

GRAND ISLAND GOT SHOOT

Alliance Boosters Did Good Work but Lost by Only Six Votes

Although they did all in their power to bring the 1916 state shoot to Alliance, the boosters who went to North Platte from here saw it go to Grand Island.

The three towns competing were Grand Island, Columbus and Alliance. On the first ballot Grand Island received 25 votes, Columbus 15 and Alliance 20. At the second ballot, Columbus delegates threw their support to Grand Island, Alliance still holding her former figure, but losing out. Had Alliance received 26 votes, or a majority, Grand Island would have given us their support, having signified their intention to do so in that event before the ballot was taken.

E. G. Laing, Ray Reddish and Ray Stansberry were the Alliance representatives, and he it said for them, they spared nothing honorable in their efforts to land the shoot. All three are boosters in all that the name implies. They went from Alliance with several hundred invitation badges and an urgent invitation from the Commercial Club, but Grand Island had the advantage in numbers. However, Alliance has landed most of the other notable conventions, and while we would have shown the shooters a fine time and wanted them to come, we cannot expect to get all the good things.

NEIGHBORLY ADVICE

Freely Given by Alliance Citizens
When one has suffered tortures from a bad back and found relief from the aches and pains, that person's advice is of untold value to friends and neighbors. The following neighborly advice comes from an Alliance resident.

Mrs. J. E. Whaley, 422 E. Oregon St., Alliance, says: "Over three years ago my kidneys became badly disordered and the kidney secretions were unnatural. Whenever I stooped, sharp pains darted through my loins and it was hard for me to straighten. I tried many remedies, but all failed to help me until I used Doan's Kidney Pills. They brought relief in a short time and I continued using them until I was free from kidney complaint. I have had no reason to change my high opinion of Doan's Kidney Pills since I recommended them some years ago."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Whaley had. Foster-Milburn Co., Props., Buffalo, N. Y.

OPENS REAL ESTATE OFFICE

W. S. Acheson Is Now Located in Norton Building—Will Handle Insurance

In order that he may be well prepared to handle his real estate business, together with insurance, W. S. Acheson has opened an office on the second floor of the Norton building, over Harper's store.

While he has handled land for several years past, Mr. Acheson has not had the proper facilities to give the work his entire attention on account of working in the Acheson hardware store, which recently changed hands.

Mr. Acheson is a "live wire", and there is no doubt but that he will do a good business in his new location. In the past he has conducted a number of large deals in this part of the state, and now that prospects for a good crop are so bright, the coming year should bring him even greater business.

How Mrs. Harrod Got Rid of Her Stomach Trouble

"I suffered with stomach trouble for years and tried everything I heard of, but the only relief I got was temporary until last spring I saw Chamberlain's Tablets advertised and procured a bottle of them at our drug store. I got immediate relief from that dreadful heaviness after eating and from pain in the stomach," writes Mrs. Linda Harrod, Fort Wayne, Ind. Obtainable everywhere.

NEW CASES FILED

Two More Added to the List During the Past Week to Come Up at June Term

The case of Wm. H. Sulzbach vs. Chas. E. Wiltsey, which involves a threshing bill of \$66, and which was tried in the county court several weeks ago with a verdict in favor of the plaintiff, has been appealed to the district court and will be tried at the coming term. It will be remembered that Sulzbach sued Wiltsey for the above amount, which he claimed was due him for threshing for the defendant. At the same time, Wiltsey filed a cross-petition for a similar amount, claiming that Sulzbach had refused to thresh for him last year, but he lost out entirely.

The second case is that of Etta B. Walker vs. Chas. E. Wiltsey, in which the plaintiff is bringing suit for a nursing bill to the amount of \$19.50, which she claims is due her by Wiltsey for caring for his children during a severe spell of sickness last December. This case was appealed from justice court.

BREAKING COLTS

(Continued from page 1)

Barnes the colt is ready to be hitched to the wagon or cart, single or double.

Breaking to Drive Double.

A gentle horse should be chosen for a team mate in breaking double, and preferably one that the colt knows. After he has been familiar-

ized with the wagon and its noises, the horse and colt are hitched to the wagon. Prevent the wagon from running up on the team. Only short distances are driven at first, and as the colt gets over his fear the wagon is driven in circles a few times. A short stay chain on the old horse will make it possible for him to start the wagon alone. The drive may be increased in length until the colt is broken.

In breaking the colt to drive single an open bridle is used. After the colt has examined the rig, which is usually a two-wheeled breaking cart with long shafts, the shafts are raised and the rig drawn in place. If the colt is one which may kick or try to run, trip ropes are put on. The trip rope consists of a strong surcingle, four two-inch iron rings, two straps to go around pasterns, and a rope about 25 feet long. The two rings are fastened on the underside of the surcingle and the straps put around the front feet. An end of the rope is run through the ring on the near feet, up and through the side surcingle ring, down, and tied to the off foot. A pull on the rope when the horse steps will bring him to his knees, which should always be padded provided the ground is not soft.

When the horse is hitched, the driver gets in the rig and the assistant leads the colt. He is started quietly, driven a few steps, stopped and petted. This is repeated until the colt is handled without being frightened. The assistant is then dismissed, so that the colt's attention will not be divided between two parties. Before the colt is driven on busy highways, he should be "city broke."

AUTOS MUST KEEP OFF

Warnings Being Placed on Race Track so That It Will be in Condition for Races

This week the fair association have had a number of sign boards painted which bear the legend: "Please keep autos off the track," the purpose of which is to keep the track in good condition for the races during the Stockmen's Convention.

There is a tendency among many auto owners to "see how fast their machines will go," and when they see a race track in good condition they desire to try it out. They are of the opinion that their racing will do no harm, but this is decidedly not the case if horses are to use the track afterwards. Thme autos remove the loose packing on the surface, which surface dirt is so necessary to horse racing, and when the poines come on and run, there is great danger of them receiving sprains from the hard track.

To this end the fair association have installed the signs, and all auto owners are asked to curb their desire for speeding until after the convention next month.

GOOD SUGGESTION TO ALLIANCE PEOPLE

It is surprising the amount of old, foul matter the simple mixture of buckthorn bark, glycerine, etc., known as Adler-I-ka, drains from the system. This remedy became famous by curing appendicitis and acts on BOTH the upper and lower bowel so thoroughly that ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. We are mighty glad we are Alliance agents for Adler-I-ka. H. THIELE, Druggist.
