

**Cooperation in Nebraska Soil Survey**

Washington, D. C., June 16.—The Division of Soils of the University of Nebraska is cooperating this season with the United States Department of Agriculture (in soil surveys) of Dawes, Polk, Richardson and Washington counties. Four men from the University and four men from the Federal department are taking part in the work. Under the cooperative arrangement adopted for these soil surveys, each pays the salaries and expenses of its own men while the federal government bears the expense of inspecting the work and publishing the report for each county.

This report will be accompanied by a large map showing in colors the location of the various kinds of soils with reference to roads, schools, churches, watercourses and other features of the county. The nature of the soils, their adaptability for various crops and suggestions for the most advantageous use of fertilizers will also be discussed in detail, together with full information on ex-

isting agricultural conditions. Several months will be required to prepare the report and map after the survey has been completed.

In view of the records made by Zeppelin, a proposal to suspend aer-

ial warfare might meet with more favor from Germany than a proposal to suspend submarine warfare.

**OLD-TIME COLD CURE — DRINK HOT TEA**

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.
