes on uninterrupted, some new player, some new car, ready on the dot to fill the gap, and not a moment of action lost throughout the period.

Some interesting stories have been told of the men composing these teams, of the intensity of their play while in action, contrasted with their mild mannerisms off the playing field. High bred, cultured and educated, they have turned to AUTO POLO as a satisfying answer to their craving for the thrills of life, and during the short existence of this Twenty-first century sport, their dare-devil dispositions seem to increase with each and every game.

The Commercial Club has shown rare judgment in varying the form of entertainment for our lovers of sport. Knights of the Rope and bucking bronchos will be here in all their old-time glory—our love of the natural sports of the West cannot be downed—but AUTO POLO bids fair to carry its fascination into the minds of numberless enthusiasts, after the shrieking of their motors, the backing and filling, twisting and turning of these little "gasoline ponies" in their mad pursuit of the ball, shall have passed on from Alliance.

REAL ESTATE BARGAINS

People who are looking for a home or farm, or for a money-making investment in any kind of real estate, will do well to call at our office and investigate the following:

Fine residence lots. In good location. For sale on easy terms.

Seven room house. All modern. On northeast corner lot. Six blocks from corner. At a bargain, on easy terms.

Good small house in northeast part of town. Six lots. Chicken house and stable. Easy terms with small cash payment. Good home for someone.

320 acres good farm land. Unimproved. Within five miles of Alliance. For sale or trade at a bargain.

On our lists we have a number of good ranches. Letters of inquiry are answered promptly. Tell us what you want and how much you have to invest. We can suit you. Phone 558.

THE POTATO QUESTION

Secretary of Hemingford Commercial Club Stopped Over in Alliance Sunday Morning

C. O. Rosenberger, secretary of the Hemingford Commercial Club, arrived here on No. 41 Sunday morning from the east where he has been the past two weeks selling a car of Box Butte potatoes loaded at Berea. Mr. Rosenberger landed a great many cars of potatoes from this section and is thoroughly posted as to market conditions. He said: "Farmers are largely to blame for the criticism Box Butte potatoes have on the market today. Merchants who buy our potatoes east say, 'We are cutting out your potatoes up there on account of throwing away, as a rule, more than our profits for handling, in "dry rot." Box Butte county at one time had the reputation of furnishing the best. Why can't we redeem this reputation? Place a quantity of potatoes upon the market that speak for quality, and then attach a prize according to that quality, and you will see a revolution on the market at large for our tuber products.

Three weeks ago I shipped into Box Butte county a car of Red River Ohio seed, from the Red River valley district of Minnesota. An accurate record is being kept of all who purchased of this car of seed to determine whether or not better results can be obtained by planting northern grown seed here, versus our home grown, both being planted at the same time and in ground of the same conditions.

Box Butte county farmers can make more money here raising potatoes for commercial purposes than they can in any other line of agricultural products, but in doing so they should be certain rules and regulations to go by, and every one interested in that line of commercial production should be one

The organization of a potato growers' association should be one

of the very first steps taken. Rules and regulations embodied in that organization to use all necessary methods to build up our quality and quantity, and to prevent the shipment of inferior quality from our county, unless in a class by themselves.

"I see no reason why our Box Butte County Farm Management Association could not take immediate steps in this direction. It is of vital importance."

D. R. Stansberry and R. V. Reddish attended the district shoot at Chappell on May 7 and 8, and were participants. On the first day Stansberry broke 139 out of 180, and Reddish broke 114 out of the total; on the second day Stansberry broke 145, and Reddish 139. Judging from their great increase in scores, it would appear as though with a little practice they could break the entire 180.

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body.

In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown.

To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutrient gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol. Scott & Bowne, Bloomfield, N. J.

When England delays action on the drink question is it a case of sober second thought?

Long ago folks began to wish they had something new to eat— And now— Along comes

Krumbles

A new food, a new flavor and a daintiness all its own.

KRUMBLES is made entirely of *Wheat*—the whole of the wheat berry—granulated, cooked and delicately toasted.

It's a new idea—a new *method* originated by W. K. Kellogg, of Battle Creek. The equipment is patented.

There can be no imitation of KRUMBLES. Every package of KRUMBLES is sure to be Kellogg's. You will find the signature "W. K. Kellogg" on the package, just as you do on Kellogg's Toasted Corn Flakes.

And the package is the famous damp-proof, air-proof Kellogg's "Waxtite" package.

Serve KRUMBLES all around to the folks at breakfast.

Pour a little cream or milk over it. KRUMBLES has a fine natural sweetness of its own, and the more you chew it the better it tastes.

At your Grocer's—

10 cents the package

W. K. Kellogg

KRUMBLES

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to flush Kidneys and neutralize irritating acids—Splendid for system.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

Try This Free Sample On Your Barn Door

THERE are just three short statements we want you to read about Standby Barn Paint.

First—We want you to try it free of charge. See the color and finish—note how it spreads and how it works under the brush. We will give you a sample.

Second—Look at the formula on the can. You will see that 43.7 per cent of the liquid is pure Linseed Oil, the highest percentage of oil of any barn paint on the market.

Third—We guarantee the wearing quality of Standby Barn Paint for five years when it is applied properly.

These three statements tell the whole story of

STANDBY Barn Paint

We put it up to you on its merits. The formula tells you it contains more oil than any other.

The free sample shows you what it will do.

The guarantee insures its wear.
