

BOARD PROCEEDINGS

Minutes of Meetings Held by Board of Commissioners of Box Butte County Last Week

Alliance, Nebr., June 1, 1915. The Board of County Commissioners met pursuant to adjournment. Officers present: J. M. Wanek, chairman; C. L. Hashman and Geo. W. Duncan.

Bids on file with the county clerk for the construction of sidewalk, according to plans of the county engineer, were opened and contract awarded to J. J. Vance, he being the lowest bidder.

Certain pauper cases were investigated and the board adjourned until tomorrow morning, June 2nd, 1915, at 9 o'clock.

Alliance, Nebr., June 2, 1915.

The Board of County Commissioners met pursuant to adjournment. Officers present: J. M. Wanek, chairman; C. L. Hashman and Geo. W. Duncan.

The day was spent by the board with Prof. L. W. Chase, of the Nebraska State University, investigating the proposition of an experimental irrigation well as provided by the act of the 1915 legislature.

Whereupon the board adjourned until tomorrow morning, June 3rd, 1915, at 9 o'clock.

Alliance, Nebr., June 3, 1915.

The Board of County Commissioners met pursuant to adjournment. Officers present: J. M. Wanek, chairman; C. L. Hashman and Geo. W. Duncan.

 The ball game Sunday between Alliance and Bridgeport, which was

HEAD STUFFED FROM CATARRH OR A COLD
 Says Cream Applied in Nostrils Opens Air Passages Right Up.
 Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.
 Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.
 It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

For Women Who Think!
 You are interested, almost as much as we are, in extending the use of the Safe Home Match.
 It is the most reliable, the most efficient and the safest match that can be made. It is absolutely non-poisonous. It is made under conditions that forever do away with one of the worst of occupational diseases. It removes a poison from the reach of children in American homes.
 We ask you to use this new non-poisonous match and to urge others to do likewise.
 See All grocers, Ask for them by name.
The Diamond Match Company

played on the Bridgeport diamond, resulted in a score of 6 to 1, in favor of the "foreigners". Alliance played some good ball, but was outclassed in every way. Bridgeport has a fast bunch of fellows, some of them formerly connected with the state league. In addition, our boys have had but little practice, and they did exceptionally well to keep Bridgeport down to 6. Those who composed the Alliance team were McNulty, Pfanning, Stockwell, Myers, Abege, Pfanning, Nation, Register, and Hart.

OLDER BUT STRONGER
 To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.
 To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.
 Scott & Bowne, Bloomfield, N. J.

ADVICE ABOUT YOUR EYES
 It is necessary that you know how to buy glasses intelligently. It is equally necessary to know where and from whom to buy them. After an experience of several years, we have kept in close and active association with many people we have treated for eye defects, and have as yet to find one complaint due to inefficient work. The proper lenses, with correctly fitted mountings, are essential to proper results.

Over 90 per cent of Business Men Fail

Men fail in business because they do not know the game. They lack system and a thorough knowledge of their business. The reason why so many would-be farmers fail is because they know little or nothing of the science of farming. They think anybody can farm and then are surprised to find that their crops will not grow. The farmer who is always behind, who always has bad luck with his crops, is the man who farms by guess and trusts to luck. If he were in the mercantile business he would be in the hands of a receiver within a year. He is a failure but he hangs on because the poorest farmer can get a living out of the land if he only plows and sows the seed.

An Agricultural Education

The first thing a young man who intends to go into business should do is to take a course in a business college. Here he can become familiar with the first principles of business, without which he will fail. The first thing a man who expects to farm should do is to take a course in an agricultural college, if he can, but if he has not the time or the money to spend in a two-year course, he can get the same instruction at home by taking a course in the **Campbell Correspondence School of Soil Culture**. Everything is furnished—books and all—at a very slight cost, and the best thing about it, he does not have to leave the farm or his work.

He can choose from the following courses:
 Soil Improvement Course Cereal Culture Course
 Horticultural Course Dry Farming Course
 Small Farming Course Farm Engineering Course
 Soil Tillage Course

Summer is the time to study agriculture, and the farm and garden is the laboratory in which to work out the problems. Don't wait for fall or winter to begin, but get busy now. You will learn more in one summer applying your instruction in the fields than in a dozen winters sitting by the fire.
 Send for our catalog Number 3. It will not cost you a cent.
