

NOTABLES WILL BE HERE

Prominent Men of the State Will Be Here During the Stockmen's Convention

Robert Graham received a letter this week from Dr. Chas. B. Lee, of the state university, stating that he would be here on one of the convention dates, and at that time would deliver an address on an appropriate subject.

As both Senator Hitchcock and Governor Morehead have signified their intention of attending at least one day, this brings the number up to three, and it is probable that several other state officials will be here.

part of whom have already declared they would be here if nothing unforeseen occurs.

Dr. Lee is a speaker of note, and his turn on the program will be awaited with interest.

BOYS' AND GIRLS' CLUB CONTEST

County Contest to Be Held in January—Twenty-five Cash Prizes Offered

The annual county contest of the Boys' and Girls' Clubs of Box Butte county will be held in January. This will be the first contest of this kind ever held in the county. This contest will decide who is to represent the county in the state contest held during the latter part of January. The winner of each club contest will represent the county in that club contest of the state. The winner of the state club contest will represent the state in the national contest.

Twenty-five cash prizes will be offered in the county contest, of which five cash prizes will be offered in the Potato Club contest, and four in each of the following contests: Pig, Gardening and Canning, Sewing, and Cooking Clubs.

The objects of the Boys' and Girls' Club work, and the rules governing the same, have been discussed in previous issues of the county papers. The main object is to interest the boys and girls in agriculture, and home economics. That is to make them see greater things in the county in which they live.

The Club work is carried on under the supervision of the U. S. Department of Agriculture, the Nebraska College of Agriculture, and the county schools. So a member of a club is a member of all of the different branches of that club in the United States. Last year, a Dawes county boy won the state Potato Club contest, and a Dawes county girl won the state, and fourth place in the national, contest of the Gardening and Canning Clubs.

Club membership is open to any boy or girl of the county, between the ages of ten and eighteen years. Parents are urged to give encouragement to their boys and girls desiring to enter the clubs. Those desiring to enroll or wanting further information regarding the clubs, and club rules, send your names to the county superintendent, or enquire of the county superintendent. Please state in what club you wish to enroll. Enrollments as club members should be in by June 1.

OPAL RUSSELL, Supt. of Schools, Box Butte County, and County Leader of Boys' and Girls' Clubs.

F. M. SEIDELL, County Agricultural Agent, and Agent of U. S. Department of Agriculture, and assistant Leader in Boys' and Girls' Club Work.

Farmers' Meeting

The regular monthly meeting of the Box Butte Farmers' Association will be held in the assembly room of the court house, Friday, May 28, at 2 p. m. R. R. Spafford, of the U. S. Department of Agriculture, Bureau of Farm Management, will give an illustrated lecture on "The Farmer's Income". All officers, directors,

members, and others, are urged to be present.

F. M. SEIDELL, County Agricultural Agent, and Agent of U. S. Department of Agriculture.

WHITE MAN WITH BLACK LIVER

The Liver is a blood purifier. It was thought at one time it was the seat of the passions. The trouble with most people is that their Liver becomes black because of impurities in the blood due to bad physical states, causing Biliousness, Headache, Dizziness and Constipation. Dr. King's New Life Pills will clean up the Liver, and give you new life. 25c at your Druggist. Adv.—No. 3

FINE SEED POTATOES

Have a car of Minnesota Red River Ohio seed potatoes ordered. They are free from scab and dry rot. Each farmer should get enough to plant five acres this year. It will not cost you much to get enough for five acres and it will pay you big to get pure seed that command a better price on the market when you raise them to sell. I have given Mr. Seidell a sample of this seed. Ask him his opinion on this seed and to show you the sample. Place your order with me at once for your amount. Delivered price if taken off the car is 90 cents per bushel sacked.

Rules

Each car should be well supplied with oil, gasoline and extra tire and tubes, before starting.

In case of puncture, blow-out or other accident the driver will pull out to the roadside and the next two cars will assist him while the other cars following will continue the journey. The three cars will then resume the trip and overtake the procession as soon as possible.

The average speed will not exceed twenty miles an hour. Maximum speed is not to be more than twenty-five miles an hour and then only after delay. The distance between two cars when traveling will not be less than 300 feet.

These rules to govern in all four trips.

These showers that disappear by 3:30 in the afternoon show that the weather man likes baseball.

"Out of a Job"

You don't have to be everlastingly watching the "want" columns if you have the knowledge that not only puts you in a good position, but that also keeps you there at a steadily increasing salary.

It's not a question of being a walking encyclopedia, but of having the sound, practical training that makes you an expert at your chosen calling—that brings you a good salary year in and year out—that puts you first on the promotion list and last on the "laid-off list"—that keeps your position safe and sound while other caps are going the rounds looking for work.

The International Correspondence Schools, of Scranton, deal in training for higher salaries. The I. C. S. comes right to your home and makes you an expert—whether you're sixteen or sixty—whether you live one or one thousand miles away—whether you're an outside or an inside man. Does it in your spare time, without requiring you to buy a single book. To learn how the I. C. S. can help you, mark the attached coupon and mail it today. No charge for the information and advice it brings.

A Good Position and More Money

Not a dollar or two more, but your salary doubled, trebled, quadrupled. That's the kind of success thousands of poorly paid men and women have already won through I. C. S. help. On an average 400 students every month voluntarily report salaries increased and multiplied as the direct result of I. C. S. help.

Mail the coupon NOW.

Refrigerator Time

OUR LINE IS WORTH WHILE

Some people have the idea that just because a refrigerator, or in fact any other article of furniture, is "second hand", it has outlived its usefulness. This is most emphatically not the case. Often times people sell practically new refrigerators simply because they do not care to ship them to another location on account of the freight and because they are always damaged somewhat in shipping. We have several refrigerators on hand that are just as good as new, and we are

SELLING THEM CHEAP

Why pay a high price for a refrigerator when it is probable that you will use it only one season? Our refrigerators are the best makes on the market. We ask the privilege of showing them to you, for we are sure we can suit you.

And remember that we carry many other lines of second hand furniture and furnishings, some of which cannot be told from new.

Over 90 per cent of Business Men Fail

Men fail in business because they do not know the game. They lack system and a thorough knowledge of their business. The reason why so many would-be farmers fail is because they know little or nothing of the science of farming. They think anybody can farm and then are surprised to find that their crops will not grow. The farmer who is always behind, who always has bad luck with his crops, is the man who farms by guess and trusts to luck. If he were in the mercantile business he would be in the hands of a receiver within a year. He is a failure but he hangs on because the poorest farmer can get a living out of the land if he only plows and sows the seed.

An Agricultural Education

The first thing a young man who intends to go into business should do is to take a course in a business college. Here he can become familiar with the first principles of business, without which he will fail. The first thing a man who expects to farm should do is to take a course in an agricultural college, if he can, but if he has not the time or the money to spend in a two-year course, he can get the same instruction at home by taking a course in the Campbell Correspondence School of Soil Culture. Everything is furnished—books and all—at a very slight cost, and the best thing about it, he does not have to leave the farm or his work.

He can choose from the following courses:

Soil Improvement Course	Cereal Culture Course
Horticultural Course	Dry Farming Course
Small Farming Course	Farm Engineering Course
Soil Tillage Course	

Summer is the time to study agriculture, and the farm and garden is the laboratory in which to work out the problems. Don't wait for fall or winter to begin, but get busy now. You will learn more in one summer applying your instruction in the fields than in a dozen winters sitting by the fire. Send for our catalog Number 3. It will not cost you a cent.

GOOD FURNITURE IS ALWAYS CHEAPEST

It never pays to buy cheap, shoddy furniture, for you afterwards regret it. What is as pleasing as a room furnished tastily with attractive furniture and fixtures? One article of furniture may spoil the entire effect of a room arrangement on account of being worn out or of shabby appearance.

We can furnish the house from cellar to garret, and we guarantee our goods to be the best on the market, and at prices that make it economy for you to anticipate your needs for months ahead. All the new, sensible styles, of pleasing appearance and high grade quality.

The fact that we turn our stock rapidly is responsible for our always carrying the latest models of everything in the housefurnishing line. It matters not whether you want a dresser, bedstead, rug, refrigerator, porch swing, buffet, rocking chair or dining chair, we can serve you. It is always a pleasure to show goods.

Rats Don't Eat Safe Home Matches

Rats don't eat Safe Home Matches. They can't be made to eat them. That's been proved. Safe Home Matches are made of ingredients which, although non-poisonous, are obnoxious

to rodents. Safe Home Matches light easily, but not too easily. They are safe—safe and sure. Sticks are extra long—extra strong. They cost no more than other brands of matches.
