Removes blackheads, clears the blood, brightens the eye, sweetens the whole system, beautifies from the inside. Nothing helps make a pretty face, winsome smile, as Hollister's Rocky Mountain Tea. Try it tonight. 35c. H. F. Thiele.

GRANDMA NEVER LET HER HAIR GET GRAY

Kept her locks youthful, dark, glossy and thick with common garden Sage and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Hair Remedy." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling. Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.

KNOW THY COUNTRY

I—Introductory

"Know America" is a slogan that should ring out from every school room, office, farm and shop in this nation. No man can aspire to a higher honor than to become a capable citizen, and no one can merit so distinguished a title until he is well informed of the resources, possibilities and achievements of our country.

This is a commercial age and civilization is bearing its most golden fruit in America. We are noted for our industrial achievements as Egypt was noted for her pyramids; Jerusalem for her religion; Greece for her art; Phoenicia for her fleets; Chaldea for her astronomy and Rome for her laws. Likewise we have men who will go down in the world's history as powerful products of their age. For, standing at the source of every gigantic movement that sways civilization is a great man. The greatest minds travel in the greatest direction and the commercial geniuses of this age would have been the sculptors, poets, philosophers, architects, and artists of earlier civilizations.

As Michael Angelo took a rock and with a chisel hewed it into the image of an angel that ever beckons mankind upward and onward, Hill took the desert of the Northwest and with bands of steel made it blossom like a rose, dotted the valleys with happy homes and built cities in waste places.

As Gutenberg took blocks of wood and whittled them into an alphabet and made a printing press that flashed education across the continent like a ray of light upon a new born world, McCormick took

a bar of iron and bent it into a reaper and with one sweep of his magic mind broke the shackles that enslaved labor of generations yet unborn, and gave mankind freedom from drudgery, and lifted the human race into a higher zone of life.

As Nelson organized the English navy and made England mistress of the sea, enabling the British Isles to plant her flag upon every continent washed by the ocean's waves, and to make footstools of the Islands of every water, Morgan organized a banking system that has made America master of the world's finances, brought Kings to our cashier's windows, the nations of the earth to our discount desks and placed under the industries of this nation a financial system as solid as the Rock of Gibraltar.

There is no study quite so interesting as progress; no sound so magic as the roar of industry and no sight so inspiring as civilization in action. A full realization of America's part in the great events of the world past, present and future will thrill every human heart with pride, patriotism and faith in Republican institutions.

Through the courtesy of the Agricultural and Commercial Press Service, the readers of this paper will be permitted to study America; her agricultural, manufacturing and mineral development, mercantile, banking and transportation systems which are the wonder of the world. The first article of the series will deal with transportation and will appear at an early date.

Killing Prairie Dogs

Is your land infested with prairie dogs? Is your range damaged and your crops endangered with this pest? For thirty-five years I have been killing these pests with a method of my own that does the work quickly and surely. My outfit will operate in western Nebraska during the coming season.

Anyone desiring the prairie dogs on their land killed should communicate with me without delay. My contract price for the work is only thirty-five cents per acre and I charge only for the ground that is infested with the dogs. I will sell the rights for this business for this part of Nebraska to any reliable person or persons.

Call on or write me at the Nebraska Rooming House, in Alliance. If I am not there you can see my representative. Or call at The Herald office and they will locate me for you.

Arrangements are being made for good music and entertainment. Your friends will be there. YOU must not miss it. Remember that just for writing your name in our guest-book, you will receive 50 Booster Coupons, which you may keep or give to one of your Booster friends.

Remember that we said we were going to give away five Elgin Gold Watches? Well, Warren Lotsepich is wearing one of them, for finding the Booster Button. The others will be given during the next eighteen weeks in the following way:

One watch will be given at the end of each four consecutive weeks after the count on Monday, June 7th, to the Booster who casts the most Booster Coupons during the period of four weeks. All coupons cast in these contests count on the Grand Prize for the best Booster in the Booster Club campaign, but all Boosters start even in each watch contest of four weeks; thus each Booster, high or low in the club, has the same opportunity in each watch contest. Any Booster having won a watch from the store will not be allowed to enter the following watch contests.

In case of a tie the premium will be sold and the money divided.

The first Watch Contest is from Monday, June 7th, to Monday, July 5th.

Next Monday the first count of Booster Coupons will be made. Help our favorite to stand high.

The Booster club can be made a source of pleasure and entertainment for your patrons and friends. We want you to feel, and make your friends feel, that our store is your headquarters.

We expect to have a musical entertainment every Saturday afternoon and evening to which everybody is cordially invited. Each Booster will have an opportunity to furnish the entertainment, either personally, or through some of her friends or patrons. The names of those furnishing the entertainment will be announced in advance. Come in and have us tell you more about it, and save a date for you.

On Wednesday of next week will be the first Patron Club Sale. The leader, or Patron's Special, will be: \$1.00 Cap for 50c; and a Lightweight Overall for 45c.

PATRONS, beginning with next Monday's count of coupons, the race will be on for the weekly prizes of beautiful silverware. Come to the store and see them. Talk it over with your Booster.
